I, the duly appointed City Recorder for the City of North Salt Lake, certify that copies of the foregoing agenda were posted on the Utah Public Notice Website: <https://www.utah.gov/pmn/>, City's Website: <https://www.nslcity.gov>, and at City Hall: 10 East Center Street, North Salt Lake.

Date Posted: September 3, 2026

Wendy Page, City Recorder

CITY OF NORTH SALT LAKE
TRAILS AND ACTIVE TRANSPORTATION COMMITTEE MEETING
CITY HALL 10 EAST CENTER STREET, NORTH SALT LAKE
JULY 14, 2026

DRAFT

PRESENT: Brent Crowther
Pedro Huebner, Vice Chair
Ted Knowlton, City Council
Ryan Oakes, Chair
Kyle Poulter
Peter Wirthlin

STAFF PRESENT: Jon Rueckert, Public Works Director; Ali Avery, Long Range Planner.

1. WELCOME AND INTRODUCTIONS

Ryan Oakes, Chair, called the meeting to order at 6:02 p.m.

2. PUBLIC COMMENT

There were no public comments.

3. APPROVAL OF MINUTES

The Trails and Active Transportation Committee meeting minutes of May 12, 2026 were reviewed and approved.

Committee Member Huebner moved to approve the minutes of May 12, 2026 as written. Committee Member Poulter seconded the motion. The motion was approved by Committee Members Crowther, Huebner, Oakes, Poulter, and Wirthlin.

4. STAFF UPDATES

Ali Avery reported on the Trails Master Plan and shared that the recommendations survey was active until July 17th and encouraged the Committee to respond. She added that the survey was advertised through the City's social media and was emailed to those who had signed up for the first survey. She then said the final Trails Master Plan draft would be ready for review between September 7th through the 18th. She explained that the City was amending the scope of work for

the Trails Master project to include Salt Lake City's portion for the north foothills. Ms. Avery noted that this would speed up the overall approval process through the Forest Service and allow for the plans to be adopted at the same time followed by jointly applying for NEPA.

Ali Avery reported on the Wild Rose to Bonneville Shoreline Trail (BST) Connector and said the City had signed a contract with the State for grant funding. She was waiting for a follow up from the Forest Service related to field survey work prior to design. She then provided an update on the South Davis Greenway feasibility study with a demonstration event on June 26th at the South Davis Recreation Center. She shared that the final draft review period had been completed.

Brent Crowther added that the review period had been extended to allow more time for staff to input comments. Ali Avery said the City Council would review the South Davis Greenway feasibility study and consider adopting it on August 18th.

Jon Rueckert shared the updated Wild Rose Trail signage and asked for any feedback. He noted that he would be ordering the signage if there were no concerns. The Committee suggested revising the "no tracks" sign to include verbiage.

5. CITY COUNCIL UPDATES

Councilmember Knowlton commented that he would share any items with the City Council at the request of the Committee.

Peter Wirthlin suggested an update on the Trails Master Plan including that the Trails Master Plan recommendation survey would close on July 17th and a draft would be presented to the City Council, likely in October. He said this update could also include a request for an interlocal agreement with Salt Lake City for Council approval.

6. COMMITTEE MEMBER DISCUSSION ITEMS

a. WILD ROSE TERMINOLOGY/NAMING

Peter Wirthlin said this item was at his request and spoke on naming trail segments to facilitate maintenance.

Ali Avery suggested a public naming contest for the trails. Peter Wirthlin said this could be accomplished through a community survey.

Ali Avery suggested placing QR codes at trail sections and requesting names. She said the Committee could then make a decision based on the public suggestions.

Councilmember Knowlton asked if there was a list of residents that were interested in active transportation. Ali Avery replied that she had compiled a list of volunteers from the cleanup events and those who signed up to receive updates on the Trails Master Plan.

b. COORDINATION OF FUTURE EVENTS

The Committee reviewed potential upcoming trail events in August and September including the Springhill Geologic Park Summer Trail Series on August 22nd. They canceled the August trail cleanup event.

Kyle Poulter asked when work would begin on the BST Connector. Ali Avery replied that there would need to be design, flagging, and Forest Service approval prior to commencing work. She anticipated October as the earliest date.

Peter Wirthlin asked about the Trail event stickers. Ali Avery replied that the Health and Wellness Committee was creating the stickers which were not ready at this point.

