19

20 Rachel Chase, Chair, called the meeting to order at 6:30 p.m.
21

22 2. PUBLIC COMMENT
23

24 Camille Thorpe shared photographs of a garbage can in Hatch Park several years ago which had
25 melted when someone placed fireworks inside.
26

27 3. DISCUSSION-2026 MURAL PROGRAM
28

29 a. UPDATE-WATER TOWER STRUCTURE & OTHER LOCATIONS

30 Sherrie Pace reported that she was still waiting for a response from Big West Oil. She then
31 shared the steps for the mural placement including:
32

- 33 • Obtaining consent from the owner
- 34 • Evaluating the size
- 35 • Estimated budget
- 36 • Committee decisions
 - 37 ○ Chose a theme
 - 38 ○ Call for artist ideas
- 39 • Choose artist
- 40 • Refine proposed mural

- Review proposed mural with property owner
- Recommend design to City Council
- Apply for Discover Davis grant
- Determine schedule
- Sign contracts
- Paint mural

The Committee discussed potential themes for the Big West Oil rounded structure including history or elements of the City (sunsets, trails, Bamberger).

Sherrie Pace shared other possible mural locations including:

- 195 South Highway 89
- 54 North 700 West
- 95 North Foxboro Drive
- 580 North Redwood Road
- 900 North Redwood Road
- 205 East Center (Orchard Elementary)

Sherrie Pace presented the previous idea for artwork by David Montanaro superimposed onto the building at 200 South Highway 89 as another potential mural location, which the owner has not given consent and does not like the idea of putting a mural on the brick.

Jean Montanaro also mentioned the potential for the Bird World building. The Committee discussed other possible locations including Center/Redwood Road, Highway 89, and Eaglewood Golf Course. Sherrie Pace said staff would reach out to the new property owner at 3640 South Highway 89 (car dealership) and 1065 North Highway 89 (Key Bank).

Councilmember Smoot asked about the Arts Committee budget. Sherrie Pace replied that the City Council approved \$10,000 for a mural and \$3,000 to wrap utility boxes.

b. DISCUSSION ON POSSIBLE ORCHARD ELEMENTARY SITE

The Committee reviewed possible locations for a mural at Orchard Elementary including an exterior wall near the playground, on the front façade.

Jean Montanaro presented an idea for a mural program at the local schools in conjunction with the students. She said this program would require local artists to provide time to assist 8-10

students grades 4-6 in painting a mural. She continued that the Arts Committee would work with the school to provide the supplies and the theme. She explained that this was a program that could be started with the schools to teach students how to make a mural. Ms. Montanaro offered to volunteer at Orchard Elementary.

David Frandsen commented on a similar project in which student artists could also paint the City's snow plow blades.

Councilmember Smoot noted that she went to Norway and they had 1,000 public murals to beautify the country. She asked Jean Montanaro to attend the August 4th City Council meeting to share her idea related to public arts in schools.

The Committee was in favor of this program and seeking approval from the City Council. They spoke on the lack of support for the arts in public schools, reviewed potential locations, and working with local schools to instill a passion for the arts.

Jean Montanaro also shared another idea for an art camp weekend for kids during the summer on City property. She commented that supplies or funds could be donated by local businesses in the City. Sherrie Pace spoke on having artist volunteers.

4. CITY BEAUTIFICATION EFFORTS

a. EAGLERIDGE DRIVE

Sherrie Pace provided an update on the Eagleridge Drive project including improvements to the roundabout. Councilmember Smoot commented that to save funds the trees and bushes were small and would need time to fill out. She mentioned receiving an email related to a piece of property that was private that would be completed to match the City's beautification. She spoke on the mixed reactions to the roundabout design including the blue rock river design which had been donated by a local company.

The Committee discussed how art was subjective, how to respond to resident comments, and value engineering a project to save money while providing quality results.

b. CENTER STREET

Sherrie Pace provided renderings of the proposed improvements for Center Street, just west of Big West Oil including tree planting (Frontier Elm, Honey Locust), light poles, etc.

c. CITY HALL PROPERTY

Sherrie Pace then shared the rendering for the triangle property adjacent to City Hall. She noted this plan included plantings, trees, a plaza for a possible train/trolley car, entry monument, and a connecting path. She added that this project would be done in phases including connections through the Utah Trail Network, moving fill dirt, obtaining a train car, etc.

Camille Thorpe shared the idea for a lookout over the City from a trolley car or a similar art piece if an authentic rail car could not be obtained.

5. UTILITY BOX WRAP PROGRAM

Sherrie Pace reported on the Utility Box Wrap Program and shared several examples of boxes in the City that could be wrapped. She noted that the budget for this year was \$3,000 and the approximate cost per box was \$750. She reviewed the process for choosing art including a call for artists, utilizing historic photos, art from school children, or determining a theme. Ms. Pace provided examples of historic photos from the City that could be used to wrap boxes. She would follow up after speaking with Rocky Mountain Power to receive approval.

6. NSL READS PARTICIPATION IN BACK TO SCHOOL NIGHT OUT-AUGUST 6TH

Camille Thorpe reported that there would be a booth for NSL Reads at Night Out-Back to School on August 6th from 6-8 p.m. at Legacy Park. She noted that the theme for next year was graphic novels. The Committee discussed sharing information on the difference between a graphic novel and a comic book and what a graphic novel entailed (not violent or pornographic).
