UNFINISHED ITEMS:

NABP Newsletter Update

Out of order on the agenda:

Mr. Ishihara advised the Board that the Division will send a complete email list of active licensees to NABP every quarter. NABP stated they would send emails to active licensees with the newsletter attached or with a link to the newsletter. The Board recommends sending out an email with a link to the newsletter. The Board recommends the licensee not have the option of opting out of these emails because the newsletter will contain important information about statute and rule changes and issues within the profession that each licensee is responsible to know. The Board would like the ability to monitor any feedback or comments received.

Update from the Rule Writing Meeting

Out of order on the agenda:

Mr. Ishihara thanked everyone for attending the first Pharmacy Rule Writing meeting on June 1. He reviewed the language change recommendations regarding Central Processing and 3PLs. Mr. Ishihara stated he will continue working on the draft and will forward it to the Board for additional input. The Charitable Prescription Drug Recycling Program rules will be its own rule filing. The other changes will be done in one or two rule filings.

NEW DISCUSSION ITEMS:

PBMs forcing all specialty drugs to go mail order, Mr. Ishihara

Mr. Ishihara advised the Board that the Division received an email regarding PBMs forcing all specialty drugs to go to specific mail order pharmacies. After a short discussion, the Board noted that this is an insurance issue and is not sure if the pharmacy licensing act rule should address this. The Board also discussed that there is growing documentation that the use of specialty pharmacies have better outcomes.

Public Member update

The Board noted Dr. Lundberg's term on the Board expires June 30, 2016. The Board thanked Dr. Lundberg for her time and dedication to the Pharmacy profession. Mr. Ishihara advised the Board that Dr. Lundberg will continue attending the Pharmacy Board meetings until someone has been appointed.
