PROJECT DESCRIPTION/SCOPE OF WORK Description of what will be purchased with CIB funding.
The project will add 40 inmate beds along with the necessary support facilities. This expansion is critical to addressing current overcrowding and enhancing the safety and security of both inmates and staff.

WHAT IS THIS PROJECT'S INTENDED PURPOSE TO THE COMMUNITY? How does this project help the community?
This project will provide substational long-term benefits to Garfield County and the surrounding region. Once completed, the upgraded facility will require additional detention personnel and support staff, helping create stable long-term employment opportunities in a rural area where such positions are especially valuable.

HOW DOES THIS PROJECT FULFILL CIB'S MANDATE TO USE ITS LIMITED FUNDS TO "RESULT IN THE GREATEST USE OF FINANCIAL RESOURCES FOR THE GREATEST NUMBER OF CITIZENS OF THIS STATE"?
The county's limited tax base and fiscal constraints make it extremely difficult to independently fund large-scale public safety infrastructure projects. The projected cost is approximately \$5.7 million. Even with careful fiscal planning and local financial participation, the county cannot reasonably absorb the full cost without outside assistance. The county requests to help bridge the funding gap for this project to move forward without placing an unreasonable financial burden on local taxpayers.

*Public Hearing: The CIB requires all applicants to have a vigorous public participation effort. All applicants shall hold a formally noticed public hearing to solicit comment concerning the size, scope, and nature of any funding request submitted to the CIB before review by the Board. A complete and detailed scope of work shall be given to the public, and its financing and be documented in the minutes. The information shall include the financial impact to the public as user fees, special assessments, or property taxes. (The Board has adopted a funding matrix tool to assist reasonable consistency regarding grant/loan award.) The CIB may require further public hearings if it determines the applicant did not adequately disclose to the public the possible financial impact of the financial assistance. Projects will not be placed on a CIB agenda until a public hearing has been held.
