

## REQUEST FOR COUNCIL ACTION

**SUBJECT:** Discussion and possible action regarding direction to take actions to immediately sell 15 acres of City Property located at approximately 4000 West 7800 South.

**SUMMARY:** During the February 24, 2016 City Council meeting a motion was passed that designated the location for a new Public Works facility and also included instruction to “take the remaining 15-acres to the North [of the existing Public Works facility], and look immediately at selling the property to help offset the cost of constructing new soccer fields, and immediately proceed with construction of seven fields for any sport use on the North portion of City owned property West of the Airport property.”

With the intention of providing clear and concise direction to Staff it has been suggested that a new motion be made to which rescinds direction to sell property, rescinds direction on use of proceeds from that sale, and rescinds direction to immediately build sports fields.

The end result would be the only remaining direction from the motion in the February 24<sup>th</sup> meeting would be confirming the site of the new Public Works facility.

### FISCAL IMPACT:

No direct fiscal impact, only reduction of staff time.

### POSSIBLE ACTIONS:

I move that we rescind instruction given to staff to proceed to sell city property at approximately 4000 West 7800 South, rescind direction regarding use of proceeds, and rescind direction to start construction of new athletic fields.
