Chad Reed welcomed everyone and called the meeting to order at 5:15 PM.

Discussion of updated resolution 04-04 FloodPlain Management. Review draft of the Floodplain development permit and applicant and the Flood Damage Prevention Code. After discussion the board would like a further review of who the Floodplain Manager would be. The board would like to find out if the Corps of Engineers did any floodplain mapping in Daggett County and if the map Leonard Isaacson received is the current map to use. Chad Reed suggested that the board hold another work session to review the map. Matt Tippetts asked if the floodplain maps could tie to the parcels so it comes up in a title search, but at least have an ordinance in place. Discussion on who the floodplain administrator would be. The board will further review the draft and application.

Discussion of updated Planning and Zoning Bylaws. Carrie changed the draft to reflect the changes recommended by the County Attorney and the board reviewed the changes.

Meeting Adjourned at 6:00 PM.
