## **Independent Auditor's Report**

Steering Committee  
Five County Association of Governments  
St. George, Utah

We have audited the accompanying financial statements of the governmental activities and major fund of the Five County Association of Governments (Association), as of June 30, 2015, and for the year then ended which collectively comprise the Association's basic financial statements as listed in the table of contents. We also have audited each fiduciary fund type of the Five County Association of Governments as of and for the year ended June 30, 2015 as displayed in the Associations's basic financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund, as well as each fiduciary fund type of the

Five County Association of Governments as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension schedules be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Association's financial statements. The accompanying schedule of expenditures of federal awards, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated December 2, 2015 on our consideration of the Association's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Association's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**  
**(Required Supplementary Information)**

## **FIVE COUNTY ASSOCIATION OF GOVERNMENTS**

### **Management's Discussion and Analysis**

The following narrative presents management's discussion and analysis of the Five County Association of Government's (AOG) financial performance during the year ending June 30, 2015. Readers are encouraged to consider the information presented here in conjunction with the basic financial statements and additional information, which follow this section.

#### **History and Background of Five County Association of Governments**

The Five County Association of Governments is a voluntary association of local governments in Southwestern Utah comprised of Beaver, Garfield, Iron, Kane and Washington Counties. The AOG was formally established in 1957 to provide the basis for addressing matters of common regional concern. The Five County Association of Governments, as presently constituted, was established in 1972 pursuant to the provisions of the Interlocal Cooperation Act of 1965. The overall mission of the Five County Association of Governments is to serve as a multi-purpose organization providing a regional forum to identify, discuss, study, and resolve area-wide problems of common interest and concern. It is also the role of the Association to engage in and carry out physical, economic, and human resources planning.

#### **Financial Highlights**

- The AOG's assets exceeded liabilities by \$ 1,052,037 at the close of the most recent fiscal year.
- Unrestricted net position was \$ 76,686 at June 30, 2015.
- The Association's total assets are \$ 2,719,700.
- The Expenditures for June 30, 2015 were less than the adopted budget by \$ 1,299,076.
- Capital assets (Net of accumulated depreciation) at June 30, 2015 were \$ 975,351, which includes land, a building, equipment, and vehicles.

#### **Overview of the Financial Statements**

This discussion is intended to serve as an introduction to the AOG's basic financial statements. The AOG's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the AOG's finances, in a manner similar to a private-sector business. The statements consist of the Statement of Net Position, and the Statement of Activities.

The *Statement of Net Position* presents information on all of the assets and liabilities of the AOG, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the AOG is improving or deteriorating.

The *Statement of Activities* presents information showing how the net position of the AOG changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal year period (e.g., uncollected revenues and earned, but unused, vacation leave and sick leave).

The distinct type of activities reflected in the government-wide statements are governmental activities. The Five County Association of Governments has no business-type activities. Governmental activities are those supported primarily by intergovernmental revenues and fees for services.

### **Fund Financial Statements**

As is common with other state or local government entities, the AOG uses *funds* to account for separate activities and to help demonstrate compliance with financially related legal requirements (such as budgetary compliance). A fund is a set of closely related accounts used to maintain control over financial resources which have been segregated for specific activities or purposes. The AOG maintains only governmental funds and fiduciary funds.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating the AOG's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The AOG maintains one governmental fund which is the general fund.

**General Fund.** The general fund is the operating fund of the AOG. Revenues from intergovernmental sources, fees for services, and all other sources are received into this fund. Expenditures include operation and administrative costs.

### **Fiduciary Fund Types**

*Trust and Agency Funds* - Trust and agency funds are used to account for assets held by the Association in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include expendable trust, non-expendable trust, pension trust and agency funds. Non-expendable trust and pension trust funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. Expendable trust funds are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

*Non-expendable Trust Funds* - The revolving loan fund was created by the Association with grant monies to provide financing for qualified businesses in the Five County Area. The down payment assistance fund was created with state funding to provide financing to enable lower income and first time home buyers in the Five County Area to make the down payment on the purchase of a home. The activities of the revolving loan and down payment assistance funds are governed by the Steering Committee of the Association and the funds' financial information are included in the Association's general purpose financial statements as non-expendable trust funds.

