Form Status: Editable

Form Instructions

Submit Election Procedure, Council Membership, Principal Assurance, and School Website Posting requirements below, as applicable. See the [SLT Training Resource Page](#) for training resources.

Form History

No history available yet.

Council Type

Which body serves as the Charter Trust Land Council?

- ☒ **Board Council:** The school's Governing Board serving as the council. This requires the Board to have an existing two-parent majority without altering its membership.
- ☐ **Charter Council:** A council elected separately from the Governing Board, composed of parents and school employees.

UPDATE SECTION

Planned Council Size

Enter the Board's membership, indicating whether each Board member has a student(s) actively enrolled.

Member Category	# of Members
Governing Board Members with a student(s) enrolled at the school	1
Governing Board Members with NO student(s) enrolled at the school	4
Non-Voting Member(s) (Director, Principal, Secretary, Admin. Assistant, etc.)	2

COUNCIL SIZE

5

⚠ Board members with student(s) enrolled must be at least 2 greater than those without student(s) enrolled.

Summer Lunch Program 2026

Dear Director Alaiasa,

Thank you for your assistance and cooperation during the Seamless Summer Option (SSO) Review of the Child Nutrition Programs at Pacific Heritage conducted on June 30, 2026. Your program's final response to corrective action items was determined complete and satisfactory on August 11, 2026.

The School Food Authority (SFA) did not receive any corrective action that resulted in fiscal action being calculated. As a result, the SFA does not have any fiscal action.

It was a pleasure to visit your program. We appreciate the efforts made to be compliant with program requirements. This review is now closed. If you need further assistance or have questions regarding this review, please feel free to call your assigned specialist at 801-538-7624 or email at samantha.velazquez@schools.utah.gov. Thank you again for your assistance.

Sincerely,

Leah Voorhies, PhD
