DETAILED REASON AND EXPLANATION FOR REQUEST:

We are adopting the IFA and IFFP reports for the Transportation Impact Fee. This is an impact fee we currently do not have, but this will be a great benefit to build new roads, traffic signals, and any future roundabouts that are in conjunction with developments. Developers are all wanting reimbursement for any arterial or collector roads that we have them build and this is the only means we will have to do so.

DUE DATE:

This agenda request and any supporting documentation is due to the city recorder by the Wednesday one week prior to the council meeting. This allows final preparation of the agenda and time for the city attorney to review.
