RE: Support for the RDA of Taylorsville City's Application to the Affordable Housing Infrastructure Grant Program

Dear Grant Board,

On behalf of the Board of the Redevelopment Agency of Taylorsville City, we are pleased to offer our strong and enthusiastic support for our agency's application to the Affordable Housing Infrastructure Grant Program for the 5400 South Bangerter Highway development project. If funded, the proposed project initiative will provide critical affordable housing options for our community and residents.

The RDA of Taylorsville City values initiatives that address affordable housing and housing choice. We have a proven track record of addressing these needs effectively. The proposed project directly aligns with our agency's and the city's strategic priorities by unlocking opportunities to implement our 5% Strategy, which calls for accommodating 90% of future growth to 5% of the city's land, thereby accommodating future residential growth while minimizing impacts on existing neighborhoods. This strategy focuses on growth centers, creates areas of high intensity mixed-use, and encourages infill and redevelopment, while preserving open space and limiting change in existing neighborhoods.

The RDA Board fully endorses this endeavor and encourages the grant review committee to give our application favorable consideration. Please feel free to contact me at abarbieri@taylorsvilleut.gov or Dina Blaes at dblaes@taylorsvilleut.gov if you require any additional information.

Sincerely,

Anna Barbieri
RDA Board Chair
