**CITY COUNCIL MEETING**  
*Minutes*

**Tuesday, February 17, 2015**  
**Council Chambers**  
**7505 South Holden Street**  
**Midvale, Utah 84047**

---

**MAYOR:** JoAnn Seghini

**COUNCIL MEMBERS:** Council Member Wayne Sharp  
Council Member Stephen Brown  
Council Member Paul Glover  
Council Member Paul Hunt  
Council Member Quinn Sperry

**STAFF:** Kane Loader, City Manager; Phillip Hill, Assistant City Manager/Community and Economic Development Director; Laurie Harvey, Assistant City Manager/Admin. Services Director; Rori Andreason, H.R. Director/City Recorder; Alan Hoyne, Interim Public Works Director; Stephen Black, Interim Public Works Director; Chad Woolley, City Attorney; Chief Tony Mason, UPD Midvale Precinct; Brad Larson, UFA; Danny Walz, RDA Director; and Jarin Blackham, IT Manager.

Mayor Seghini called the meeting to order at 6:30 p.m.

**I. INFORMATIONAL ITEMS**  
**A. DEPARTMENT REPORTS**

Chief Mason reported on calls at Park Station Apartments.

Chief Brad Larson discussed the St. Patricks' Day Parade.

Kane Loader discussed a bill in the legislature that would help UFA.

Laurie Harvey reported on discrepancies in the water bills. This is due to the water meters being changed out. Some of the citizens have large bills. Staff is working with citizens to make payment arrangements to assist with this issue.

Councilmember Wayne Sharp asked about credit card convenience fees. Laurie said the fees are passed on to the enterprise fund. There are many rules regarding credit card fees. There are surcharges and convenience fees. Sometimes it is difficult to differentiate between the two. The City benefits from taking credit cards (i.e. court fees.) She recommended staff keep looking at this issue. Changing the fees would include notifying all customers that a fee will be charged.

Councilmember Wayne Sharp said when he uses his credit card he knows there will be a \$2.00 upfront fee. He feels this issue should be looked into since it is costing the City a lot of money.

The Council and staff discussed this issue at length. The Council would like to discuss this item in a workshop.

Phillip Hill reported on additional street lights being added to the City.

Councilmember Stephen Brown said there needs to be a light on the crosswalk on 7200 South by McDonalds.

Rori Andreason reviewed a few scheduling items.

Stephen Black discussed upcoming street projects.

Kane Loader said the public works remodel is close to being done. He recommended taking a tour during the March workshop at 6 pm.

Chad Woolley introduced Garrett Wilcox, Intern, who has been incredibly awesome and done a great job for the City.

## **II. CITY MANAGERS REPORT**

Kane Loader briefly reviewed the legislative bills that may affect the City.

Mayor JoAnn B. Seghini opened the regular meeting at 7:13 p.m.

## **III. GENERAL BUSINESS**

**C. CONSIDER A SUBDIVISION PLAT FOR THE RIVERWALK AT BINGHAM JUNCTION PHASE 2 AMENDED LOCATED AT 920 WEST RIVER GATE DRIVE**

Matt Hilderman said the applicant, Marty Biljanic representing Wadsworth Development, is requesting approval to further subdivide the property located at 920 West River Gate Drive. The Riverwalk at Bingham Junction, Phase 2 Amended plat consists of four (4) proposed lots on a total of 19.251 acres located North of Jordan River Boulevard (7200 South) between River Gate Drive (1000 W) and Bingham Junction Boulevard (900 W). This subdivision plat consists of one, proposed development known as Top Golf on Lot 1 and three, additional lots proposed to provide commercial services to accommodate the proposed and existing surrounding uses. The Wadsworth Development Group is requesting subdivision approval to create a 4- lot subdivision so these lots can be sold. In addition, this plat also provides the necessary public road dedication of Bingham Junction Boulevard and creates the necessary public utility easements and drainage easements for this particular area. This area is subject to the requirements of the Bingham Junction Zone, the Riverwalk Overlay, and the Riverwalk West Retail Development Agreement.

This plat reflects and is consistent with the lot locations for the approved Small Scale Master Plans for Progressive Insurance and Riverwalk Investments (Presidio Office Building) and provides for the East-West road easement connection, public utility and drainage easements, and dedication of Bingham Junction Boulevard. The applicant has provided a recorded amended declaration of covenants, conditions, and restrictions (CC&R's) to include these lots, with the existing development, to ensure that both the short term and long term maintenance of commonly used area, landscaping, and parking, as well as continued shared access throughout the LSMP area.

