RE: Request to open Washington County 2011 one year Prioritized List

Dear Mr. Zabriskie:

The City of Enterprise is requesting that the Utah Permanent Community Impact Fund Board Washington County 2011 one year prioritized list be opened for the consideration of inclusion of an additional project, the Enterprise Water Project 2012. Enterprise will be seeking funding during the current fiscal year to partially fund the project.

We anticipate approaching the CIB for a loan to partially fund the project. Total cost of the project is estimated to be \$878,000, with Enterprise City's participation at \$100,000. We will be seeking funding for the remainder. We plan to submit our application this spring, which would necessitate this project being on the current year's priority list.

Thanks for your help. If you have any questions, please contact me.

Sincerely,

Adam Bowler
