

UTAH VALLEY UNIVERSITY  
2015-16 Tuition Increase  
Prepared for Board of Trustees  
March 26, 2015

First Tier Tuition Increase

UVU anticipates the Board of Regents will consider a 3 percent first-tier tuition increase for all resident and non-resident, undergraduate and graduate students in USHE. The revenue from this increase will aid institutions in responding to employee compensation, health care cost increases, and other institutional priorities.

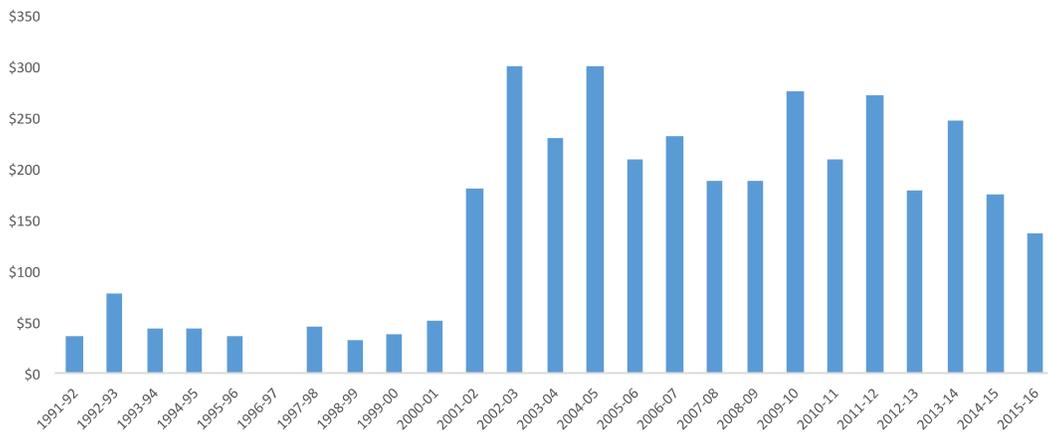

Second Tier Tuition Increase

Based on the success of the 2014 legislative session and consistent with UVU's access mission, no second tier tuition increase is proposed.

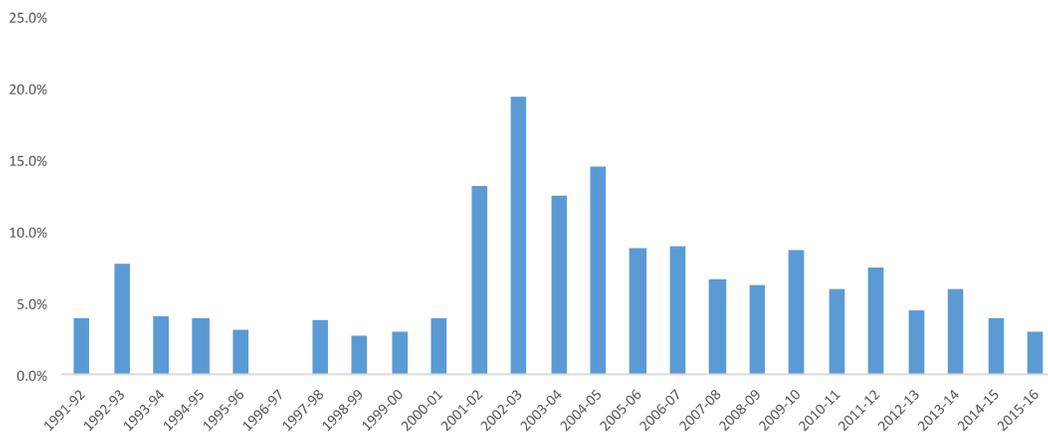

Proposed Tuition and Fees tables are attached.

The proposed combined first and second tier tuition increase of 3.0 percent is the lowest percentage increase since 1998-99. The annual change (two semesters, resident, undergraduate at 15 credits) of \$136 is the lowest dollar amount increase since 2000-01.

## Tuition Change History

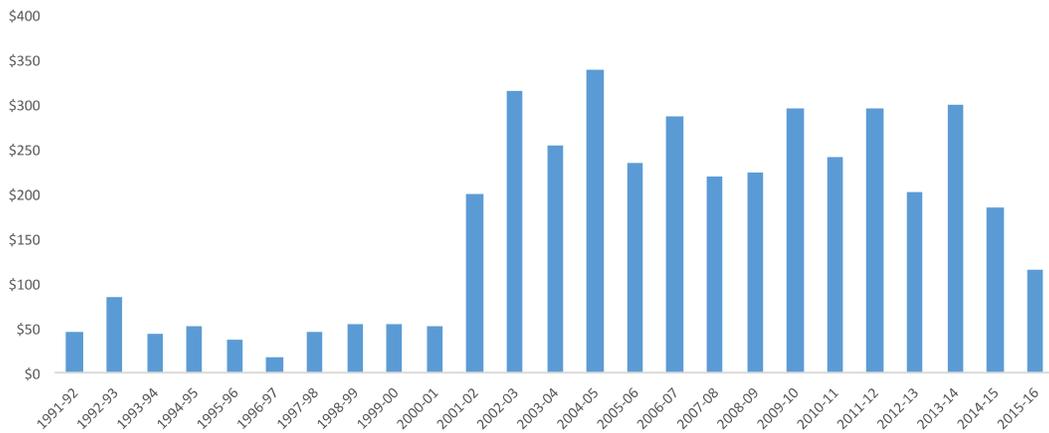

## Tuition Percent Change History

UVU's total tuition and fee increase of 2.2 percent is the lowest percentage increase since 1996-97. The annual change (two semesters, resident, undergraduate at 15 credits) of \$116 is the lowest dollar amount increase since 2000-01.
