Independent Electrical
Contractors, Inc.

March 19, 2015

Electrical Board
State of Utah
Heber M Wells Building
Salt Lake City, Utah 84123

Board Members and Esteemed Colleagues,

The Board of the Independent Electrical Contractors would like your clarification on an important issue.

As you are most likely aware, the Bill that would update the State to start using the 2014 National Electrical Code did **not** make it through the Legislative process.

In anticipation of the 2014 NEC being accepted, all of our textbooks and student guide materials have already been updated to the 2014 NEC. We request that we be allowed to proceed with teaching the updated code as we feel we should instruct utilizing the most up to date material possible.

We are also working with Senators and Representatives to remedy this problem as soon as possible. Possibly, Governor Herbert will call a special session of the Legislature to tackle the "Health Care" issues that were also not resolved during this session. If this "special session" is called, we will be in the position to have legislation ready to be passed that will adopt the 2015 National Electrical Code. Otherwise, we will have to wait until next year's session to remedy this issue.

Thank you for your time and consideration,

Board of Directors
Independent Electrical Contractors of Utah
7044 Commerce Park Drive
Midvale, Utah 84047
