Agenda Date: 10/01/2026 Agenda Item Number: 3i Subject:
Consider approval to allow Art Around the Corner to serve alcohol in
the Civic Room at City Hall on November 12, 2026.

I think there is something sacrosanct of our new city offices. These
facilities are open to all who live in our great community. We should
have the highest standards and example for the community in the
use of these facilities.

What is the purpose of alcohol? Do we have to drink alcohol to
appreciate wonderful artwork.

Those who come to these events have to drive to get there and have
to drive to return home. Is there a designated driver for all who come.
Why take a chance that someone would be hurt from participating in
this event of harm someone outside of the event.

Maybe a facility that is not in our city offices would be more
appropriate - we have many hotels, and other venues where this can
be held without changing our standards in our new city offices open
to everyone.

Thanks for letting me share my two cents, more importantly your
service on the city council and your responsibility in making the
tough decisions. Either way, I will support what you decide!

Thank you!
