ITEMS FOR DISCUSSION/APPROVAL

Building Permit Running Totals for City & County

Tony London updated the COG members on the building permits that were issued last month. He reported that Ridley's has indicated that they will be expanding/remodeling, and it is expected to be completed by Christmas. Vaughn Nickerson and Raelene Blocker reviewed the county building permit list. They reported that there isn't any new building projects in the county other than single family homes, utility updates, etc.

RAMP Advisory Board

Angie Trease presented logos for the RAMP tax. She noted that one contains "sponsored event" and the other does not. It was felt that yard signs should be made with the "sponsored event" on it and banners without the "sponsored event" on it. These will be posted at all recreation games/activities to inform the public how the RAMP tax funds are being used. It was felt that a QR code should be on them so that the public can read more information about the RAMP tax. Vaughn Nickerson stated that he will speak with Phillip Romero to get a bid on these signs and banners. Kate Becker will be asked to create the QR code with the RAMP tax talking points.

Other Business

Celeste Brinkerhoff introduced herself and she asked the COG members if there is interest in creating a commercial childcare facility in Morgan County. She stated that federal funds are available to create public private partnerships. This could include a commercial childcare facility, housing, parks, etc. The COG members discussed the need for something like this. The council encouraged Celeste to give a presentation on this proposal to the city council, county council, and school board. Kelly Preece asked her to report back to COG in a few months.

This meeting was adjourned at 4:55 p.m.

Jana Brown, COG Secretary

These minutes were approved at the August 17, 2026 meeting.
