**Eric Dursteler, Engineer**

Eric was not in attendance due to the weather, but he met with Mayor Heyder and Alan Terry earlier in the week.

Alan stated they finalized the grant paper work for different phases that needed to be done on the water system. This grant is for the back-up generated and the telemeter system and also some new lines on the system.

The town has already been awarded \$30,000 for the engineering services for the grants.

**Water Department**

Mayor Heyder stated that our water meters are declining and Alan has needed to get new ones purchased. According to our purchasing policy, we need to have a motion to spend the money because it is over \$500.00.

***Keith Thompson made a motion to purchase new water meters to replace the ones not working \$10,841.38 is the total for 50 meters. John Levenduski 2<sup>nd</sup>. All council members present voted yes.***

Alan Terry stated that we need to transfer money into a new PTIF account to get it out of the general water account for grant purposes.

**Emergency Management -HAM Radio Meeting**

There is a meeting on February 21<sup>st</sup> at 7:00 pm on the HAM radio. John Levenduski volunteered to go to the meeting and learn what the town needs to know. Scott O'Hare is also interested and will try to attend the meeting also.

**Cemetery**

Mayor Heyder stated we need to decide what we want to do with the well up at the cemetery before the snow melts. We have gotten a couple bids and to get the water system up to the cemetery is around \$22000.00 and to replace the pump in the existing well it is anywhere from \$7000-\$10000.

Tammie stated that its pretty consistent they have replaced the pump at the cemetery every 3 years and is around \$5000-\$10000. Mayor Heyder suggested we should get more bids to pull the pump and go ahead and go that route and if we find out the well has more issues we will reconsider.

Tammie also reminded the council members that even though the town runs the water we still have to keep everything separate to be in compliance with the loans that we have out on the water system. So, keep in mind, you would have a pretty hefty bill to water with city water up to the cemetery.

Tim asked Alan to get with Tammie and get the three bids for the pump at the cemetery. Alan said he would come in on Monday and we could get the bids coming.

### **Old and Other New Business**

#### **Dog Licensing**

The dog licensing is scheduled for April 6<sup>th</sup> from 10:30 am-12:00 pm. Mayor asked Tammie to send a letter to the dog owners in the town that we are aware of to let them know that this will be happening.

#### **Easter Activities**

Easter is April 21<sup>st</sup>. Mayor asked if anyone on the council would like to take it over. Scott O'Hare said he would be willing to help coordinate it and put it on with the help of the council members.

#### **Ordinances**

Mayor Heyder stated we need to get back going over the ordinances for the attorney. Mayor has been going through them and marking questions and things in them. Tammie will send a digital copy to the other council members so they can also view them and make notes, so we

can present them back to the attorney. We will have to have public hearings to pass all of them after the council goes through them.

**Citizen Concerns**

There was a concern about a dog being chained up all day and night to a tree in the cold. Mayor Heyder stated we will get together and send a letter to the dog owner.

**Acceptance of Expenses**

**Adjourn**

*John Levenduski made a motion to adjourn. Scott O'Hare 2<sup>nd</sup>. All council members present voted yes.*