The Planning Commission conducted a public hearing on this subdivision plat on January 14, 2015. Based on compliance with the City's subdivision requirements and the lot locations in the approved Small Scale Master Plans for the remainder of the project, the Planning Commission forwarded a positive recommendation to the City Council to approve the preliminary subdivision plat for the Riverwalk at Bingham Junction Phase 2 Amended with the following conditions:

1. The applicant shall prepare a final subdivision plat to be reviewed and approved by the City Engineer, Fire Marshall, and City Council.
2. The applicant shall obtain duty to serve letters for water and sewer for the new lots prior to the subdivision plat being recorded.
3. The applicant shall provide evidence that a courtesy notice has been sent to Questar Gas, Rocky Mountain Power, Comcast Cable, Century Link Communications, and UTOPIA regarding the utility easements on the subdivision plat prior to final approval.
4. The applicant shall submit an amended declaration of covenants, conditions, and restrictions (CC&R's) to include these lots with the existing developments, to ensure that both the short term and long term maintenance of commonly used areas, landscaping, and parking, as well as the continued shared access throughout the LSMP area is maintained.

The applicant has submitted a final subdivision plat which has been reviewed and approved by the City Engineer and Fire Marshall. This final subdivision plat includes the required approvals and notices from all utility companies regarding services and public utility easements and the applicant has provided a recorded copy of the amended declaration documents that ensures maintenance of the common areas, landscaping, and parking as well as the continued shared access through the LSMP. With these items completed, the proposed final subdivision plat complies with the City's subdivision standards and is ready to be recorded following the appropriate signatures being obtained on the final subdivision plat Mylar.

Mayor Seghini opened the hearing to public comment. There was no one present that desired to speak.

**MOTION:** Councilmember Paul Glover **MOVED** to close a public hearing. Councilmember Paul Hunt **SECONDED** the motion. Mayor Seghini called for discussion on the motion. There being none, she called for a vote. The motion passed unanimously.

**ACTION:** APPROVE A SUBDIVISION PLAT FOR THE RIVERWALK AT BINGHAM JUNCTION PHASE 2 AMENDED LOCATED AT 920 WEST RIVER GATE DRIVE

**MOTION:** Councilmember Paul Hunt moved that we approve the Riverwalk at Bingham Junction phase 2 Amended Subdivision at 920 West River Gate Drive with the condition that the applicant obtains all required signatures on the final subdivision Plat Mylar. The motion was seconded by Councilmember Stephen Brown. Mayor Seghini called for discussion on the motion. There being none the Mayor called for a roll call vote. The voting was as follows:

Council member Paul Hunt	Aye
Councilmember Wayne Sharp	Aye
Council member Quinn Sperry	Aye

**Council member Stephen Brown   Aye**  
**Council member Paul Glover     Aye**  
**The motion passed unanimously.**

**MOTION: Councilmember Stephen Brown MOVED to open a public hearing. Councilmember Quinn Sperry SECONDED the motion. Mayor Seghini called for discussion on the motion. There being none, she called for a vote. The motion passed unanimously.**

**D. CONSIDER A SUBDIVISION PLAT FOR THE VIEW 8 HOTEL SUBDIVISION LOCATED AT 7161 SOUTH FL SMIDTH DRIVE**

Matt Hilderman said the applicant, Mark Murdock representing the Gardner Company, is requesting approval to subdivide the property located at 7161 South FL Smidth Drive. The View 8 Hotel Subdivision consists of two (2) proposed lots on a total of 8.941 acres located South of Jordan River Boulevard (7200 South) between FL Smidth Drive (1000 W) and Bingham Junction Boulevard (900 W). This subdivision plat consists of one, proposed development known as the View 8 Office Building on Lot 2 and one, additional lot proposed to provide a hotel/commercial service to accommodate the proposed and existing surrounding uses. The Gardner Company is requesting subdivision approval to create a 2-lot subdivision so these lots can be sold. In addition, this plat also provides the necessary East-West private road dedication of Legacy Center Way and creates the necessary public utility easements and drainage easements for this particular area. This area is subject to the requirements of the Bingham Junction Zone, the Junction at Midvale Overlay, and the Junction at Midvale Development Agreement.

