

JUVENILE JUSTICE SERVICES

UBJJ Annual Meeting

October 2016

Division Goals

Improve short-term and long-term outcomes for our youths.

Evidence-based treatment models, clinical services, improved private provider contracts, career readiness, vocations & certificate programs.

Support families in the rehabilitation process.

Early MH screening, In-home O&A, Child & Family Team Meetings, Procedural Justice, increased visiting & family nights.

Improve the safety, security and morale of JJS youths and employees.

Trauma informed approaches, staff certification process at multiple levels, Performance based standards, behavior management system. Improved hiring and recruitment, compensation growth map.

DHS MODEL OF CARE

A strategic framework to guide our department-wide purpose, which is to strengthen lives by providing children, youth, families and adults individualized services to thrive in their homes, schools and communities.