*Agency Fund* - The Association acts as an agent for the Southern Utah Planning Authorities Council (S.U.P.A.C.). Member entities pay membership dues to cover the cost of membership lunch. The activity of this fund is accounted for in a separate agency fund.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes are part of the basic financial statements.

### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Five County Association of Governments. The AOG adopts an annual appropriated budget for the governmental funds. The budget is a twelve month snapshot of all contracts which fit into the twelve month window. Contracts to the AOG are issued on the federal fiscal year, state fiscal year, calendar year or any other period of time agreed to by the two contracting entities. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

## Government-wide Financial Analysis

As previously noted, net position may serve over time as a useful indicator of an entity's financial position. In the case of the Five County Association of Governments, assets exceeded liabilities by \$ 1,052,037 at the close of the most recent fiscal year.

**General Fund Budgetary Highlights**

During the fiscal year, the Five County Association of Governments approved and revised the Association's budget. Budget amendments were made to reflect changes in contracts and related funding. Even with these adjustments, actual expenditures were below final budgeted amounts. Revenues were under the final budgeted figures. The table shown below comparing overall budget to actual is net of the revenue and corresponding expenditure.

**SUMMARY of Actual to Budgeted Revenues & Expenses:**

	<u>Original Budget</u>	<u>Amended Budget</u>	<u>Actual (Budgetary Basis)</u>

### Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2015

---

<b>Net change in fund balances - total governmental funds</b>	\$ 89,584
---	-----------

Amounts reported for governmental activities differs from the statement of activities as follows:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$3,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Depreciation	\$ (61,087)	
Asset Retirements	(5,836)	
Total Capital Assets	(66,923)	(66,923)

Expenses related to postretirement benefit costs reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds. (204,871)

Accrued leave is recognized as an expenditure in the governmental funds when it is paid. In the statement of activities, however, the expense for accrued leave is recognized as it accrues. The effect of this difference in treatment is as follows:

Accrued Leave	\$ 17,044	
Benefit Expense	303,566	
Total Long-term Liabilities	320,610	320,610

<b>Change in net position of governmental activities</b>	<b>\$ 138,400</b>

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Five County Association of Governments (the Association) was established in 1973 by representatives of local governments of Beaver, Garfield, Iron, Kane and Washington counties in the State of Utah in accordance with an Executive Order issued by Governor Rampton in 1970. The Executive Order fixed the boundaries of multi-county districts for planning and development in the State of Utah. All county and municipal units of government within each district were requested to cooperate and participate in establishing a multi-county association of governments under the terms of the Inter-local Cooperation Act of 1965. The main purposes of the districting and the establishment of Association of Governments were to facilitate area-wide planning and development activities, to provide a strengthened role of county and municipal officials in the execution of state and federal programs at the local level, and to eliminate duplication and competition between various levels of government and thus facilitate the most effective use of the State's resources.

The Association has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship to the Association are such that exclusion would cause the Association's financial statements to be misleading or incomplete. The decision to include a potential component unit in the reporting entity is made by applying the criteria set forth by the Governmental Accounting Standards Board. The basic, but not only, criterion for including a potential component unit within the reporting entity is whether or not the Association exercises significant influence over the potential component unit. Significant influence or accountability is based primarily on operational or financial relationships with the Association. The Five County Association of Governments has no component units as defined by the pronouncement of the Governmental Accounting Standards Board.

The accounting and reporting policies of the Five County Association of Governments (the Association) conform with generally accepted accounting principles as applicable to state and local governmental entities. The following is a summary of the more significant policies.

Government-wide and Fund Financial Statements - The *government-wide financial statements* (the statement of net position and the statement of changes in net position) report information on all of the activities of the Association. These statements include the financial activities of the overall government, except for fiduciary activities.

