

Audio Live Streaming and Archive Services

Quotes

	<u>Cost/Month</u>	<u>Services</u>	<u>Notes</u>
<u>AV Capture:</u>	\$599/month	Unlimited public access to live audio stream and audio archival.	Includes installation, support, and training. audio archival. Dos not include equipment.
<u>Boxcast:</u>	\$229/month	Primarily a live video stream, with a secondary audio archive feature.	Staff determined that audio stream is the primary goal for a streaming service, making many of the Boxcast video streaming features obsolete.
<u>JCG Technologies:</u>	\$299/month, \$1,999 set-up fee	Live audio stream and archive feature, minutes and meeting material upload sync.	This is the service that Cottonwood Heights utilizes. We already have access to the equipment (sound mixer, mics, recording device). The set-up fee includes software training and software configuration. Unlimited viewers and unlimited meetings. Specifically geared towards government meetings. Provides analytic data.
<u>Soniclear:</u>	\$9,790 equipment fee, annual fee of \$600 - \$1,000	Unlimited public access to live and archived audio recording.	The bulk of this service fee is for equipment including audio recorder and sound mixer, cables, and microphones, adaptors. We have access to the Cottonwood Heights equipment, and do not presently need our own.

Recommendation: JCG Technologies
