Town Clerk - Teresa M Pearson

The meeting was called to order at 6:30 P.M. by Mayor Greg Pearson.

Minutes for the July 2026 meeting were reviewed.

MOTION: Made by Councilman Coy Morrison to approve the minutes for the July 2026 meeting.

SECONDED: Councilmember Mandy Larsen
VOTE UNANIMOUS

Mayor Pearson stated that Kelly has continuously been working with us and we are happy with what he is doing. This will help with the things we need to do in the future from the floods and fire. He stated that there was a little flood today but nothing came into town. We would like to get some cameras put up in the City Creek area. He stated that Cody Pearson has some that we could use for now and see how we like them. If they work well then we can purchase some.

DEM/FEMA updates were discussed. Everything that has damage will need to be put back to how it was before. We are not able to change it if we get money from there. The chlorinator needs to be put on the well and the parts should be here the first part of next week to get this done. When they come to do the chlorinator then somebody needs to be with them at all times. Paul stated that he didn't really want to do it. The clerk stated that the DEM asked if our well could be hooked up to a generator in case the power goes out for a long time. Mayor Pearson stated that he called Kevin Moore Electric and they will stop and check it out. He also stated that all 3 water tanks are all full. The springs need to have some new locks put on them and keys made. The spring line has been fixed where it was broken and some tests will be taken at the spring.

The fire department was discussed. Mayor Pearson stated that they have been busy on fires but that was all.

Water was discussed. Councilman Coy Morrison stated that he met with Ryan Larsen about making the meter a 1 inch meter and the cost difference that he would need to pay for this. He also stated that he would check with Kelly about a 1" meter coming off a 2" line to make sure it would be fine.

Overdue water bills were discussed. The clerk will send out 2 disconnect notices and letters of concern to the others on the list.

Councilman LeRel Barnson was wondering about the overage on the July water bills. He thought that everyone would not be paying the overage but the board stated that only those that had samples taken from their place would not pay overages for the month of July. All others will need to pay.

The patching on the roads was discussed. Kelly was not sure when it would happen but will let us know when he hears anything.

Councilmember Mandy Larsen discussed the cemetery. She stated that the job scope needs to be done for the grant so we can get going on it.

Nothing to report on the airport.

Councilman LeRel Barnson discussed the park. Mayor Pearson stated that Rick Dalton is working on the goat heads around the outside of the fence. They may do some more on the day of service for the high school.

Councilmember Jodi Hurdsmann discussed the dumpsters. She stated that they could use some cleaning up around them. We will add this to the list for the high school day of service.

The purchase policy was discussed. The clerk reminded board members that anything over \$200 needs to be put on an agenda and discussed. The mileage for picking things up for the town was also discussed. Board members were reminded that if they go to get something they turn in mileage and not fill a full tank of gas or fuel.

An executive session was needed.

MOTION: Made by Councilmember Mandy Larsen to go into executive session.

SECONDED: Councilman Coy Morrison

VOTE: Mandy Larsen yes, Coy Morrison yes, LeRel Barnson yes,
Jodi Hurdsman yes

Executive session was adjourned at 8:03 p.m.

The financial statement and bank statement for the month of August were available for review.

ORDER: Claims were available for the August payroll and accounts payable, which goes from Check #13047 to Check #13077.

The meeting was adjourned at 8:10 p.m. by Mayor Greg Pearson.

MOTION: Made by Councilmember Mandy Larsen to adjourn the meeting.