This plat reflects and is consistent with the approved Small Scale Master Plan for the View 8 Office Building and provides the public utility and drainage easements and dedication of the East-West road easement connection. The applicant has prepared an amended declaration of covenants, conditions, and restrictions (CC&R's) to include these lots, with the existing development, to ensure that both the short term and long term maintenance of commonly used areas, landscaping, and parking, as well as maintaining the continued shared access throughout the LSMP area.

The Planning Commission conducted a public hearing on this subdivision plat on January 14, 2015. Based on compliance with the City's subdivision requirements and compliance with the approved Small Scale Master Plan for the remainder of the project, the Planning Commission forwarded a positive recommendation to the City Council to approve the preliminary subdivision plat for the View 8 Hotel Subdivision with the following conditions:

1. The applicant shall prepare a final subdivision plat to be reviewed and approved by the City Engineer, Fire Marshall, and City Council.
2. The applicant shall obtain duty to serve letters for water and sewer for the new lots prior to the subdivision plat being recorded.
3. The applicant shall provide evidence that a courtesy notice has been sent to Questar Gas, Rocky Mountain Power, Comcast Cable, Century Link Communications, and UTOPIA regarding the utility easements on the subdivision plat prior to final approval.

4. The applicant shall submit an amended declaration of covenants, conditions, and restrictions (CC&R's) to include these lots with the existing developments, to ensure that both the short term and long term maintenance of commonly used areas, landscaping, and parking, as well as the continued shared access throughout the LSMP area is maintained.

The applicant has submitted a final subdivision plat which has been reviewed and approved by the City Engineer and Fire Marshall. This final subdivision plat includes the required approvals and notices from all utility companies regarding services and public utility easements and the applicant has provided a copy of the amended declaration documents that ensures the maintenance of the common areas, landscaping, and parking as well as the continued shared access through the LSMP. With these items completed, the proposed final subdivision plat complies with the City's subdivision standards and is ready to be recorded following the appropriate signatures being obtained on the final subdivision plat Mylar.

Mayor Seghini opened the hearing to public comment. There was no one present that desired to speak.

**MOTION: Councilmember Paul Glover MOVED to close a public hearing. Councilmember Stephen Brown SECONDED the motion. Mayor Seghini called for discussion on the motion. There being none, she called for a vote. The motion passed unanimously.**

**ACTION: APPROVE A SUBDIVISION PLAT FOR THE VIEW  
8 HOTEL SUBDIVISION LOCATED AT 7161  
SOUTH FL SMIDTH ROAD**

**MOTION: Councilmember Stephen Brown moved that we approve the view 8 Hotel Subdivision at 7161 South FL Smidth Drive with the conditions that the applicant obtains all required signatures on the final subdivision plat Mylar and the amended declaration of covenants, conditions, and restrictions shall be recorded concurrently with the subdivision plat. The motion was seconded by Councilmember Quinn Sperry. Mayor Seghini called for discussion on the motion. There being none the Mayor called for a roll call vote. The voting was as follows:**

<b>Councilmember Wayne Sharp</b>	<b>Aye</b>
<b>Council member Quinn Sperry</b>	<b>Aye</b>
<b>Council member Stephen Brown</b>	<b>Aye</b>
<b>Council member Paul Glover</b>	<b>Aye</b>
<b>Council member Paul Hunt</b>	<b>Aye</b>

**The motion passed unanimously.**

**MOTION: Councilmember Wayne Sharp MOVED to open a public hearing. Councilmember Stephen Brown SECONDED the motion. Mayor Seghini called for discussion on the motion. There being none, she called for a vote. The motion passed unanimously.**

**E. CONSIDER A PRELIMINARY AND FINAL SUBDIVISION PLAT FOR ENDO SUBDIVISION LOCATED AT 280-282 WEST 7200 SOUTH, 7199 AND 7052-7072 SOUTH COTTONWOOD STREET FOR A 5-LOT COMMERCIAL SUBDIVISION**

Lesley Burns said currently there are five parcels, two on the west side of Cottonwood Street and three at the northeast corner of Cottonwood Street and 7200 South, that are all owned by Nob Endo Family, LLC. The two parcels on the west side of Cottonwood Street are vacant; the three parcels on the east side include a restaurant and hotel with shared access and parking between, and parking for a business to the north (Utah Medical Products). This area is part of the Clean Industrial (CI) Zone. The parcels were created a number of years ago through the recording of legal descriptions with Salt Lake County. Although the County recorded these legal descriptions, the property divisions technically should have been reviewed and approved through the City's subdivision process. To avoid any potential issues in the future, the property owner has been advised by its legal counsel to go back and formally subdivide the property.