**FIVE COUNTY ASSOCIATION OF GOVERNMENTS**  
**NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Association's governmental activities. Direct expenses are those which are specifically associated with a function, and therefore, are clearly identifiable to a particular function. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The Association reports the following major governmental funds:

General Fund - The general fund is the general operating fund of the Association and accounts for all revenues and expenditures not designated to other funds. The general fund consists of twenty-nine individual funds which are segregated for the purpose of carrying on specific activities. These individual funds consist of the Administration fund, Aging Waiver, HOME Program, Aging Waiver Services, Community & Economic Development, Special Contracts, Area Agency on Aging, Weatherization, RSVP, Human Services, County Volunteer Centers, Child Care Resource & Referral, Nutrition, Heat Assistance, Mobility Management, Foster Grandparent, Rural Foster Grandparent, United Way, Human Services Transportation Planning, Transportation Planning, Senior Companion Services, CSBG, VITA, Habitat for Humanity, New Choices Waiver, St. George Down Payment Assistance, Rural Planning Organizations, Community Services Contract Management, TANF, Critical Needs Housing, Mutual Self-Help Program, Court-Ordered Community Service, Youth Volunteer Corps, and the Alzheimers Association.

**Fiduciary Fund Types**

*Trust and Agency Funds* - Trust and agency funds are used to account for assets held by the Association in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include expendable trust, nonexpendable trust, pension trust and agency funds. Nonexpendable trust and pension trust funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. Expendable trust funds are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

**FIVE COUNTY ASSOCIATION OF GOVERNMENTS**  
**NOTES TO THE FINANCIAL STATEMENTS**

---

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

*Nonexpendable Trust Funds* - The revolving loan fund was created by the Association with grant monies to provide financing for qualified businesses in the Five County Area. The down payment assistance fund was created with state funding to provide financing to enable lower income and first time home buyers in the Five County Area to make the down payment on the purchase of a home. The activities of the revolving loan and down payment assistance funds are governed by the Steering Committee of the Association and the funds' financial information are included in the Association's basic financial statements as nonexpendable trust funds.

*Agency Fund* - The Association acts as an agent for the Southern Utah Planning Authorities Council (S.U.P.A.C.). Member entities pay membership dues to cover the cost of printing and postage. The activity of this fund is accounted for in a separate agency fund.

Measurement focus, basis of accounting, and financial statement presentation - The *government-wide financial statements, and fiduciary fund financial statements* are reported using the economic measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Association receives value without directly giving equal value in exchange, include grants and donations.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Association considers all revenues reported in the governmental funds to be available if the revenues are collected within approximately sixty days after year end. Revenues are generated primarily from grants and contracts with federal and state agencies with matching funds from local participants in the Association and client fees for services. Contracts which are generally fixed in nature, occasionally cover periods different from the Association's fiscal year. In such cases revenues are recognized based on expenditures incurred. Excesses of expenditures over revenues (if any) are either renegotiated with the funding agency or reimbursed by participants in the Association.

Net Position/Fund Balances - The difference between assets and liabilities is "Net Position" on the government-wide and "Fund Balance" on the governmental fund financial statements. Net position is divided into invested in capital assets (net of related debt), restricted, and unrestricted. Net position is reported as restricted when constraints are placed upon them by external parties or are imposed by constitutional provisions or enabling legislation.

Deferred Outflows/Inflows of resources - In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Association is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

**Nonspendable fund balance**- Amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact.

**Restricted fund balance** - Amounts with constraints placed on use either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

**Committed fund balance** - Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Association's Steering Committee.

**Assigned** - Amounts that are constrained by the Association's intent to be used for specific purposes, but are neither restricted or committed. This intent can be expressed by the Steering Committee or the Executive Director.

