FINANCIAL

Bills brought before the board: Quickbooks reimbursement for \$123.03. **Daniel Brinkerhoff made a motion to pay the bills. James Pace seconded it. All in Favor.**

UPCOMING EVENTS/MEETINGS

UACD convention November 12th and 13th. Kerry Cook led a brief discussion on the importance of attending meetings. He gave an update on the West Colorado River watershed meeting he attended.

CONSERVATION BUSINESS

JP Contreras talked about supervisor training and how to get it done. There was a brief discussion on having the scholarship recipients being required to attend a conservation meeting and how to get the youth involved more. Rylie Holmgren mentioned how it could tie into FFA.

UDAF

JP mentioned 319 funding is open for applications. He gave an update on the funding coming from the governor's budget. Nov 21st is the deadline for the disaster relief to be completed and to the state. ARDL

and disaster relief can be deferred for 12 months.

WATERSHED

Nothing at this time

NRCS

Wade Ingram gave an update on the shared planner and the projects he is working on currently. NRCS reorganization is complete. There are new positions open in our district. Send interested applicants to Wade for more information. For 2026, applications funded were 52 out of 328. 6.56 million funded to the 52 applications. Wade gave an update on the Fremont River SFP. Submitted for 2027 is the Torrey dump road canal project. NRCS is currently certifying current SFPs. RPP is a pilot program to get conservation projects on the ground. Requires soil tests but covers a lot of different areas for projects. He said to ask Breanne Bloomfield about NWQI at the next meeting.

EXTENSION

Rylie Holmgren gave an update on crop school. There will be one in Sevier and one in Wayne. These will be in January. She asked the board if they wanted to combine soil health and crop school. There was a brief discussion about this. The board felt it would be better to do them on separate days. Rylie said she would have an update on the siberian grass project next meeting.

OTHER BUSINESS

There was a brief discussion on cattle collars and how well they are working. The board discussed a few project ideas including nozzles and collars. The next meeting will be Oct 29 at 1:00pm. **Jason Jackson made a motion to adjourn.** The meeting adjourned at 2:40pm.