The Committee also discussed cleanup events related to the September 11th (9/11) Day of Service, the Jordan River/boat ramp area, and the Legacy Bike Trail. Ali Avery noted the Get to the River event was in September and suggested any cleanup events in that area be submitted to the official Get to the River calendar. She explained that there was an actual river cleanup with canoes or trail/boat ramp cleanup.

Peter Wirthlin was in favor of a cleanup event for the Porter's Landing boat ramp area and the paved trail along the Jordan River (not the Legacy Trail). Ali Avery confirmed that the City was responsible for the maintenance of the Jordan River Trail. She noted that Chevron would help to clean the area south of the Pony Express RV Resort during the Get to the River Festival month.

Pedro Huebner suggested starting at the Porter's Landing boat takeout and heading south bordering the Jordan River. Ali Avery also suggested weed pulling at Porter's Landing as well.

The Committee determined the 9/11 Day of Service event would be from 8 a.m. to 10 a.m.

c. TRAILS/ACTIVE TRANSPORTATION INVENTORY

Ryan Oakes reported that he had been reviewing every trail and active transportation (bike lanes, etc.) amenity in the city. He commented that there was a large list and asked what the Committee was responsible for. He shared his list including dirt trails, paved trails, the original paved BST, the loop at Tunnel Springs Park, Eagleridge Drive, active transportation lanes, and lane on Redwood Road. He spoke on compiling a list of trails/active transportation in the city and determining plans for maintenance or retirement.

Councilmember Knowlton spoke on an action plan compared to the existing status and closing the gap.

Pedro Huebner mentioned that Ali Avery had a database of trails and bike lanes that the City recognized and using that as a starting point. He asked about obtaining opinions and recommendations from the Committee. Kyle Poulter replied affirmatively about comparing the list and then making improvements.

Ryan Oakes said the completed list would help with naming and identifying amenities and then promoting them for the public.

d. ADOPT A TRAIL/STEWARDSHIP PROGRAM

Ryan Oakes spoke on the Adopt a Trail/Stewardship Program and residents wanting to be involved. He suggested an advisory or subcommittee that could be engaged to help or spread the word.

Councilmember Knowlton mentioned surveying those on the list and determining what they were interested in doing whether it was a trail cleanup or event participation, etc. He also said this may include involvement in the South Davis Greenway or attending City Council meetings related to trails such as the Trails Master Plan review.

The Committee discussed how this would allow for more public engagement in the Trails Master Plan, clarifying acceptable activities or design at cleanup events, and input on trail naming. They also reviewed the Adopt a Trail/Stewardship programs in Bountiful and Salt Lake City including appointing residents as advocates for trails, preparing guidelines for trail cleanups outside of Committee or City sponsored events.

e. OTHER ITEMS AS NEEDED

Councilmember Knowlton suggested an annual review of the mission document and determining goals for the year. Jon Rueckert replied that this would be helpful for the City Council report in January/February.

The Committee also discussed utilizing the trails/active transportation inventory and the Utah Trail Network Master Plan and other opportunities to advocate for implementation. This included determining the gap between existing and future plans with an attached funding source and could even include the safe to school initiative or connecting parks.

Councilmember Knowlton invited the Committee to attend the City Council meeting on August 18th related to the South Davis Greenway.

Jon Rueckert provided an update on the safety issues related to the Foxboro Wetlands Trail. He said that staff would share options with the City Council during their July 21st meeting.

7. DISCUSSION ON FUTURE AGENDA(S)

- Staff updates
- City Council updates
- Committee Member Discussion items:
 - Trails/active transportation inventory (Ryan-compare lists)
 - Safety related to bike lanes/signage (Pedro)
 - Wild Rose terminology/naming
 - Coordination of future events
 - 8/22 Summer Trail Series Springhill Geologic Park
 - 9/11 Day of Service
 - 9/12 Get to the River Event
- Adopt a Trail/Stewardship Program
- Other items as needed
- Discussion on future agenda

8. ADJOURN

Committee Member Crowther moved to adjourn the meeting. Committee Member Wirthlin seconded the motion. The motion was approved by Committee Members Crowther, Huebner, Oakes, Poulter, and Wirthlin.

191 The meeting was adjourned at 7:00 p.m.
