

MIDWAY CITY PARKS, TRAILS & TREES COMMITTEE

September 22, 2026

Minutes from the Midway City Parks, Trails & Trees Committee regularly scheduled meeting held September 22, 2026, at 6:00 P.M., at the Midway City Offices Downstairs Conference Room, 75 North 100 West, Midway, Utah.

Attendance

Angie Richardson
Rachel Harvey

City

Brian Klaas – Community Development
J.C. Simonsen – City Councilman
Andrew Osbourne – City Councilman

Absent

Nancy O'Toole
Lisa Barkdull
Paulette Tillman
Alyson Adams
Monica Parsons

1. Call to Order

The Parks, Trails & Trees Committee meeting was called to order, by Chair Angie Richardson, at 6:00 P.M. A quorum was not present, so approval of the previous meeting minutes was deferred to a future meeting.

2. Public Comment

No public comment was received.

3. Committee Project Priorities

The Committee reviewed its working project list and discussed addressing one or more priority items at each meeting. Current priorities include trail signage and naming, tree-grant planning at Burgi, the Hamlet property, an Adopt-a-Trail concept, crosswalk and trail-connection improvements, future sign design, the Soldier Hollow/Tate Lane/Heber Valley Railroad trail mitigation map, trail-maintenance reporting, updates to the master trail map, and the Ameyalli/Mountain Spa area.

4. Trail Maintenance and Reporting

The Committee discussed the City's current trail-maintenance process. Trail work is tracked in a spreadsheet, with consideration given to how long it has been since a trail was last serviced, staff observations, and feedback from the public.

5. Trail Signage and Naming

The primary discussion focused on existing fiberglass trail signs, locations where signs are missing, and signs that may need to be ordered before winter. The Committee reviewed maps and existing sign inventory.

6. Burgi Park, Trees, and Dog-Park Improvements

The Committee discussed planning for trees and related improvements at Burgi, including the dog-park area. Members favored an on-site meeting so tree locations, irrigation/water access, underground utilities, snow-storage needs, shade, and other site constraints can be evaluated together.

7. Next Meeting / Site Visit

The Committee discussed October 27, 2026 as the likely next regular meeting date, subject to confirmation.

8. Adjournment

With no further business, the meeting concluded, at 6:50 P.M.