The proposed Endo Subdivision plat creates a lot for the existing restaurant with associated parking (Lot 1), a lot for the hotel with associated parking (Lot 2), a lot which includes the existing parking area currently used by Utah Medical Products to the north (Lot 3), and two vacant lots on the west side of Cottonwood Street (Lots 4 & 5). The proposed subdivision plat includes a shared access and parking easement between Lots 1 and 2. This will ensure the current shared access and parking arrangement between the two existing uses remains in place if the two lots are owned by different individuals or parties. A recorded easement agreement that provides details on the use and owner responsibilities of the shared access and parking easement area is needed. The CI Zone does not have a minimum lot size requirement, but the proposed lots, with the shared access and parking easement on Lots 1 and 2, provide for the continued use of the existing developed property and future development of the vacant property. The proposed subdivision plat complies with all applicable zoning requirements. The approval of this subdivision plat provides the mechanism to sell or lease the individual lots; it does not allow new development or redevelopment on any of the lots without further reviews and approvals under the Zoning Ordinance.

The City Engineer reviewed the preliminary subdivision plat and required some technical corrections that to be addressed on the final subdivision plat. Because no changes are being made to the infrastructure or physical development in the area with this proposal, the Fire Marshal did not have any concerns or comments. The final subdivision plat does not show the existing development on the property. This was included on the preliminary plat for review purposes only.

The Planning Commission conducted a public hearing and reviewed the preliminary subdivision plat on January 28, 2015. It was the decision of the Planning Commission to forward a positive recommendation to the City Council to approve the Preliminary Subdivision Plat for the Endo Subdivision with the following conditions:

1. The applicant shall prepare a final subdivision plat to be reviewed and approved by the City Engineer and City Council.

2. An easement agreement that provides details on the use and owner responsibilities of the shared access and parking easement area on Lots 1 and 2 shall be prepared and recorded concurrently with the subdivision plat.

Since the Planning Commission meeting, the applicant has prepared a final subdivision plat that addresses the technical comments from the City Engineer. This plat complies with all of the subdivision requirements in the ordinance. The applicant has notified all of the utility companies to ensure they do not have any concerns with the public utility easements being shown on the plat. The applicant has also prepared an easement agreement that provides the details on the use and maintenance responsibilities for the shared access and parking between Lots 1 and 2. This agreement has been reviewed and found acceptable by the City Attorney. This document is ready to be recorded concurrently with the final subdivision plat.

Mayor Seghini opened the hearing to public comment. There was no one present that desired to speak.

**MOTION:** Councilmember Wayne Sharp **MOVED** to close a public hearing. Councilmember Paul Glover **SECONDED** the motion. Mayor Seghini called for discussion on the motion. There being none, she called for a vote. The motion passed unanimously.

**ACTION:** APPROVE A PRELIMINARY SUBDIVISION PLAT FOR ENDO SUBDIVISION LOCATED AT 280-282 WEST 7200 SOUTH, 7199 AND 7052-7072 SOUTH COTTONWOOD STREET FOR A 5-LOT COMMERCIAL SUBDIVISION

**MOTION:** Councilmember Paul Hunt moved that we approve the preliminary and final subdivision plats with the following conditions:

1. The applicant shall obtain all required signatures on the final subdivision plat Mylar.
2. The shared access and parking easement agreement shall be recorded concurrently with the plat.

The motion was seconded by Councilmember Quinn Sperry. Mayor Seghini called for discussion on the motion. There being none the Mayor called for a roll call vote. The voting was as follows:

Council member Quinn Sperry	Aye
Council member Stephen Brown	Aye
Council member Paul Glover	Aye
Council member Paul Hunt	Aye
Councilmember Wayne Sharp	Aye

The motion passed unanimously.

## **IX. ACTION ITEMS**

### **A. APPROVE RESOLUTION NO. 2015-R-03 TO APPOINT RICHARD JUDKINS AS PLANNING COMMISSION MEMBER**

Lesley Burns said members of the Midvale City Planning Commission are appointed to serve four year terms or to finish the unexpired terms of past members. Members are allowed to serve a maximum of two full consecutive terms. Richard Judkins will be finishing an unexpired term at the end of February. Mr. Judkins has expressed an interest in serving a new full term. If re-appointed, Mr. Judkins term would end in February 2019. Brent Christenson will be finishing an unexpired term at the end of March. Mr. Christenson has expressed an interest in serving a new full term. If re-appointed, Mr. Christenson's term would end in March 2019.

