Dear Mr. Bennett,

I am a private landowner in the Wasatch Canyons and also a taxpaying resident of Salt Lake County.

As Utah's Quality Growth Director, I request that you address an issue that may impact growth in Utah.

I believe that Salt Lake County and Salt Lake City through the Mountain Accord process are limiting the availability of water and are acting in an arbitrary and capricious manner.

I request that the Utah Quality Growth Commission review the information that I send to you and that the Commission forwards a recommendation to the State Legislature and the Governor regarding how to address this issue.

Sincerely

/s/ Wayne Crawford
