

CERTIFICATE OF WATER RIGHT ASSIGNMENT

From: Elk Ridge City (A Municipal Corporation)

Utah County

State of Utah

To: Church of Jesus Christ of Latter Day Saints

Rocky Mountain Way Subdivision Lot(s) 1

Elk Ridge, UT, 84651

RE: Assignment of Water

On April 9, 2024 the Elk Ridge City Council voted to grant Final Plat Approval to the Rocky Mountain Way Subdivision. On September 22, 2026 City Council allocated the required water rights. Section 10-15F-11 (C) states: "Water Rights Conveyance Classified as Project Improvement: For purposes of compliance with the terms of the Utah Impact Fee Act, the conveyance of the water right shall be construed as a project improvement. (Ord. 01-1-9-2, 1-9-2001, eff. 1-11-2001)"

This Certificate of Water Right Assignment ensures that the City Council of Elk Ridge has assigned 2.994 acre-feet of water from Water Right No. 51-9148 (a52026) to the Rocky Mountain Way Subdivision, a subdivision within the City boundaries of Elk Ridge, Utah. This satisfies the water right conveyance requirement of the Subdivision Process for the residential lots of the above-mentioned Subdivision. The commercial property has not been allocated any water shares and will have to be calculated and brought into the city when the commercial property is developed.
