

Minutes for September 14, 2016 Community Council

Those in attendance

David Bone, Angela Johnson, Rod Hinck, Dani Hallows, Pam Allred

Talked about possibilities for new members Ryan Spainhower and Brandi Marsh. All agreed that they would be an asset to the council. Mr. Hinck was going to contact them.

Went over Trust Land Proposal for 2016-2017. Promethian boards, replacement card of chromebooks and TLA for the library.

Discussed the first day of school, back to school night and orientation that took place on August 16. Talked about our emergency drill and the different things we learned from this. All teachers need to mark anyone absent that is not standing in their lines when they take roll even if they know they are here. If they aren't in the line we can't account for them. We had a class that was on a fieldtrip and so those kids were not here to account for until we got a hold of Mrs. Anderson. All teachers if they leave building need to make sure we have a list of students that they have with them. We need to account for TA's etc as well. So teachers that have a TA need to be responsible for that.

Talked about our new fundraiser. Liberty Fundraising, wrapping paper, chocolates, and other items. 9/16-9/27. Students are just to sell to family and friends not go door-to-door.

We are out for fall recess on October 21st, 24th and 25th.

Red Ribbon week. The PTO will get with the teachers to discuss different Red Ribbon Week activities. The dates are October 31-November 4) Talked about possibly changing the dates and ending it on October 31.

We watched the two videos "Touch the Future" and "Earning for Education."
