Weekly Update for the Week of July 11-15, 2016

City Manager

1. Still working with Civic Live to pinpoint the email problem with their Citizen Dashboard program. We've narrowed it down to what ISN'T the problem, but we're still waiting for them clear it up. We're using the system "manually" in the meantime, so that citizen issues are being addressed.
2. The August newsletter content has been delivered to the designer, and we should have a proof by Monday, July 18. I will send electronic copies to the council and staff for proofreading once Stephanie has had a chance to go over it. Our designer will be out of town between July 18 and 23 with limited access to Internet. We'll get the final edits done when she returns, and the final product sent to the printer by July 26.
3. The Butlerville Days social media effort is in full swing, with tweets scheduled daily, highlighting many of the unique activities going on. I'll be working through #BVDays2016, and will adjust my hours to mitigate too much overtime.

Police

1. We plead out the Air B and B case today with 18 months' probation on a plea in abeyance with the agreement that he will not rent anymore. If he does it goes on his record.
2. Unusual amount of calls involving the new Pokémon GO game. Reports of people being assaulted/robbed in public parks. So far all of ours have been self-inflicted false reports.
3. Extra Fireworks patrols in the parks continuing.
4. Officer Tom Daugherty represented Cottonwood Heights at the funeral and memorial services for the officers lost in the line of duty in Dallas Texas on Thursday July 7, 2016 (see photos below).

Administrative Services

1. The citizen's survey has been completed and information is being tabulated by Y2 Analytics.
2. Assisting with the phone system and internet connection at the new city hall.
3. The final preparations for Butlerville Days and the Seven Brides for Seven Brothers play are underway.
4. We learned that the Murry parade awarded our float as the "Overall Judges Choice" award.

Public Works

1. All of the Ford 550 pickups are now finished and delivery of the last one takes place on July 18th.
2. The Johnston street sweeper has been delivered.
3. Staff is working on site requirements for the new public works salt shed/garage as well as a location for the temporary building.

Engineering

1. We participated in the Mountain Accord – Cottonwood Transportation Technical Committee reviewing Transit Priority Concepts.

2. Moving forward with UDOT on the planning for SR-210/Wasatch Blvd High-T Intersection.
3. Pre-Construction Meeting with Granite Construction & UDOT for SR-210 from MP 0 – MP 3.86 on Wasatch Blvd. Project includes Bike Lane Widening, Curb & Gutter at rock fall location and asphalt gutter replacement on both sides on Wasatch Blvd.
