Conditional Use Summary and Recommendation

Public Body: Tooele County Planning Commission

Parcel ID: 05-034-0-0004

Meeting Date: March 6, 2019

Current Zone: A-20 (Agricultural, 20 Acre Minimum)

Property Address: 175 East SR-138

Request: Conditional Use Approval for existing house to be declared accessory to new single-family dwelling
Unincorporated: Stanbury Park

Planners: Jeff Miller

Planning Staff Recommendation: Approval with Conditions

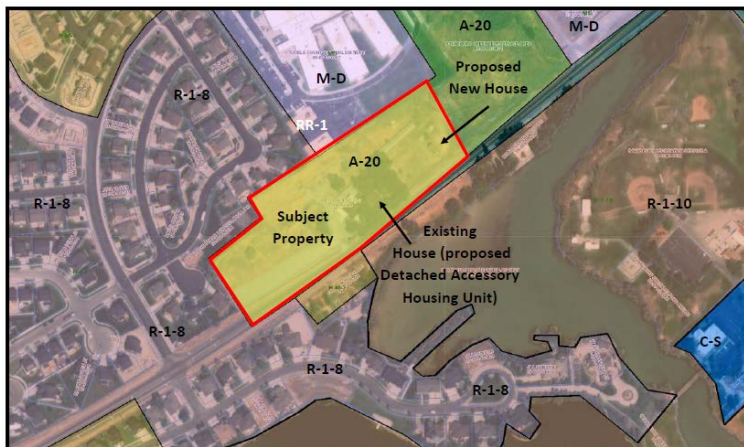

Applicant Name: Bryan Coulter

PROJECT DESCRIPTION

Bryan Coulter is requesting conditional use approval for an existing house to be declared as a detached accessory dwelling unit to a proposed new single-family dwelling. The existing house is known as "The Coulter House", and most of the square footage within the building is being used as a reception center under previous approval as a "Cottage Industry", which, "means a business conducted entirely within a dwelling or in an accessory structure without altering the residential character, manufacturing artistic, handicraft, and other craft items and (providing) services rendered on the premise."

The Tooele County Zoning Administrator has determined that a detached accessory housing unit could be classified as an accessory structure, which would allow for the detached accessory housing unit and the existing reception center to continue to co-exist. Currently, the main dwelling is 3,255 square feet in size, with only 677 square feet being utilized strictly for residential purposes.

SITE & VICINITY DESCRIPTION (see attached map)

The subject property is located immediately west of the Benson Grist Mill and is located along SR-138. There are single-family residential uses in the R-1-8 zone to the south, west, and north. The Old Mill Elementary School is located immediately north of the subject property. The Mill Pond is located southeast of the subject property.

Compliance with the General Plan.	Yes

ISSUES OF CONCERN/PROPOSED MITIGATION

There is a grandfathered second access to the property, immediately west of the proposed new house (which is proposed to be built out of an existing historic structure). This access is for residential use only, and cannot be used for patrons of the existing reception center.

NEIGHBORHOOD RESPONSE

Planning Staff has not received any comments from the surrounding neighbors or the general public. Any comments that are received will be presented to the Planning Commission on March 6, 2019.

PLANNING STAFF ANALYSIS

Planning Staff has reviewed the proposed conditional use and has found that it is cohesive with surrounding uses, the Tooele County General Plan Update 2016, and the Tooele County Land Use Ordinance.

