

TOWN STANDARDS, CONDITIONS, AND CONDITIONAL USES

8.1.4 STANDARDS FOR TEMPORARY USE OF RECREATIONAL VEHICLES (RVs) IN THE COMMERCIAL ZONE

8.1.4.1 PURPOSE

The purpose of this section is to establish a permitting process, standards for temporary occupancy of Recreational Vehicles (RVs) in commercial zones, and penalties for noncompliance. This ordinance replaces and supersedes any previous ordinance or resolution regarding temporary occupancy of RVs in commercial zones. The Resort Zone is hereby excepted from the provisions of this section. It is the intent of the town to allow for temporary occupancy of RVs in commercial zones based on the following.

All rules of the underlying zone must be met.

8.1.4.1.1 AN RV AS DEFINED BY THIS ORDINANCE.

A vehicle designed and/or constructed to travel on the public thoroughfare in accordance with the provisions of the Utah Motor Vehicle Act which is: (i) built on a single chassis; (ii) 400 square feet or less when measured at the largest horizontal projections; (iii) designed to be self-propelled or permanently towable by a light duty truck; and (iv) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

8.1.4.2 ON-STREET PARKING OF RVs IS PROHIBITED.

Owner-builders of a commercial development are prohibited from living in an RV on their building lot during construction unless an exception is granted by the Land Use Authority (LUA). Those seeking an exception must submit a written request for consideration according to existing rules for such. The LUA shall review the request during public meetings and make a determination that an exception is prudent because it helps promote town goals and will not undermine the intent of the zone or harm the public health, safety, or welfare. RV shall not be on site more than five days prior to the beginning of construction for which a valid building permit has been issued and shall be removed within five days of completion, granting of certificate of occupancy, or expiration of building permit, whichever occurs first.

8.1.4.3 When occupying an RV under the provisions of this chapter, approved power cords and water hoses are allowed for utility hook-ups. Occupants are expressly prohibited from tying in to the septic system anytime during occupancy unless connecting via an approved hook-up on site. If connecting to an approved hook-up, applicant shall show that the impact will not exceed 1-ERU capacity on the septic system.

8.1.4.3.A Whether occupied or not, the area surrounding an RV shall be kept tidy and free from trash and debris.

8.1.4.4.B Whether occupied or not, RV shall be in good repair and free from substantial defects or unsightliness.

8.1.4.4.C A maximum of one permit for one limited living quarters may be granted on a Commercial lot.

8.1.4.4.D Maximum occupancy of an RV under the provisions of this chapter is limited to two (2).

8.1.4.4.E Violations of this ordinance are subject to provisions outlined in VULU Chapter Ordinance 1.14., Penalties.

8.1.4.4.F Only the owner, proprietor or operator of an approved business can apply for a permit to occupy an RV in a commercial zone. Applicant must demonstrate to the satisfaction of the Land Use Authority that occupancy is complementary to the primary use and not for rental purposes AND that a presence is necessary to ensure the safety and security of an established business OR the nature of the business requires an off-hours presence on the premises.

8.1.4.4.G Applications for a permit allowing occupancy of an RV in a commercial zone shall be made in writing to the Land Use Authority and include, at a minimum, the following details:

8.1.4.4.G.1 Description of need or purpose for a residential presence.

8.1.4.4.G.2 The dates of occupancy. Temporary occupancy shall not last longer than six (6) months without an exception from the LUA.

8.1.4.4.G.3 Hours of operation and Nature of work to be performed by the RV occupant.

8.1.4.4.G.4 Additionally, applications shall include a copy of a valid building permit if applicable, photos of the RV to be occupied and how it will be situated on the lot and a signed statement indicating applicant has read and understands the provisions of this chapter and associated penalties for violations of such. Land Use Authority may require a change in RV placement or the installation of screening to mitigate offsite visual impact.

8.1.4.4.H Except as expressly outlined herein, there are no exceptions to the rules established by this Chapter.
