Rich S. Radmall, DDS
Chairman, Utah Board of Dentistry
160 East 300 South
Salt Lake City, Utah 84111

Dear Dr. Radmall,

I am writing on behalf of the Council of Interstate Testing Agencies (CITA). We are requesting for Utah to recognize the CITA administered ADEX exam as an acceptable Dental exam for those candidates seeking licensure in Utah.

Your statute currently accepts the ADEX exam administered by CDCA (NERB) and SRTA. Beginning in 2014, CITA joined ADEX and began administering the ADEX exam as well. All candidates who took the exam through CITA beginning in 2014 have taken the ADEX exam.

Clarification of who administers the ADEX exam can be found on the ADEX website under Frequently Asked Questions (<http://adeximport.dnnstaging.com/FAQs.aspx> and <http://adeximport.dnnstaging.com/ContactUs.aspx>). The following is an excerpt from the ADEX website:

4. *Where can I take the ADEX examination?*

The ADEX is a national test development corporation that develops the ADEX dental and dental hygiene clinical licensure examination. ADEX has thirty (38) jurisdictions and three (3) participating Regional Testing Agencies. The ADEX exams are administered by the NERB (DBA) at CDCA, SRTA and CITA regional testing agencies. By contacting these testing agencies, they will direct you to the schedule of examinations being administered by that testing agency during the current exam season. You will then have an opportunity to select the particular exam sight that best fits your needs. Contact information can be found at adex.org. ADEX in its quest for a uniform national examination continues to make progress toward its goal. New locations for the administration of both dental and dental hygiene examinations are added on every year.

Additional information can be found on the CITA website (<http://www.citaexam.com/>). Please let us know if you need any additional information to make your decision. Dr. Guy Shampaine, Chief Executive Officer at ADEX can also provide verification. He can be reached at GUYSHAMPAIN@COMCAST.NET.

Thank you for your consideration,

Conrad P. McVea, III, DDS, President
Council of Interstate Testing Agencies

cc. ADEX, Dr. Shampaine
