6. Men's Association Report (Mike)
7. Golf Professional Report (Jeff)
8. Golf Superintendent Report (Randy)
9. Open Forum

Next Meeting: January 17, 2019, 5:00pm

Logan River Golf Advisory Board Meeting

Thursday, November 15, 2018, 5:00pm

Logan River Golf Course Tournament Room

Present: Kaycee Hunt, Marian Fielding, Mike Smith, Randy Oldham, Jeff John, Kevin Hansen, Dawn Drost, Herm Olsen, Brandon Casper, Holley Allen

Excused: Russ Akina, Tom Wood

Approval of Minutes: Herm made a motion to approve the minutes from the October 18, 2018 Logan River Golf Advisory Board Meeting. Kaycee seconded the motion. The minutes were unanimously approved as written.

Introduction of New Women's President:

- Marian introduced herself to the Board
- Kevin asked if Marian had any ideas for the Women's Association; she said the Association ran really well and hoped to keep it running smoothly
- Kevin said the Board has a goal to build the customer base at the Golf Course

Soil Sample:

- Randy provided a soil sample from one of the greens to show the Board what has been done
- Over the last six years he has built the top inch of sand
- There used to be one inch of thatch; the more the thatch layer is buried, the better it will be
- The black part of the sample is not good; it means the air isn't getting down into the soil
- The root system is pretty deep but could be better
- Kevin asked what an ideal sample would look like; no black spots and no layers
- Kevin asked if there is a time of year when people shouldn't fix a ball mark; no, if the ground is hard enough the ball won't leave a mark
 - Brandon tried to repair a ball mark but couldn't insert the fixer because the ground was too hard

Christmas Dinner:

- Everyone received an invitation for the annual Christmas dinner
- The menu is prime rib, baked potatoes, salad, and rolls; those with special dietary needs should talk to Jeff
- The dinner is for everyone on the Board and their plus one
- Kevin reminded everyone to RSVP to Jalayne by Friday, December 7

Women's Association Report:

- Marian wasn't sure what to share with the Board; tournament information and participation in the Women's Association
- The Association will continue to host the annual tournament for breast cancer, which draws a lot of participation, especially from women who aren't members of the Association

Men's Association Report:

- Brandon said the presidency is organized and they'll meet at the beginning of the year

- There was a good turnout for the Halloween tournament the Association hosted
 - Some of the proceeds will go to breast cancer; Kaycee has the contact information for the check delivery
 - Randy provided difficult pin placements and put out the pink flags on the odd holes
- Mike hasn't been able to find the bylaws for the Men's Association; Marian will email the bylaws for the Women's Association so he can use those to structure the bylaws for the Men's Association

Golf Professional Report:

- Jeff gave everyone a handout advertising the Christmas sale, which starts on Black Friday and runs through Christmas
 - The ad said "buy a men's shirt and get 18 holes" for free but it includes women's shirts too
- He also passed out his monthly financial reports
- There were seven rain days this year and only one rain day last year which resulted in a \$7,000 difference
- Brought in a little over \$500,000 from July 1 through October
- Jeff was pleased to be over \$71,000 in revenue for the month of October
- The Course will probably be open the day before Thanksgiving and the day after Thanksgiving

Golf Superintendent Report:

- Winterizing the golf course; spraying fungicides on greens, tees, approaches, collars, and some fairways
 - #1 and #12 are probably the most prone to snow mold
- Just finished top dressing which will help insulate everything
- Pulled the tee markers because he doesn't have enough help to move the tee markers every day
- Most of the ropes and rakes have been picked up but he'll leave out a few ball washers
- The tee box on #2 is done; used a dormant seed but if the grass doesn't come up he may have to sod it
- Brigham City is installing a \$2.8 million irrigation system; they lease their course to an independent contractor
 - Their equipment is on a replacement program with the whole city
- Randy is getting four new pieces of equipment next week
- The pump system and the infrastructure need to be replaced
- All of the greens bunkers have been replaced but none of the fairway bunkers have been done
- Kevin asked if anything will happen with the cart paths this fall; yes, but it will be difficult without a crew
- Kevin asked about the grant; the Department was awarded \$22,000 to purchase electric utility equipment
- Mike asked if other City departments can help with the cart paths; yes
- Dawn asked about the mini excavator; it's kept at the Cemetery
 - Randy would like to use it but he doesn't have a trailer to haul it

Open Forum:

- Herm asked why dry years benefit the Course; people can golf when the Course isn't closed for rainy days
- Randy asked if Herm has heard negative comments about the Golf Course; he has heard intermittent gripes about how the Course doesn't pay for itself and is a loss for the City
 - Jeff did an economic impact study last year to illustrate how much money is spent in the valley when people use the Course
 - Kevin said other golf associations play at this Course and spend money in the valley

- Marian said she doesn't ever go to a soccer park to play soccer but she wants those fields available for people to recreate and views the Golf Course the same way
 - Dawn asked if this course is the home course for the high schools; it's the home course for two high schools and the practice course for another high school
- Dawn asked about cross country skiing; Randy would like the Course to be open for cross country skiing
 - He tried to get Nordic United to groom the Course last year but they weren't very responsive
 - Randy is in favor of using the Course as another recreation site; people can ski anywhere on the driving range but they need to stay on groomed trails if they ski on the Golf Course
 - Mike asked if the Course charges for cross country skiing; no, Jeff said it didn't make sense to charge a fee because it's like using a trail
 - Randy likes to share the beauty of the Course with as much of the community as possible
- Brandon asked about the new signs; Randy said he received the posts but not the signs
 - The weather is perfect for the installation; he will install the signs as soon as they arrive

Next Meeting: January 17, 2019 at 5:00pm

Adjourned: 5:47pm

Minutes Submitted by: Jalayne Hatch

The River Golf Shop
