Juab High School 5X5 Block Schedule

Beginning school year 2012/2013 graduation requirements will reflect the following within the 5X5 high school block schedule:

Credits Required

2012/2013:	24
2013/2014:	27
2014/2015:	30
2015-	32

The increase in credits is reflected in the number of elective courses required. Students who transfer to Juab High School will have their coursework prorated to the 5X5 block schedule. During the implementation schedule listed above, students who seek to graduate early prior to their senior year of high school will be required to receive Juab School Board of Education approval. Application for approval can be made through the Superintendent of Schools.

Juab School District Alternative Diploma

The requirements for this diploma are listed below. If a student requests this graduation plan, it requires a meeting with the student, parent, and counselor, with approval from an administrator. **THE 32 CREDIT DIPLOMA IS THE RECOMMENDED PLAN FOR ALL JUAB DISTRICT STUDENTS.** However, it is understood that for some, the 32-credit diploma is not attainable. The guidelines for the 24-credit diploma plan

Graduation Requirements - EHA

must all be followed or appealed to the Credit Review Committee if an exception is justified. Students completing this diploma may continue to attend Juab High School and participate in their graduation ceremony.

1. **All Core courses must be completed.** The 24 credit basic diploma has 13.5 fewer elective requirements. Therefore, a student who is opting for this diploma will be required to complete all core classes prior to registering for electives beyond the 5.5 credits required for the basic 24-credit diploma.
2. **All students opting for a 24-credit diploma must be a full-time student.** Currently, full-time is considered being enrolled in 6 credit earning classes each term. These classes shall be ones within the JSD umbrella.
3. **The 24-credit diploma will be a Juab School District diploma, not a specific high school diploma.**
4. **Students earning the 24-credit diploma will be allowed to participate in the graduation ceremony.** ~~but there may be a differentiation at the ceremony, indicating that students have earned a Juab School District diploma.~~
5. **Once the 24-credit diploma is awarded, a student may not continue to earn high school credit in order to “trade” their diploma for a 32-credit diploma.**

A student may apply for the 24 credit diploma but opt out of that choice at any time, though the choice to pursue a 24 credit diploma should not be made unless it is unrealistic for the student to complete all requirements for the 32 credit diploma.

Students may request an application for a Juab School District Alternative Diploma through the Juab High School counselor’s office.
