Currently known as Southwest Regional Park and located at 2700 West 14010 South in Bluffdale, this 80-acre park is one of three regional parks under construction by Salt Lake County Parks & Recreation. This park is funded by the \$47 million Park Bond, authorized by voters in 2012. Salt Lake County purchased the 80-acre space from the LDS church in 2008, with funds from the 2006 Open Space Bond. Now, with funds from the 2012 Park Bond, Phase 1 (41 acres) of the park is scheduled to open late 2016.
