City Updates	22nd St Trailhead – Whitaker Construction is the company replacing the waterline. The line will be placed on the east end of the parking lot. They will need to move the kiosk and shed. If there is a location you feel would be a better spot, lets discuss. We are also trying to leverage the work they are doing to get a larger parking lot. We would like to at least double the parking spots and still leave a little bit of the natural area between the neighborhood and parking lot. The replacement water line is estimated to save us a million gallons per day. Running Up For Air – Director Stewart informed Member Warren that her event was recognized at the city council meeting. Staff Olsen asked if anyone would like to do the IMBA training. Member Warren stated she was interested. Rainbow Gardens – Director Stewart, Ogden Police and Animal Control all met at the Rainbow Trailhead on May 2 to meet with trail users and educate them. It turned out to be a great morning.
