Change Order Procedure

Thank you for considering ETS for your project. We are pleased to present you with a project quote for the services we will provide. The quote presented in this document includes a description of the services we will provide and the total project cost. We strive to take all factors into consideration to provide a fair and accurate quote for your project. If the project requires a change in materials or scope of work, ETS will produce a change order for your approval.

The following process will be followed by client or ETS if a change to this quote is required:

- A request to change or add to any part of the project must be made in writing and will be considered a 'Change Order' to the original project.
- If the Change Order will require a difference in the original project cost, an estimated amount will be provided to the Client for review and approval.
- The Client will confirm the Change Order via email response or signature on change order quote, and in doing so, it is agreed that the Client will pay any difference in cost illustrated in the change order once the project is completed and invoiced. If the Change Order requires some payment upfront, this will be noted.

If you have any questions or concerns about the project quote, please do not hesitate to contact us. We appreciate the opportunity to work with you and look forward to the possibility of partnering on this project.
