INFORMATION ITEM

Legislative Session Report

Ben Horsley, Communications Director, shared two charts electronically with board members. One chart covered the educational bills over the entire legislative session and the second chart listed bills that require some sort of compliance on our part. (Exhibits #1640 & 1641)

Mr. Horsley highlighted two bills specifically that we are pleased with: SB38 School Funding Amendments and HB288 Student Privacy Bill. Both bills went through a number of substitutions, ultimately coming to a good compromise for all parties involved.

The Compliance Tracking sheet listed bills that require action by the District. A “Person in Charge” is noted on the tracking sheet which identifies the person and/or division who will be responsible to make sure we are compliant.

ACTION ITEM

Student Travel Amendments

Doug Larson, Policy & Legal Services Director, presented this policy. Many discussions have occurred on this policy with most of the discussions centered on fundraising rather than on student travel. As a result some language has been taken out of the student travel policy and some language has been added in to refer back to the fundraising policy. There was also added language to the fee schedule to include a reasonable per diem amount of \$25 per day.

A suggestion was made for section j.i. and j.ii. to change the word “should” to “shall” to make the provisions in those sections mandatory.

Motion: **I move approval on a second reading as amended.**

Made by: Dan Lofgren

Seconded by: Connie Burgess

Called for vote: President Bawden

Results: Motion Passed Unanimously
