**NOTES/COMMENTS:**

**RECOMMENDATION:**

City Administration recommends that the City Council amend Chapter 10 of Eagle Mountain City's Municipal Code for parking.

**BACKGROUND:**

As the City continues to grow, there has been an increased number of complaints regarding parking-related issues that have been brought to both City Council members and City staff. As a result, the Assistant City Administrator, City Engineer, Community Development Director and the Streets Superintendent met to analyze the current Code on parking. During that meeting, many changes were recommended. These changes came about from analyzing the Utah State Code on parking, as well as using street measurements and traffic counting devices during subsequent periods to come up with an overhaul of the existing Code.

  - 2.2 To provide for the greatest possible economy in procurement activities for the City.
  - 2.3 To foster effective broad-based competition within the free enterprise system to ensure that the City will receive the best possible service or product at the lowest possible price.

3. COMPLIANCE. Exemptions from this Ordinance. The following transactions are exempt from the competitive bidding requirements of this Ordinance. The City Administrator shall determine whether or not a particular contract or purchase is exempt under the following criteria:

  - 3.2 When a procurement involves the expenditure of federal assistance funds, the City shall comply with applicable federal law and regulations, when required to do so, to achieve the goal of the use of the desired funds.
  - 3.3 Emergency contracts which require prompt execution of the contract because of an imminent threat to the safety or welfare of the public, or public or private property; circumstances which place the City or its officers and agents in a position of serious legal liability; or circumstances which are likely to cause the City to suffer financial harm or loss, the gravity of which clearly outweighs the benefits of competitive bidding in the usual manner, shall be exempt. The City Council shall be notified of

any emergency contract which would normally have required their approval as soon as reasonably possible.

- 3.5 Purchases from vendors who are a sole source of the goods or services under procurement shall be exempt.

5. AUTHORITY OF CITY ADMINISTRATOR.

- 5.1. The City Administrator or a person designated by the City Administrator shall be responsible for the following:
  - 5.1.1 Ensure that all purchases for services comply with this Ordinance;
  - 5.1.2 Review and approve all purchases of the City;
  - 5.1.3 Establish necessary additional procedures for the efficient and economical management of the contracting and purchasing functions authorized by this Ordinance. Such procedures shall be in writing and on file in the office of the City Administrator as a public record;
  - 5.1.4 Maintain accurate and sufficient records concerning all City purchases and contracts for services;
  - 5.1.5 Maintain a list of contractors for public improvements and personal services who have made themselves known to the City and are interested in soliciting City business;
  - 5.1.6 Make recommendations to the City Council concerning amendments to this Ordinance.

6. GENERAL POLICY.

- 6.1 All City purchases and contracts for goods and services shall be subject to this Ordinance.
- 6.2 No contract or purchase shall be so arranged, fragmented or divided with the purpose or intent to circumvent this Ordinance.
- 6.3 No purchase shall be contracted for, or made, unless sufficient funds have been budgeted in the years in which the funds are to be expended.
- 6.4 All reasonable attempts shall be made to publicize anticipated purchases or contracts in excess of \$10,000 to known vendors, contractors and suppliers.
- 6.5 When it is advantageous to the City, annual contracts for services and supplies regularly purchased should be approved.
- 6.6 All purchases and contracts must be approved by the City Administrator unless otherwise specified in this Ordinance.
- 6.7 All contracts for services shall be approved as to form by the City Attorney.
- 6.8 The following purchases require City Council approval unless otherwise exempted in this Ordinance:
  - 6.8.1 All contracts (as defined) over \$20,000.
  - 6.8.2 All contracts and purchases awarded through the formal bidding process.
  - 6.8.3 Any item over \$10,000 which is not anticipated in the current budget.
  - 6.8.4 Accumulated "Change Orders" which would increase a previously approved contract by \$5,000.00 or more, taking into consideration all previously approved change orders to the contract under consideration.
- 6.9 Acquisition of the following specific items must be awarded through the formal sealed bid process:
  - 6.9.1 All contracts for public improvements over the amount specified by state law (currently \$25,000).
  - 6.9.2 Contracts for grading, clearing, demolition or construction in excess of the amount specified by state law (currently \$2,500.00) undertaken by

the Community Redevelopment Agency.