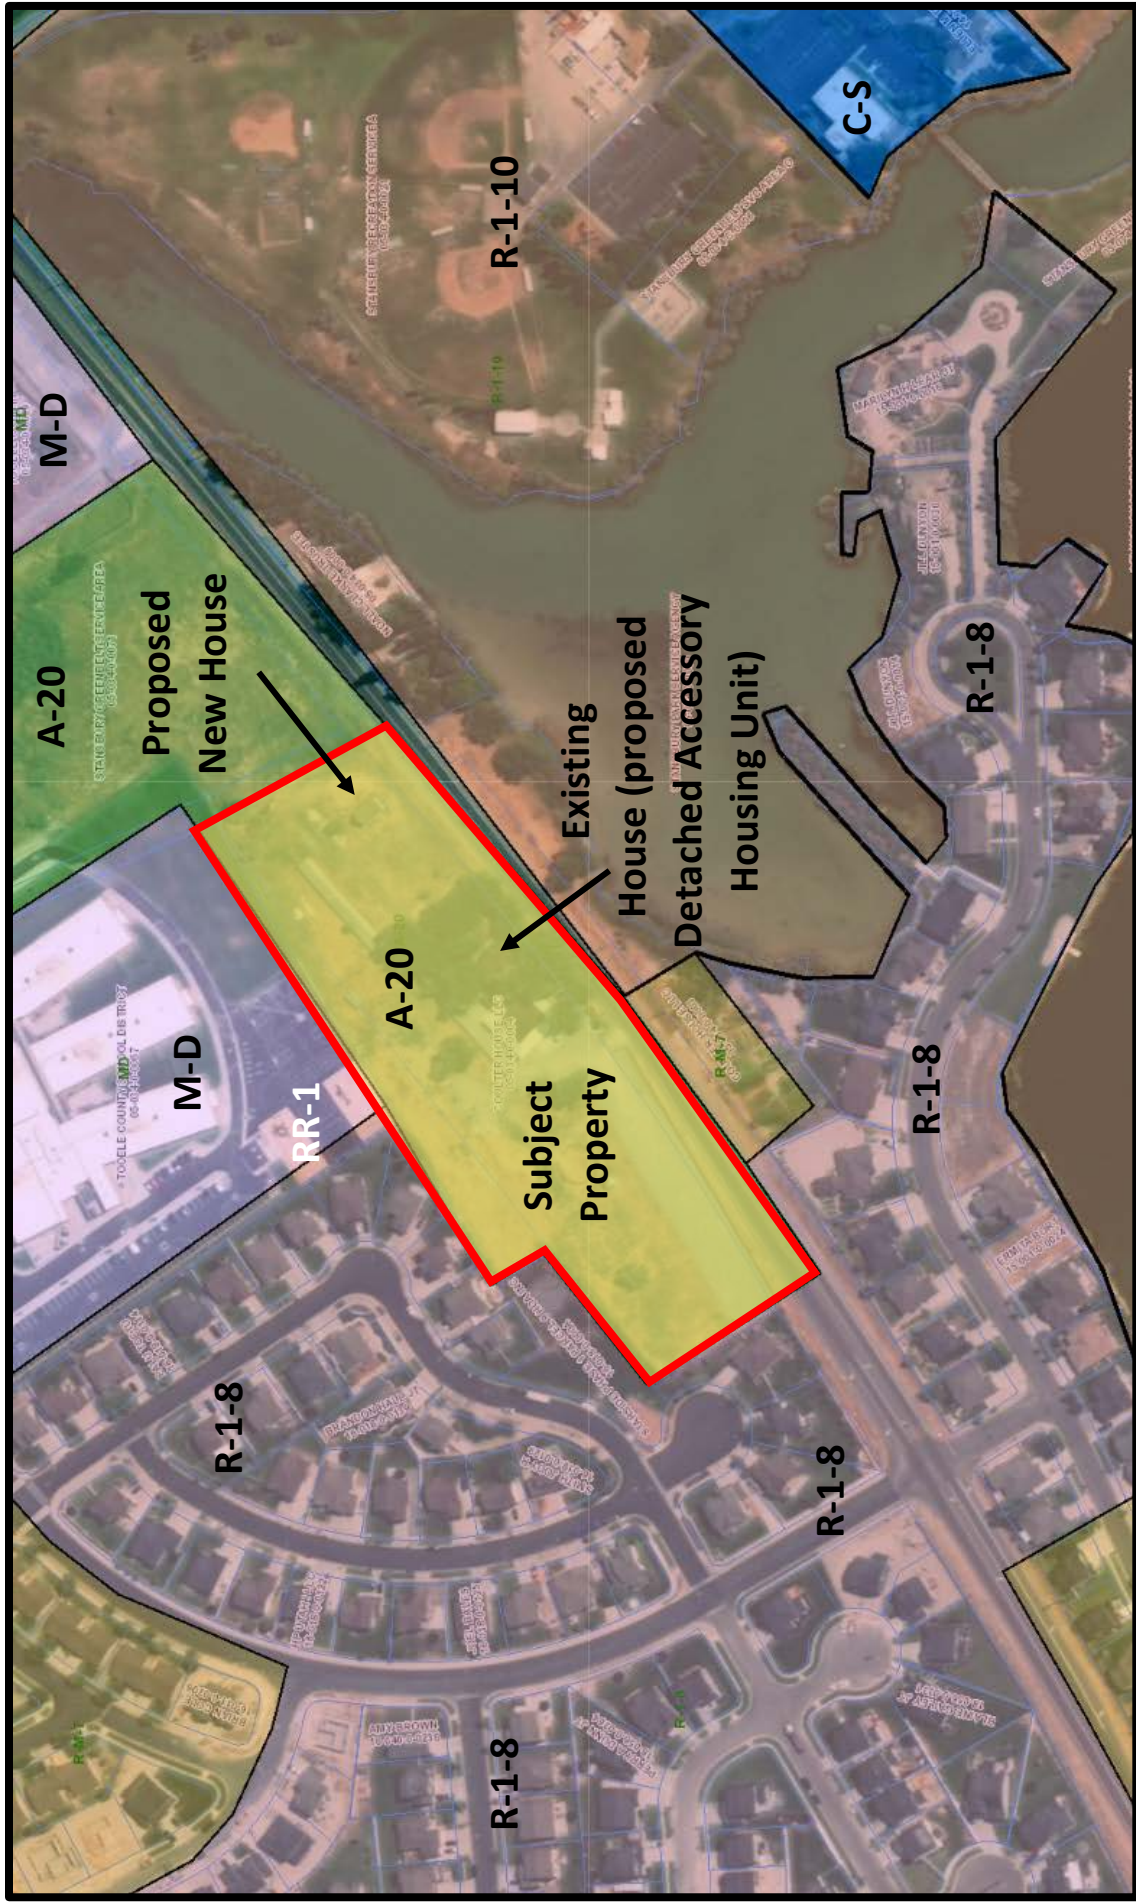

PLANNING STAFF RECOMMENDATION

Staff recommends that the Tooele County Planning Commission makes a motion to grant approval for the proposed conditional use, subject to the following conditions of approval:

1. The applicant complies with the requirements outlined in Table 15-3.3.b1-12.
2. Planning Staff records the required notice in Table 15-3.3.b.10 upon issuance of the permit.
3. The grandfathered second access will only be used for residential access, not for patrons of the existing reception center.

Description Cont.

The new home will be complimentary in building materials pending architectural and engineering designs.

This project will preserve the bunkhouse for many years to come. It will finally have a good Roof and the poorly added interior will be removed and the building will be brought to code. More of the Rock structure will be visible.

There will be a basement area dug around the old bunk house so the walls will be more visible on the sides and rear. We will have the footings reinforced with the walls.
