

Grounds

School grounds shall be constructed and maintained in conformance with Utah Department of Health requirements and applicable building codes.
Utah Admin. Rules R392-200-5 (February 19, 2014)

Buildings

Every school building shall be located on grounds that are well drained and maintained in a sanitary condition and in accordance with Utah Department of Health requirements to applicable health codes. All buildings shall be properly ventilated and provided with appropriate sanitary facilities and controls, an adequate supply of drinking water, an approved sewage disposal system, hand washing facilities, a heating system, and lighting facilities, ventilation systems, and health and safety facilities, all of which shall conform with Utah Department of Health requirements established standards of good public health engineering practices.

Utah Admin. Rules R392-200-7 (February 19, 2014)

Utah Admin. Rules R 392-200-8 (February 19, 2014)

Utah Admin. Rules R 392-200-9 (February 19, 2014)

Carbon Monoxide Detectors

Each school building shall be equipped with carbon monoxide detectors as required by state statute. (See Utah Code § 15A-5-204(25) and Utah Code § 15A-5-205.5(6).)

Utah Code § 15A-204(25) (2014)

Utah Code § 15A-5-205.5(6) (2013)

Lunch Rooms Food Service Facilities and Equipment

All school ~~lunch rooms~~ lunchrooms, dining areas, and food preparation areas shall be maintained in accordance with Utah Department of Health requirements and local health department regulations. Any food provided by the school shall be obtained, transported, and served from approved sources according to the Utah Department of Health regulations, ~~state food and drug regulations.~~

Utah Admin. Rules R392-200-6 (February 19, 2014)

Custodial Services

All school buildings and appurtenances to buildings shall be maintained in a sanitary manner, and all full-time building custodians and janitors shall be trained to perform their duties.

Pest Management

The District is required to minimize in school buildings and on school grounds the presence of pests that may carry disease, may carry allergens likely to effect individuals with allergies or respiratory problems, or may sting or bite causing mild to serious reactions. The District shall establish integrated pest management practices and principles to prevent unacceptable levels of pest activities in school buildings and school grounds with the least possible hazard to people, property, and the environment. The

District shall establish a written integrated pest management plan meeting the requirements of Utah Department of Health regulations. (This may be provided by a pest management contractor.)