**Unassigned** - Residual classification of the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned to a specific purpose within the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Association considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Association considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

Capital Assets - The capital assets of the Association, which include buildings and improvements, furniture and fixtures, machines and equipment, and vehicles are reported in the government-wide financial statements. The Association defines capital assets as assets with an initial, individual cost of more than \$3,000 and an estimated useful life in excess of two years. Purchased or constructed

**FIVE COUNTY ASSOCIATION OF GOVERNMENTS**  
**NOTES TO THE FINANCIAL STATEMENTS**

---

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

capital assets are reported at cost. Donated capital assets are recorded at estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extended assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized. Capital assets of the Association are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	5 - 40
Leasehold Improvements	10
Vehicles	5 - 10
Machines and Equipments	5 - 20
Furniture and Fixtures	5 - 20

*Comparative Data* - Comparative data for the prior accounting period has been presented in certain of the accompanying financial statements in order to provide an understanding of changes in financial operations.

*Budgetary Data* - The Association adopts a budget for all funds except trust and agency funds. The adopted budget is prepared using the same basis of accounting as the Association's financial statements. All budget amounts presented in the accompanying financial statements and supplementary information have been adjusted for legally authorized revisions of the annual budgets during the year.

NOTE 2 - DEPOSITS AND INVESTMENTS

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the state, and review rules adopted under the authority of the State of Utah Money Management Act that relate to the deposit and investment of public funds.

The Association's policy is to follow the requirements of the Utah Money Management Act (Utah Code, Section 51, Chapter 7) in handling its depository transactions. The Act requires the depositing of Association funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the federal government and which has been certified by the commissioner of financial institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

**FIVE COUNTY ASSOCIATION OF GOVERNMENTS**  
**NOTES TO THE FINANCIAL STATEMENTS**

---

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

The Association maintains a cash pool that is available for use by all Governmental Fund Types. Separate accounts are maintained for trust funds. For purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash on hand and in banks. The Association has no investments.

Custodial Credit Risk - At June 30, 2015, the carrying amount of the Association's deposits was \$1,558,560 and the bank balances were \$1,651,018. As of June 30, 2015 \$480,315 of the bank balances were covered by Federal Depository insurance with the remaining amount uninsured or uncollateralized.

NOTE 3 - INVENTORY

The Association's inventory consists of material and supplies used in the weatherization program. The inventory is recorded at cost based on the first-in first-out method. A reservation of fund balance has been set up for the inventory.

NOTE 4 - INDIRECT COST ALLOCATIONS

Certain expenditures of the administration fund have been allocated as indirect cost allocations to other funds. These allocated expenditures are offset by indirect credits totaling \$291,653 and \$286,864 for the years ended June 30, 2015 and June 30, 2014 respectively in the "Revenue" section of the administration fund. The allocation of indirect costs by the Association is in accordance with requirements of OMB Circular A-87. Therefore, those allowable costs incurred for a common or joint purpose benefitting more than one program or fund and not readily assignable to the benefitted program or fund were allocated to the various benefitted funds based on actual salaries, wages and fringe benefits of applicable personnel in those funds.

NOTE 5 - ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2015 and 2014 consist of the following:

	<u>2015</u>	<u>2014</u>
Federal Monies Due from Other Governmental Units	\$ 571,440	\$ 673,752
State Monies Due from Other Governmental Units	126,113	428,410

**FIVE COUNTY ASSOCIATION OF GOVERNMENTS**  
**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 5 - ACCOUNTS RECEIVABLE ( CONTINUED)**

Due from other governmental units consist of billings for reimbursement of costs on contracts made prior to June 30. Accrued interest consists of interest earned but not yet received on loans made by the Revolving Loan Fund.

**NOTE 6 - NOTES RECEIVABLE**

Notes receivable consists of loans made by the Revolving Loan Fund to private businesses and individuals in the Five County Area. The Revolving Loan Fund is reported in the financial statements as a Nonexpendable Trust Fund. The loans bear interest ranging from 4 to 7.25% and are for periods from 3 to 15 years. Each of the loans are secured by trust deeds and/or other security agreements in favor of the Association. No reserve has been established for potential losses from uncollectible loans.