It is the Mayor's desire to re-appoint Mr. Judkins and Mr. Christenson so they continue to serve as full time members on the Planning Commission for four more years. The City Council is required to consent to appointments to the Planning Commission. Resolutions have been prepared for the City Council's consideration of these re-appointments.

**MOTION:** Councilmember Stephen Brown moved that we adopt Resolution No. 2015-R-03, re-appointing Richard Judkins to the Planning Commission as a full time member with his term expiring February 2019. **C. APPROVE RESOLUTION NO. 2015-R-02 AUTHORIZING THE MAYOR TO ENTER INTO A TELECOMMUNICATIONS FRANCHISE AGREEMENT WITH SYRINGA NETWORKS**

Chad Woolley said on August 5, 2014, the City Council approved Ordinance No. 2014-O-08 to amend Chapter 52 of Title 5 of the Midvale City Municipal Code pertaining to Telecommunications Services. The updated ordinance has increased Midvale's flexibility to administer telecommunications franchises. The scope of telecommunications franchises has been broadened, and the City has been given greater power to negotiate with interested parties. Within a few months of the passage of the ordinance, Syringa Networks expressed interest in expanding its services to Midvale. A Telecommunications Franchise Agreement is needed between Syringa and the City to facilitate this expansion. The Agreement will also allow the City to collect a 3.5% Municipal Telecommunications License Tax and to ensure Syringa's compliance with City ordinances.

**FISCAL IMPACT:**

Potentially create revenue from the operation of Syringa Networks within Midvale.

**MOTION:** Councilmember Paul Glover moved that we approve Resolution No. 2015-R-02 Authorizing the Mayor to execute a Telecommunications Franchise Agreement with Syringa Networks. The motion was seconded by Councilmember Wayne Sharp. Mayor Seghini called for discussion on the motion. There being none the Mayor called for a roll call vote. The voting was as follows:

Council member Quinn Sperry	Aye
Council member Stephen Brown	Aye
Council member Paul Glover	Aye
Council member Paul Hunt	Aye
Councilmember Wayne Sharp	Aye

The motion passed unanimously.

**D. APPROVE RESOLUTION NO. 2015-R-05 AUTHORIZING THE MAYOR TO ENTER INTO AN AMENDED AND RESTATED DEVELOPMENT AGREEMENT WITH VIEW 8 OFFICE BUILDING DEVELOPMENT**

Matt Hilderman said the Gardner Company has proposed a general office use development at the southwest corner of 7200 South and Bingham Junction Boulevard. This project, the View 8 Office Building, is part of the Bingham Junction zone district and includes The Junction at Midvale Overlay. The project area is approximately 10.37 acres in size. On November 14, 2007, Midvale City entered into and approved a Master Planned Development Agreement for this property, known as “The Junction at Midvale Project,” which includes approximately 215.17 acres with 41.44 acres dedicated to open space and the remaining acreage proposed to be a combination of mixed use retail, residential, and office development.

On January 14, 2015, the Planning Commission approved an amendment to the Small Scale Master Plan for the office use and public open space parcels within the Large Scale Master Plan area with a number of conditions. The office building development includes the construction of a five-story, 125,000 square foot building on 7.19 acres and includes adequate parking stalls, associated landscaping, construction of private access drive, and perpetual open space easements along Bingham Junction Boulevard and 7200 South. The public open space along Bingham Junction Boulevard will transition into the landscaped areas of the office building development. A public walkway and associated amenities will also be located within the public open parcel. The developer is currently working a final site plan for the office development.

One of the conditions of approval required the applicant to work with the City on a revised Development Agreement to be reviewed and approved by the Midvale City Council as required in Sections 17-7-9.2 and 17-3-5 of the Zoning Ordinance. This Amended and Restated Development Agreement is intended to ensure compliance with the approved development plans and completion of the perimeter open space improvements. The Developer/Property Owner and Staff have written a revised development agreement for the City Council’s consideration. The agreement language has been approved by the Developer/Property Owner and a copy of this agreement is attached. The agreement provides for and includes the following:

- The agreement will run with the property and will be binding on any successors and assigns of the current Property Owner in the future.

