3. NEW BUSINESS

A. Possible appointment of a new Council Member

There were three Oakley residents interest in filling the vacancy left by Councilor Edmunds. The Mayor and Council thanked them for being willing to serve the community. They had prepared questions for each of the three candidates. Each candidate was given the opportunity to answer the questions. After they had finished with all the questions the Mayor asked for a motion to appoint one of them to fill the vacancy.

Councilor Smart made a motion to appoint Stephanie Woolstenhulme as a Councilor on the Oakley City Council. Councilor Frazier seconded the motion, Councilor Hoggan voted no, motion passed

51 C. Chad Kramer – update on the water

52

53 Chad stated that the new meters were being installed. The City has hired Meter Works to install
54 the new meters. Chad is trying to find out the size of each meter. He would like to have them
55 standardized. There was a discussion about the water to the two homes in the Hanes Subdivision. Rural
56 Water is helping Chad to establish water rates and to create a tier system for water usage. Maple Ridge
57 water meters are all 1 ½. The meters have been sitting in the old fire station for a while and he will get
58 them installed.

59 Twin "D" Inc. has been scoping the sewer lines along 4200, Millrace and River Road. Some of
60 the lines were just videoed and some were cleaned and videoed. The trunk lines in the City are really old
61 and need to be replaced. Mayor Woolstenhulme told Chad to prioritize the lines needing to be replaced.
62 The City won't be able to replace the lines all at once.

63 Chad has found someone to repair the cracks in the cottonwood spring tank. The membrane
64 covering the tank will probably need to be replaced.