During the year ended June 30, 2015, four new loans and one continuing loan totaling \$318,420 were made. At September 30, 2015, three loans were delinquent. During the year, three loans totaling \$ 214,975 were written off. Due to the nature of the revolving loan fund, all of the loans should be considered as credit risks. If all of the loans were to become uncollectible, the entire amount due from 16 loans amounting to \$726,295 would be recorded as a loss.

**NOTE 7 - CAPITAL ASSETS**

A summary of capital asset activity for the fiscal year ended June 30, 2015 follows:

**NOTE 8 - OPERATING LEASES**

Management has entered into several operating leases or rental agreements. The minimum rental payments by year are as follows:

Fiscal Year Ended:	<u>June 30</u>	<u>Postage Meters</u>	<u>Copiers</u>	<u>Total</u>
	2016	\$1,382	\$ 959	\$ 2,341

Rental expense for the years ended June 30, 2015 and 2014 amounted to \$ 125,489 and \$139,592 for each respective year.

**NOTE 9 - UNEARNED REVENUE / ACCRUED REVENUE**

Unearned revenue in the accompanying balance sheet represents the excess of federal and state monies received over amounts expended on particular programs. These monies will be recognized in the period that the expenditures are made. Total unearned revenue at June 30, 2015 and 2014 amounted to \$492,968 and \$518,988, respectively. The unearned revenue at June 30, 2015 and 2014 was made up of the following amounts:

	<u>2015</u>	<u>2014</u>
Federal	\$ 424,035	\$ 444,764
State	<u>68,933</u>	<u>74,234</u>

<b>Total</b>	<b><u>\$ 731,164</u></b>	<b><u>\$ 251,042</u></b>	<b><u>\$ 982,206</u></b>

**NOTE 10 - REVOLVING LOAN FUND**

The revolving loan fund was created by the Steering Committee of the Association. The fund was created with grant monies received from the Department of Housing and Urban Development, the Economic Development Administration and the Farmers Home Administration. The purpose of the fund is to create permanent long terms jobs within the Five County region by providing “gap” financing to qualified businesses for eligible activities. Loans made through the fund are intended to help bridge the gap created by shortfalls in commercial financing. Funds are repaid into the program and recycled to other businesses, thus allowing an ongoing job creation program for southwest Utah.

NOTE 11 - RETIREMENT PLAN

***General Information about the Pension Plan***

Plan description: Eligible plan participants are provided with a pension plan through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following pension trust funds:

- Public Employees Noncontributory Retirement System (Noncontributory System); Public Employees Contributory Retirement System (Contributory System); are multiple employer, cost sharing, public employees, retirement systems.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System); are multiple employer, cost sharing, public employees, retirement systems.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Utah Code Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 grants the authority to establish and amend the benefit terms. URS issues a publicly available financial report that can may be obtained by writing Utah Retirement Systems, 560 East 200 South, Salt Lake City, UT 84102 or visiting the website: [www.urs.org](http://www.urs.org).

Benefits provided: URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

The cost-of-living adjustment are also limited to the actual Consumer Price Index (CPI) Increase for the year, although unused CPI increases not met may be carried forward to subsequent years.*

Contributions: As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the URS Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates are as follows:

NOTE 11 - RETIREMENT PLAN (CONTINUED)

**Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At December 31, 2014, the Association reported a net pension asset of \$2,040 and a net pension liability of \$772,627.

	<u>Proportionate Share</u>	<u>Net Pension Asset</u>	<u>Net Pension Liability</u>
Noncontributory System	0.1687390%	\$—	\$732,704
Contributory System	0.1384092%	\$—	\$39,923
Tier 2 Public Employees System	0.0673100%	<u>\$2,040</u>	<u>\$—</u>
Total Net Pension Asset/ Liability		<u>\$2,040</u>	<u>\$ 772,627</u>

The net pension asset and liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2014 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability was based upon actual historical employer contributions to the plan from the census data submitted to the plan for pay periods ending in 2014.

