- On May 12, 2015 the City Council modified the PRD ordinance eliminating the option to locate high density residential projects between 1200 West and I-15.
- The intent was to preserve property along the I-15 corridor for commercial uses including office developments that can provide jobs for the community.
- Locating an office development between I-15 and 1200 West conforms to the long range vision for the area. Bringing additional office uses in proximity to the Northgate Village development which has a mix of residential, retail and office uses.
- Access to I-15