- 6.10 Purchases of Materials, Supplies and Services are those items regularly purchased and consumed by the City. These items include, but are not limited to, office supplies, janitorial supplies, maintenance contracts for repairs to equipment, asphalt, printing services, postage, fertilizers, pipes, fittings and uniforms. These items are normally budgeted within the operating budgets. Purchases of this type do not require "formal" competitive quotations or bids.
- 6.11 Capital Assets are "equipment type" items which are normally included in a fixed asset accounting system having a material life of three years or more and which cost in excess of \$5,000.00. Capital Assets are normally budgeted within the normal annual budgets. Purchases of Capital Assets in amounts less than \$20,000.00 under this subparagraph 6.11 do not require "formal" bids. All reasonable attempts shall be made to obtain at least three written quotations on all purchases of Capital Assets and the provisions of Section 7.2 shall apply.
- 6.12 Contracts For Professional Services are usually contracts for services performed by an independent contractor in a professional capacity who produces a service predominately of an intangible nature. These include, but are not limited to, the services of an attorney, physician, engineer, accountant, architectural consultant, dentist, artist, appraiser or photographer.

Professional service contracts are exempt from competitive bidding. The selection of personal service contracts shall be based on an evaluation of the services needed, the abilities of the contractors, the uniqueness of the service and the general performance of the contractor. The lowest quote need not necessarily be the successful contractor. Usually, emphasis will be placed on quality, with cost being the deciding factor when everything else is equal. The Administrator shall determine which contracts are personal service contracts. Major personal service contracts for single projects (\$20,000 and over) must be approved by the City Council.

- 6.13 Contracts for Public Improvements are usually those contracts for the construction or major repair of roads, highways, parks, water lines and systems, buildings and building additions. Where a question arises as to whether or not a contract is for public improvement, the Administrator shall make the determination.

Minor public improvements (less than the amount specified by state law.): The department shall make a reasonable attempt to obtain at least three written competitive quotations. A written record of the source and the amount of the quotations must be kept. The Administrator may require formal bidding if it is deemed to be in the best interest of the City.

Major public improvements (greater than or equal to the amount specified by state law): Unless otherwise exempted, all contracts of this type require competitive bidding.

7. PURCHASES NOT REQUIRING SEALED BIDS.

- 7.1 Expenditures of less than \$1000.00 in total, shall not require bids of any type, but are subject to the General Policy in this Ordinance. (Purchases shall not be artificially divided so as to constitute a small purchase under this section.)
- 7.2 Expenditures of more than \$1,000.00 but less than \$25,000.00 in total, shall require three documented price quotes.
- 7.3 Purchases made through the cooperative purchasing contracts administered by the State Division of Purchasing.

8. PURCHASES REQUIRING SEALED BIDS.

- 8.1 Bids for purchases exceeding \$25,000.00.
- 8.2 Bids shall be unconditionally accepted without alteration or correction except as authorized in this Ordinance. Bids shall be evaluated based on the requirements set forth in the invitation for bids.
- 8.3 Bid Specifications: Specifications for public contracts shall not expressly or implicitly require any product by any brand name or make, nor the product of any particular manufacturer or seller, unless the product is exempt by these regulations or the City Council.

~~8.4 — Advertising Requirements: An advertisement for bids is to be published at least twice in a newspaper of general circulation, in the city, and in as many additional issues and publications as the City Administrator may determine, at least five days prior to the opening of bids.~~

~~8.5 — All advertisements for bids shall state:~~

~~8.5.1 — The date and time after which bids will not be accepted;~~

9.2 Filed with the City Administrator;

9.3 Opened publicly by the City Administrator at the time designated in the advertisement and filed for public inspection;

9.4 Have the appropriate bid security attached, if required by the specifications for the project.

10. AWARD OF CONTRACT. After bids are opened, and a determination made that a contract be awarded, the award shall be made to the lowest responsible bidder. "Lowest responsible bidder" shall mean the lowest bidder who has substantially complied with all prescribed requirements, has submitted the bid in good faith, has a history of fully performing work at the bid price, and who has not been disqualified as set forth herein.

The successful bidder shall promptly execute a formal contract and, if required, deliver a performance and payment bond to the City in a sum equal to the contract price, together with proof of appropriate insurance. Upon execution of the contract, bond, and insurance, bid security shall be returned. Failure to execute the contract, bond, or insurance shall be cause to forfeit the bid security.

11. REJECTION OF BIDS. The City Administrator or the City Council may reject any bid not in compliance with all prescribed requirements, and reject all bids if rejection of all bids is determined to be in the best interest of the City.

