AGENDA ITEM

- 1 3:00 PM - 4:00 PM
 #2026-945. An Internal Discussion of the Davis County Justice Center - *recommended by Lorene Kamalu, Davis County Commission Vice Chair, Commissioners' Office*

Commissioner Stevenson began the meeting by stating this discussion, which is a follow-up to a previous Work Session discussion, will be rescheduled at a later date. Commissioner Kamalu expounded that it will be held after the Davis County Sheriff's Office receives the feasibility study results regarding their part of the campus.

Commissioner Kamalu added that there are still options to explore and questions to answer regarding the financing of the project. She also remarked that a letter was received from a Syracuse constituent who also had a number of questions regarding the project. She concluded by proposing the Davis County Controller could invite additional people to the future meeting to help answer the financial questions.

Commissioner Stevenson then provided two clarifications regarding the project. First, the Sheriff’s Office is evaluating a potential future expansion of its area while awaiting the completed feasibility study. Second, he emphasized that the proposed Davis Justice Center is a State Courts building and a State Courts project, rather than a Davis County initiative. He clarified that the State Courts are currently working with the State Legislature to secure project funding, and Davis County will only consider joint collaborative efforts if and when that funding is secured.
