

**TAYLORSVILLE CITY COUNCIL
AGENDA ITEM SUMMARY**

MEETING DATE: January 20, 2016

AGENDA ITEM: Resolution 16-05: A Resolution of the City of Taylorsville to Adopt the Salt Lake Multi-Jurisdictional Hazard Mitigation Plan

PUBLIC HEARING REQUIRED: YES _____ NO X

RESOLUTION/ORDINANCE REQUIRED:

ORDINANCE __ **RESOLUTION** X **NONE** _____

PRESENTER: Ben Gustafson

ISSUE SUMMARY:

On August 7, 2012, the City of Taylorsville's former emergency response coordinator, Lisa Schwartz, signed a Memorandum of Understanding committing the City to participate in Salt Lake County's multi-jurisdictional hazard planning process. The Federal Emergency Management Agency's Local Mitigation Plan requirements under 44 CFR §201.6 specifically identify criteria that allow for multi-jurisdictional mitigation plans. The intent of the Plan is to allow for multi-jurisdictional mitigation plans to address issues that may be better resolved by coordination at the county, regional, or watershed level. The purpose of this resolution is to adopt the multi-jurisdictional mitigation plan as a participating member city.

STAFF RECOMMENDATION:

Staff recommends that the Council approve Resolution 16-05.

CITY ATTORNEY (Approved as to form):

Reviewed by City Attorney's Office on January 14, 2016.

TAYLORSVILLE, UTAH
RESOLUTION NO. 16-05

A RESOLUTION OF THE CITY OF TAYLORSVILLE TO ADOPT THE SALT LAKE COUNTY MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN

WHEREAS, the Taylorsville City Council (the "Council") met in regular session on January 20, 2016, to consider, among other things, adopting the Salt Lake County Multi-Jurisdictional Hazard Mitigation Plan as described in Exhibit "A", attached hereto; and

WHEREAS, on August 7, 2012, the City of Taylorsville's (the "City") former emergency response coordinator, Lisa Schwartz, signed a Memorandum of Understanding committing the City to participate in Salt Lake County's multi-jurisdictional hazard planning process (the "Plan"); and

WHEREAS, the Federal Emergency Management Agency's Local Mitigation Plan requirements under 44 CFR §201.6 specifically identify criteria that allow for multi-jurisdictional mitigation plans; and

WHEREAS, the intent of the Plan is to allow for multi-jurisdictional mitigation plans to address issues that may be better resolved by coordination at the county, regional, or watershed level; and

WHEREAS, the Council has determined that it is in the best interests of the citizens of the City to adopt the County's multi-jurisdictional hazard plan.

NOW, THEREFORE, BE IT RESOLVED that the Taylorsville City Council hereby adopts the Salt Lake County Multi-Jurisdictional Hazard Mitigation Plan as described in Exhibit "A", attached herein.

This Resolution, assigned Resolution No. 16-05, shall take effect immediately upon passage and acceptance as provided herein.

PASSED AND APPROVED by the Council of Taylorsville, Utah, this _____ day of _____, 2016.

RECORDED this ___ day of _____, 2016.

Salt Lake County Emergency Management

MEMORANDUM OF UNDERSTANDING

August 7th, 2012

Re: Commitment agreement for participating jurisdictions in Salt Lake County's upcoming Multi-Jurisdictional Hazard Mitigation Planning process.

Whereby the Federal Emergency Management Agency's (FEMA) Local Mitigation Plan requirements under 44 CFR §201.6 specifically identify criteria that allow for multi-jurisdictional mitigation plans (in that many issues are better resolved by coordination at the county, regional, or watershed level), the following named jurisdictions (and their designated emergency management representatives), are endorsing this memorandum of understanding as evidence of our collective commitment to participate in the upcoming Salt Lake County Multi-jurisdictional Hazard Mitigation Planning process.

Furthermore, as a condition of participating in the hazard mitigation planning process, we individually agree to meet the requirements for mitigation plans as identified in 44 CFR §201.6, and will provide such cooperation as is necessary (and in a timely manner) to assigned Salt Lake County Emergency Management personnel, so as to complete the plan in conformance with FEMA requirements, benchmarks and deadlines.

We understand that we must engage in the following planning process, as is more fully described in FEMA's *Local Multi-Hazard Mitigation Planning Guidance* dated July 1, 2008, including, but not limited to:

- Identification of hazards unique to the jurisdiction and not addressed in the master planning document;
- The conduct of a vulnerability analysis and an identification of risks, where they differ from the general planning area;
- The formulation of mitigation goals responsive to public input, and development of mitigation actions complementary to those goals. A range of actions must be identified specifically for each jurisdiction;
- Demonstration that there has been a proactively offered opportunity for participation in the planning process, by all community stakeholders (examples of participation include relevant involvement in any planning process, attending meetings, contributing research, data, or other information, commenting on drafts of the plan, etc.);
- Documentation of an effective process to maintain and implement the plan; and,
- Formal adoption of the Multi-jurisdictional Hazard Mitigation Plan by the jurisdiction's governing body (each jurisdiction must officially adopt the plan), within the timelines designated within the State's FEMA approved Mitigation Plan.

Therefore, with a full understanding of the obligations incurred by participating in the FEMA hazard mitigation planning process, and as a participant in a multi-jurisdictional plan; we the following, commit ourselves to the aforementioned Salt Lake County Multi-jurisdictional Hazard Mitigation Planning effort.