12. DISQUALIFICATION OF BIDDERS. The City Administrator, upon investigation, may disqualify a bidder if:

12.1 The bidder does not have sufficient financial ability to perform the contract;

12.2 The bidder does not have equipment available to perform the contract;

12.3 The bidder does not have key personnel available, of sufficient experience, to perform the contract;

- 12.4 The person has repeatedly breached contractual obligations with public and private agencies;
  - 12.5 The bidder fails to comply with the requests of an investigation by the City Administrator.
13. PRE-QUALIFICATION OF BIDDERS. The City may require pre-qualification of bidders.
- 13.1 Upon establishment of the applicant's qualifications, the City Administrator shall issue a qualification statement. The statement shall inform the applicant of the project for which the qualification is valid, as well as any other conditions which may be imposed on the qualification. It shall advise the applicant to notify the City Administrator promptly if there has been any substantial change of conditions or circumstances which would make any statement contained in the pre-qualification application no longer applicable or untrue.
  - 13.2 If the City Administrator does not qualify an applicant, written notice to the applicant is required stating the reasons the pre-qualification was denied and informing the applicant of the right to appeal the decision within five business days after receipt of the notice. Appeals shall be made to the City Council. The City Administrator may, upon discovering that a pre-qualified party is no longer qualified, revoke pre-qualification by sending notification of the revocation to the party subject to the revocation. The notice shall state the reason(s) for revocation, and that the revocation will be effective immediately.
14. APPEALS PROCEDURE. Any supplier, vendor, or contractor subject to an adverse procurement decision by the City, in violation of this Ordinance, may appeal that decision to the City Council.
- 14.1 The complainant shall promptly file a written appeal letter, with the City Administrator, within five working days from the time the alleged incident occurred. The letter of appeal shall state all relevant facts of the matter and the remedy sought.
  - 14.2 Upon receipt of the notice of appeal, the City Administrator shall forward, to the City Council, the appeal notice, his investigation of the matter and any other relevant information.
  - 14.3 The City Council shall conduct a hearing on the matter and provide the complainant an opportunity to be heard. A written decision shall be sent to the complainant.

15. ACCOUNTS PAYABLE. The City's Finance Director will be responsible for establishing a system/process for the accurate and timely processing of all disbursements of city funds with emphases on taking advantage of discounts when available and avoidance of late charges. The City Council will be provided a check register detailing all checks issued by the City's accounts payable once a month at the first council meeting of the month for the proceeding month.
  
16. CANCELLATION AND REJECTION OF BIDS.
  - 16.1 An invitation for bids, a request for proposals, or other solicitation may be canceled, or any or all bids or proposals may be rejected, in whole or in part, as may be specified in the solicitation, when it is in the best interest of the City; the reasons for cancellation or rejection shall be made part of the contract file.
  
  - 16.2 Bids will not be invited or solicited from and contracts will not be concluded or made with persons or entities controlled by, or in which persons have a financial interest who are elected officials of the City, employees, or persons under professional services contracts with the City or members of the immediate family of such elected officials, employees or consultants, or other persons or entities which violate other provisions of law; the City shall not contract for professional service with any person or entity which provides professional services to any person or entity engaged in development in the City or otherwise contracting with the City for goods and/or services.
  
17. COST-PLUS-A-PERCENTAGE-OF-COST PROFIT CONTRACTS PROHIBITED.
  - 17.1 Subject to the limitations of this section, any type of contract which will promote the best interests of the City may be used, provided that the use of a cost-plus-a-percentage-of-cost profit contract is prohibited unless specifically approved by the City Council under special circumstances which clearly justify the use of such contracts because the scope of work or the nature of the work is to be closely supervised by the City and the City council so finds in writing. A cost-reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the City than any other type or that is impracticable to obtain the supplies, services, or construction required except under such a contract.
  
18. REQUIRED CONTRACT CLAUSES.
  - 18.1 The unilateral right of the City to order, in writing, changes in the work within the scope of the contract and changes in the time of performance of the contract that do not alter the scope of the contract work.
  
  - 18.2 Variations occurring between estimated quantities of work in a contract and actual

quantities.

- 18.3 Suspension of work ordered by the City.
  - 18.4 Requirements for performance bonds and labor and material payment bonds as required by law for construction projects.
  - 18.5 Other provisions required for compliance with federal or state law.
  - 18.6 All specifications shall seek to promote overall economy and best use for the purposes intended and encourage competition in satisfying the needs of the City and shall not be unduly restrictive. Where practical and reasonable, and within the scope of this article, Utah products shall be given preference as required by Utah law.
19. APPEALS. The City Council shall be the final appeal entity on the City level.
  20. CONFLICTS PROHIBITED. No person involved in making procurement decisions may have personal investments or derive any income from any business entity which may create a conflict between their private interests and their public duties.
