## **PROJECT COSTS**

1. The Participant hereby represents to and assures the Director that it has available sufficient funds to meet its share of the cost of the Project and has the good faith intention of using such funds for completing the Project, and that no financial assistance has been received, promised or committed under any other Federal program with regard to the specific proposals covered by this agreement.
2. The Participant will prepare and submit billing statements of eligible Project expenditures to the Director. An amount equal to 4% of federal funding/participation will be assessed to each billing for State Administrative

Costs. The Participant is required to match the 4% assessment with eligible project expenditures. The entire amount assessed will be withheld by the Director from Federal Funds received from NPS in response to the billing, thus precluding the need for the Participant to advance its share of such administrative costs. Funds so received will be used to defray costs of program administration.

3. The Director will release to the Participant all Federal Funds received for this Project except for State Administrative Costs noted in Item #2 above. It is understood that the Director may withhold five (5) percent of the Federal reimbursement until Project termination and final audit.
4. The Participant agrees to make immediate monetary restitution for any disallowances of costs or expenditures on unauthorized activities which are disclosed through audit or inspection by the Director.
5. The Participant must submit eligible costs and expenditures equaling or exceeding the Participant's Total Direct Project Cost, as detailed on page 1 of this contract, before the project can be closed out by the Director.
6. Project costs eligible for assistance shall be determined upon the basis of criteria set forth in the Manual, OMB CIRCULAR A-87 (REVISED 5/4/95, As Further Amended 8/29/97), or in written regulations which may be provided by the Director.

#### **PROJECT ADMINISTRATION**

1. The Participant shall promptly submit such reports and in such form as the Director may request.
2. Interest earned on funds granted pursuant to this agreement shall not be available for expenditure by the Participant, but shall be disposed of according to instructions issued by the Director.
3. The Participant may ordinarily dispose of Project income which is derived from recreation sources such as admission and entrance fees, user charges, and proceeds for concession operations. However, if the Project involves acquisition of assets e.g., buildings, timber, a growing grain crop which are not essential to the development of recreational uses within the Project area and disposal of such capital assets will result in financial return to the Participant, such disposals should be completed prior to the submission of the final billing to the NPS and proceeds from the disposition credited to the Project cost at the time of this final settlement.

#### **PROJECT TERMINATION**

1. The Participant may upon written notice to the Director unilaterally rescind this agreement at any time prior to the commencement of the Project. After Project commencement, this agreement may be rescinded, modified, or amended only by mutual agreement. The Project shall be deemed commenced when the Participant makes any expenditure or incurs any obligation with respect to the Project.

2. Failure by the Participant to comply with the terms of this agreement may be cause for the suspension of all obligations of the United States or the State hereunder and may result in a declaration by the State that the Participant is ineligible to receive Federal Funds for future projects.
3. Failure by the Participant to comply with the terms of this agreement shall not be cause for the suspension of all obligations of the United States or State hereunder if, in the judgment of the Director, such failure was due to no fault of the Participant. In such case, any amount required to settle at minimum costs any irrevocable obligations properly incurred shall be eligible for assistance under this agreement.

### **CONFLICT OF INTEREST**

1. No official or employee of the State or Participant who is authorized in his official capacity to negotiate, make, accept, or approve, or to take part in such decisions regarding a contract or subcontract in connection with this Project shall have any financial or other personal interest in any such contract or subcontract.
2. No person performing services for the Participant in connection with this Project shall have a financial or other interest other than his employment or retention by the Participant, in any contract or subcontract in connection with this Project. No officer or employee of such person retained by the Participant shall have any financial or other personal interest in any real property acquired for this Project unless such interest is openly disclosed upon the public records of the Participant, and such officer, employee or person has not participated in the acquisition for or on behalf of the Participant.
3. No member of or delegate to Congress shall be admitted to any share or part of this agreement, or to any benefit to arise hereupon, unless such benefit shall be in the form of an agreement made with a corporation for its general benefits.
4. The Participant shall be responsible for enforcing the above conflict of interest provisions.

### **HATCH ACT**

1. No officer or employee of the Participant whose principal employment is in connection with any activity which is financed in whole or in part pursuant to this agreement shall take part in any of the political activity proscribed in the Hatch Political Activity Act, 5 U.S.C. 118K, with the exceptions therein enumerated.

### **FINANCIAL RECORDS**

1. The Participant shall maintain a separate Project ledger of expenditures with supporting documents and records clearly referenced. Copies of such ledgers, documents, and records shall be provided with each billing to the Director which will support expenditures claimed. Original ledgers of expenditures, supporting documents, and all Project records shall be made available to the Director, NPS, or their representatives for auditing or examination at reasonable times, and shall

be retained by the Participant for three years following Project termination and performance of a final audit by NPS.

2. The Participant may use any generally accepted accounting system, provided such system meets the minimum requirements set forth in the Manual and written regulations of the State which may be provided by the Director.
3. Interim billings may be submitted to the Director after completion of each element of work, payment on a contract, or payment for each parcel of land. Final billing must be submitted within 60 days after the Project period expires or all work covered by the Project has been completed, whichever shall occur first. Billings must be prepared and submitted by the department responsible for maintaining the Participant's overall financial records and certified by the signature of the officer responsible for such records.

### **USE OF FACILITIES**

1. The Participant agrees that the Project described in the dated project boundary map (Attachment A) is being acquired or developed with Land and Water Conservation Fund assistance and shall not be converted to other than public outdoor recreation use, but shall be maintained for public outdoor recreation in perpetuity. If Participant removes the Project from outdoor public recreation either through the sale of the project area or a conversion to non-outdoor public recreation, the Participant acknowledges they are responsible for all costs associated with the replacement of the converted Project area and the subsequent construction of a new facility. Any replacement of the Project, in whole or in part, must be completed in compliance with the Manual and the Land and Water Conservation Fund Act of 1965, (LWCF) 78 Stat. 897 (1964). All conversion/replacement processes must be coordinated through and with the approval of the Director.
2. The Participant acknowledges that this Land and Water Conservation Fund Project encumbers the property described in the project agreement and requires the project sponsor to maintain the property consistent with the Land and Water Conservation Fund Act and associated implementing regulations. The property shall be operated and maintained so as to appear attractive and inviting to the public. Sanitation and sanitary facilities shall be maintained in accordance with applicable State and local public health standards. Properties shall be kept reasonably safe for public use. Fire prevention, lifeguard and similar activities shall be maintained at levels reasonable to prevent injury or death to users. Buildings, roads, trails and other structures and improvements shall be kept in reasonable repair throughout their estimated useful life so as to prevent undue deterioration.
3. The Participant will comply with all Federal laws relating to nondiscrimination.
