

12.300.317 WATER AND SEWAGE REQUIREMENTS

In all cases where a proposed building or proposed use will involve the use of sewage facilities, and connection to a public sewer system as defined by the Utah State Division of Environmental Health is not available, and in all cases where a connection to a public water system approved by the Utah State Division of Environmental Health is not available, the sewage disposal and the domestic water supply shall comply with the requirements of such Division and of the local board of health. The application for a building permit shall be accompanied by a certificate of approval from said Board or Division.

In-City Connection Required. No connection to the City's public water system or public sewer system shall be made, permitted, or approved for any property located outside the corporate limits of Enoch City. All water service connections and sewer service connections shall be limited exclusively to properties located within the City limits, and the City shall not extend, install, or approve any water or sewer connection serving property outside the City's boundaries.

14.100.150 SERVICE OUTSIDE MUNICIPALITY

No connection to the Enoch City public water system shall be made, permitted, or approved for any property located outside the corporate limits of Enoch City. Water service, service lines, and main extensions shall be provided only to properties located within the City's corporate limits, and the City shall not install, extend, or approve any water connection serving property outside the City's boundaries.

~~14.100.151 SUPPLY OF WATER SERVICES TO PERSON OUTSIDE THE MUNICIPAL LIMITS~~

~~The municipality may furnish water service from its water system to persons outside the municipality in accordance with the provisions of this part.~~

~~14.100.152 PETITION FOR SERVICE~~

~~Any person located outside the municipal limits, who desire to be supplied with water services from the municipal water system and is willing to pay in advance the whole expense of extending the water system to his property, including the cost of extending any water main beyond its present location, may make application to the governing body by petition containing:~~

~~A. — A description of the proposed extension.~~

~~B. — A map showing the location thereof.~~

~~C. — An offer to pay the whole expense incurred by the municipality in providing such extension and to advance such expense as shall be verified to by the water superintendent. The governing body and the person or persons seeking such extension may enter into an agreement providing in detail the terms under which the extension may be utilized by others in the future~~

~~and the terms under which all or any portion of the cost of installing such extension may be refunded.~~

~~D. — An acknowledgment that the municipality in granting the petition need supply only such water to the petitioner which from time to time the governing body deems beyond the requirements of water users within the municipal limits, and that such extension shall be the property of and subject to the control of the municipality.~~

~~14.100.153 EXTENSIONS MAY BE MASTER METERED~~

~~When an extension supplying more than one house or user outside the municipal limits is connected to municipal water mains, the water superintendent may require a master meter to be installed near the point where the connection is to be made to the municipal main. This installation will be at the expense of the persons served by such extension according to the regular rates for meter installation. Responsible parties must agree to pay all bills for water served through the meter at the applicable water rates.~~

14.200.205.3. Except as hereinafter ... the disposal of wastewater.

14.200.205.4. The owner(s) of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes, situated within the City or ~~County, or~~ located above the cities aquifer within the well head protection area, is hereby required, at the owner(s) expense, to install suitable sewer facilities directly to the public sewer in accordance with the provisions of this ordinance, within sixty (60) days after date of official notice to do so, provided the sewer is within three hundred (300) feet of the owner's property line, or in the case of a subdivision, provided the sewer is within a lineal footage that is calculated to be equal to or less than the number of lots of the subdivision times three hundred (300) feet, of any boundary of the subdivision. The owner(s) will then be charged a monthly sewer fee upon issuance of the certificate of occupancy.