For the year ended December 31, 2014, the Association recognized pension expense of \$204,871. At December 31, 2014, we reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ —	\$ 31,106
Changes in assumptions	—	74,373
Net difference between projected and actual earnings on pension plan investments	18,646	—
Contributions subsequent to the measurement date	<u>152,469</u>	<u>—</u>
Total	<u>\$ 171,115</u>	<u>\$ 105,479</u>

\$152,469 was reported as deferred outflows of resources related to pensions results from contributions made by the Association prior to our fiscal year end, but subsequent to the measurement date of December 31, 2014. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial assumptions: The total pension liability in the December 31, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 Percent
Salary increases	3.50 - 10.50 percent, average, including inflation
Investment rate of return	7.50 percent, net of pension plan investment expense, including inflation

Active member mortality rates are a function of the member's gender, occupation, and age and are developed based upon plan experience. Retiree mortality assumptions are highlighted in the table below.

**Retired Member Mortality**

Class of Member

<b>Educators</b>	<b>Public Safety and Firefighters</b>	<b>Local Government, Public Employees</b>

<u>Women EDUF (100%)</u>	<u>Women EDUF (120%)</u>	<u>Women EDUF (120%)</u>

EDUM = Constructed mortality table based on actual experience of male educators multiplied by given percentage

EDUF = Constructed mortality table based on actual experience of female educators multiplied by given percentage

RP 2000mWC = RP 2000 Combined mortality table for males with white collar adjustments multiplied by given percentage

NOTE 11 - RETIREMENT PLAN (CONTINUED)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Expected Return Arithmetic Basis		
	Target Asset Allocation	Real Return Arithmetic Basis	Long-Term expected portfolio real rate of return
Equity Securities	40%	7.06%	2.82%
Debt Securities	20%	0.80%	0.16%
Real Assets	13%	5.10%	0.66%
Private Equity	9%	11.30%	1.02%
Absolute Return	18%	3.15%	0.57%
<b>Totals</b>	<b>100%</b>		<b>5.23%</b>
			<u>Inflation</u>
			2.75%
			<u>Expected arithmetic nominal return</u>
			7.98%

The 7.50% assumed investment rate of return is comprised of an inflation rate of 2.75%, a real return of 4.75% that is net of investment expense.

**Discount rate:** The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the proportionate share of the net pension asset and liability to changes in the discount rate:** The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.50 percent) or 1 percentage point higher (8.50 percent) than the current rate:

NOTE 12 - TRANSFERS

Shown below are transfers between individual funds making up the total general fund. The Association makes transfers involving local revenues to meet matching requirements or grant funds to other programs that qualify for the use of such amounts. There is a difference between ins and outs which represents a transfer of \$9,122 of local funds to the RLF Fund. The following is a summary of such transfers made during the year ended June 30, 2015:

**SINGLE AUDIT COMPLIANCE SECTION**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

STEERING COMMITTEE  
FIVE COUNTY ASSOCIATION OF GOVERNMENTS  
ST. GEORGE, UTAH

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of governmental activities and major fund of the Five County Association of Governments (The Association), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Five County Association of Government's basic financial statements and have issued our report thereon dated December 2, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Association's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Association's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Five County Association of Government's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2015-001.

We noted certain other matters that we reported to the management of Five County Association of Government, in a separate letter dated December 2, 2015.

## **Purpose of this Report**

The purpose of obtaining this report is solely to describe the scope of our internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Five County Association of Government's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the Association's Steering Committee, management, others within the organization, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH  
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

STEERING COMMITTEE  
FIVE COUNTY ASSOCIATION OF GOVERNMENTS  
ST. GEORGE, UTAH

**Report on Compliance for Each Major Federal Program**

We have audited the Five County Association of Government's (Association) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Association's major federal programs for the year ended June 30, 2015. The Association's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the Association's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Association's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Association's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the Association complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

### **Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2015-001. Our opinion on each each major federal program is not modified with respect to these matters. Five County Association of Government's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Five County Association of Government's response was not subjected to the auditing procedures applied in the audit section of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of the Association is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Association's internal control over compliance with requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. Material weaknesses may exist that have not been identified. However, we identified certain deficiencies in

internal control over compliance, as described in the accompanying schedule of findings and questioned costs as 2015-001, that we consider to be a significant deficiency. Five County Association of Government's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Five County Association of government's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on that response.

**Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

This report is intended solely for the information and use of the Association's Steering Committee, management, others within the organization, and federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS

JUNE 30, 2015

---

### III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS AS DEFINED IN PARAGRAPH 510(A)

**Reference Number:** 2015-001

**Program:** Rural Self-Help Housing Technical Assistance

**CFDA Number:** 10.420

**Federal Agency:** U.S. Department of Agriculture

**Pass-Through Agency:** USDA

**Applicable ARRA Programs:** N/A

**Grantor Number:** N/A

**Questioned Costs:** N/A

**Type of Finding:** Noncompliance, Significant Deficiency

**Compliance Requirement:** Procurement and Suspension and Debarment

#### **CRITERIA**

Non-Federal entities are prohibited from contracting with or making sub-awards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a non-procurement transaction (e.g. grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. Section 180.220 of the government-wide non-procurement debarment and suspension common rule contains those additional limited circumstances. All non-procurement transactions (i.e., sub-award to sub-recipients), irrespective of award amount, are considered covered transactions.

#### **CONDITION/CONTEXT**

For the procurements that exceeded \$25,000 made from the Rural Self-Help program the Association did not ensure that the vendor was not suspended or debarred.

#### **EFFECT**

The District was not in compliance with the policies set forth by the Federal Government.

#### **CAUSE**

The District did not have adequate policies and procedures in place to ensure vendors were not suspended or debarred for purchases above the requiring threshold amount.

#### **RECOMMENDATION**

The District should take measures to ensure compliance with Federal government policies regarding suspension and debarment.

#### **VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS**

Five County Association of Governments will ensure additional training is provided in the areas of compliance with Federal government policies regarding suspension and debarment. The Association will review the suspension and debarment rules with applicable staff members to ensure future compliance in this area.

**REPORT ON COMPLIANCE**

We have audited the Five County Association of Government's (Association) compliance with the general and major state program compliance requirements described in the *State of Utah Legal Compliance Audit Guide* for the year ended June 30, 2015.

The general compliance requirements applicable to Five County Association of Government are identified as follows:

Cash Management	Government Records Access Management Act
Budgetary Compliance	Special & Local Service District Board Members
Fund Balance	Utah Public Finance Website
Conflicts of Interest	Utah Retirement Systems Compliance
Nepotism	Open and Public Meetings Act

Five County Association of Government received the following major assistance programs from the State of Utah:

**Management's Responsibility**

Compliance with the requirements referred to above is the responsibility of Five County Association of Government's management.

**Auditor's Responsibility**

Our responsibility is to express an opinion on Five County Association of Government's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State of Utah Legal Compliance Audit Guide*. Those standards and the *State of Utah Legal Compliance Audit*

*Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above could have a material effect on the Association and its major programs occurred. An audit includes examining, on a test basis, evidence about the Association's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Five County Association of Government's compliance with those requirements.

### **Opinion**

In our opinion, Five County Association of Government complied, in all material respects, with the general compliance requirements identified above and the compliance requirements that are applicable to each of its major State programs for the year ended June 30, 2015.

### **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State of Utah Legal Compliance Audit Guide* and which are described in our letter to management dated December 2, 2015.

### **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Management of Five County Association of Government is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the Association's internal control over compliance to determine the auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Five County Association of Government's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses in internal control over compliance. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

### **Five County Association of Government's Response to Findings**

The Association's response to the findings identified in our audit are described in the accompanying letter to management. The Association's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Five County Association of Government's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Five County Association of Government's internal Control and compliance. Accordingly, this communication is not suitable for any other purpose.
