

UTAH STATE BOARD OF EDUCATION

Subject:

INFORMATION: An Overview of Board Rules and Oversight

Agenda item type:

Information Item

Recommended Action:

None

Purpose of Memo:

Recommended by leadership

Background:

This presentation connects USBE's compliance framework and administrative rules directly to the Board's 5-Year Strategic Plan, illustrating how internal controls serve as the essential operational engine and safety brakes for strategic execution. By examining the four-stage compliance lifecycle—Establishing expectations, Identifying noncompliance, Verifying findings, and Rectifying issues—the committee will discuss how universal process rules and program-specific rules function together to safeguard agency progress. This session invites Board members and the public to evaluate current rule performance, locate operational friction points, and ensure oversight mechanisms effectively foster healthy, accountable schools.

Authorizing, and Implemented or Interpreted Law: [Art X Sec 3](#); [53E-3-401\(4\) and \(8\)](#)