- Compliance with the Institutional Controls required for the overall Bingham Junction area.
- A copy of the approved Amended Small Scale Master Plan and conditions of approval for the office use and public open space components. This includes site layout, landscaping, amenities, and building architecture for the office development and a general layout for the public open space parcel (Exhibit C).
- A guarantee of perimeter open space improvements
- Development standards and review process for the future phase(s) and Site Plan approvals of this property.

If the City Council is comfortable with the proposed revised agreement, Staff has prepared a resolution, Resolution No. 2015-R-05 attached, that would authorize the Mayor to sign the Amended and Restated Development Agreement on behalf of the City.

**MOTION:** Councilmember Quinn Sperry moved that we adopt Resolution 2015-R-05, authorizing the Mayor to enter into the Amended and Restated Development Agreement for the View 8 Office Building, as presented. The motion was seconded by Councilmember Paul Hunt. Mayor Seghini called for discussion on the motion. There being none the Mayor called for a roll call vote. The voting was as follows:

Council member Stephen Brown	Aye
Council member Paul Glover	Aye
Council member Paul Hunt	Aye
Councilmember Wayne Sharp	Aye
Council member Quinn Sperry	Aye

**The motion passed unanimously.**

**E. APPROVE RESOLUTION NO. 2015-R-06 AUTHORIZING THE MAYOR TO ENTER INTO A DEVELOPMENT AND EASEMENT AGREEMENT WITH O.COM LAND, LLC FOR THE OVERSTOCK PROJECT**

Lesley Burs said the Planning Commission approved the Small Scale Master Plan for the Overstock Project in December. This project, located on 18.6 acres in the View 72 area of Bingham Junction, includes a 230,000 square foot, three-story office building; a 15,000 square foot, one-story employee amenities building to include exercise/workout space, a child care facility and a medical clinic; a four-level parking structure accommodating 1004 parking stalls; surface parking for 264 vehicles (34 in front of the office building, the remainder in the surface parking lot near the east end of the project); and improved green space, including required public linear open space around the perimeter. Since this approval, the applicant has submitted a final site plan for the project that includes everything but the employee amenities building. This final site plan has been approved by Staff (planning, fire, engineering), subject to a development agreement being executed.

Sections 17-7-9.2 and 17-3-5 of the Zoning Ordinance require a Development Agreement between Midvale City and the property owner/developer of this type of project. A condition of the Overstock Large and Small Scale Master Plan approval required the property owner/developer to work with the City on a Development Agreement to be reviewed and

approved by the City Council. The intent of the Development Agreement is to ensure compliance with the approved development plan, provide a timeline for completion of the public and private improvements, as well as layout expectations for both parties.

A development agreement has been written with the help of outside legal counsel for the City. This agreement has been through a number of iterations after review and comments by Overstock, the City Attorney, Community Development Staff, and the Fire Marshal. The attached Development Agreement has been agreed upon by all involved and is now before the City Council for its consideration. The agreement includes the following:

- Agreement to comply with the approved final site plan, which is included as Exhibit D.
- Parameters for emergency access during construction of the project.
- Expectations for project landscaping and long term maintenance.
- Expectations for perimeter open space improvements. This includes the public walkways and trails along the project perimeter, and the timing for completion.
- Timing of completion of other site improvements.
- Agreement to comply with the Institutional Controls for the Bingham Junction area.

In addition to the Development Agreement, an Easement Agreement has also been drafted to ensure the long term maintenance of the perimeter perpetual public open space areas that are located within the Overstock property. This agreement helps ensure these public areas, which were required as part of the overall open space for Bingham Junction, remain viable public use areas and are appropriately maintained by the property owner over the long term.

If the City Council is comfortable with these agreements, Staff has prepared a resolution that would authorize the Mayor to sign the Development Agreement and the Easement Agreement on behalf of the City.

**MOTION:** Councilmember Wayne Sharp moved that we adopt Resolution 2015-R-06, authorizing the Mayor to enter into the Development Agreement and Easement Agreement for the Overstock Project as presented. The motion was seconded by Councilmember Stephen Brown. Mayor Seghini called for discussion on the motion. There being none the Mayor called for a roll call vote. The voting was as follows:

Council member Paul Glover	Aye
Council member Paul Hunt	Aye
Councilmember Wayne Sharp	Aye
Council member Quinn Sperry	Aye
Council member Stephen Brown	Aye

**The motion passed unanimously.**
