AOG Five County	APPLICANT COUNTY Kane	PROJECT PUBLIC HEARING HELD PRIOR TO AOG REVIEW? * YES ☐	IS THIS A PLANNING PROJECT? NO ☐
CIB REQUEST \$800,000	GRANT AMT \$300,000	PROJECT CONSISTENT WITH LOCAL AND REGIONAL PLANS? YES ☐	LOCAL YES ☐
LOAN AMT \$500,000	LOAN TERMS 0.5% for 10 years	DOES THIS PROJECT ADDRESS AN IDENTIFIED NEED FROM THE CAPITAL ASSET INVENTORY? YES ☐	DOES THIS PROJECT ADDRESS AN IDENTIFIED TOP PRIORITY FROM THE CAPITAL ASSET INVENTORY? YES ☐

PROJECT DESCRIPTION/SCOPE OF WORK Description of what will be purchased with CIB funding.

Kanab City proposes to replace its 1983, 55-foot aerial ladder truck with a modern aerial apparatus with approximately 100 feet of reach. The existing truck is more than 40 years old, has an open cab, limited aerial reach, and lacks many of the safety features and protections provided by modern fire apparatus. Field testing has also demonstrated that the existing 55-foot ladder cannot adequately reach several of Kanab's existing multi-story structures.

WHAT IS THIS PROJECT'S INTENDED PURPOSE TO THE COMMUNITY? How does this project help the community?

The replacement apparatus will provide approximately 100 feet of aerial reach along with the pumping capacity and fire attack capabilities necessary to actively suppress structure fires. Replacement will significantly improve firefighter safety, elevated rescue, roof access, and the City's ability to attack fires in larger and multi-story structures.

HOW DOES THIS PROJECT FULFILL CIB'S MANDATE TO USE ITS LIMITED FUNDS TO "RESULT IN THE GREATEST USE OF FINANCIAL RESOURCES FOR THE GREATEST NUMBER OF CITIZENS OF THIS STATE"?

CIB assistance would make this important public safety project financially achievable for Kanab. As a geographically isolated community, Kanab cannot rely on a nearby department to provide timely aerial response when the City's ladder truck is unavailable. The existing truck has been out of service for extended periods, including several months during the past year, leaving the community without reliable aerial capability. CIB grant funding would reduce the amount the City must borrow, while a low-interest CIB loan would allow the City to finance the remaining cost at a level that is manageable for a community of Kanab's size.

*Public Hearing: The CIB requires all applicants to have a vigorous public participation effort. All applicants shall hold a formally noticed public hearing to solicit comment concerning the size, scope, and nature of any funding request submitted to the CIB before review by the Board. A complete and detailed scope of work shall be given to the public, and its financing and be documented in the minutes. The information shall include the financial impact to the public as user fees, special assessments, or property taxes. (The Board has adopted a funding matrix tool to assist reasonable consistency regarding grant/loan award.) The CIB may require further public hearings if it determines the applicant did not adequately disclose to the public the possible financial impact of the financial assistance. Projects will not be placed on a CIB agenda until a public hearing has been held.
