

Exhibit "A"
2019 Municipal Elections
Scope of Work

The City agrees to the consolidation of all election administrative functions to ensure the successful conduct of multiple, simultaneous municipal, local district elections and county elections and the County agrees to conduct vote by mail/consolidated polls elections for the City.

In a consolidated election, decisions made by the County regarding resources, procedures and policies are based upon providing the same scope and level of service to all the participating jurisdictions and the City recognizes that such decisions, made for the benefit of the whole, may not be subject to review by the City.

Services the County will perform for the City include, but are not limited to:

- Ballot layout and design
- Ballot ordering and printing
- Machine programming and testing
- Delivery of supplies and equipment
- Provision of all supplies
- Election vote center/early vote locations
- Vote by Mail administration
- Updating state and county websites
- Tabulating, reporting, auditing and preparing canvassing election results
- Conducting recounts as needed
- All notices and mailings required by law (except those required by Utah Code Ann. Ch. 11-14, Part 2 and § 20A-9-203)
- Direct payment of all costs associated with the elections to include vote center workers, training, polling places, rovers.

The City will provide the County Clerk with information, decisions, and resolutions and will take appropriate actions required for the conduct of the elections in a timely manner.

The County will provide a good faith estimate for budgeting purposes (Exhibit "B"). Election costs are variable and are based upon the offices scheduled for election, the number of voters, the number of jurisdiction participating as well as any direct costs incurred.

The City will be invoiced for its pro-rata share of the actual costs of the elections which will not exceed the estimate in Exhibit B. In the event of a state or county special election being held in conjunction with a municipal election, the scope of services and associated costs, and the method of calculating those costs, will remain unchanged.
