**CLARKSTON TOWN
RESOLUTION 19-05**

**A RESOLUTION AMENDING THE CLARKSTON TOWN MASTER
FEE SCHEDULE WITH NEW AMOUNTS FOR WATER IMPACT
FEES AND TO ADD A ROAD IMPACT FEE**

WHEREAS, the Clarkston Town Council has determined that it is in the best interest of the health, safety, and general welfare of its current and future residents to amend the water impact fees and implement a road impact fee; and

WHEREAS, on March 19, 2019 the Clarkston Town Council adopted and passed Ordinance 19-01 amending Chapter 1A of Title 9 of the Clarkston Town Code with the following impact fees:

- Water Impact Fee: \$1,500
 (To be applied towards a Residential Impact fee if a home is built)
- Residential Water Impact Fee: \$5,000
- Road Impact Fee: \$2,500

See Attachment

NOW THEREFORE BE IT RESOLVED by the Council of the Town of Clarkston, State of Utah, that the Clarkston Town Master Fee Schedule shall be amended to include the above impact fees, effective June 19, 2019.

Adopted and passed this day by motion from Councilmember E. Goodey and seconded by Councilmember R. Thompson and all approved.

Dated this 7th day of May 2019.

CLARKSTON TOWN CORP.
ORDINANCE 19-02

AN ORDINANCE AMENDING THE CLARKSTON TOWN CODE
TITLE 10 CHAPTER 9; SUPPLEMENTARY AND QUALIFYING REGULATIONS,
TO INCLUDE TRASH AND DEBRIS AND TOILET FACILITIES FOR WORKERS

WHEREAS, the governing body of Clarkston Town, County of Cache, State of Utah,
passed and adopted the Clarkston Town Municipal Code on July 10, 2003; and

WHEREAS, the Town Council has determined there is a need to update, repeal,
amend and/or modify certain provisions contained in the referenced Municipal
Code; and

NOW THEREFORE BE IT ORDAINED, that the Town Council of Clarkston, Utah,
hereby adopts, passes and publishes the following:

See Attachment

THIS ORDINANCE shall become effective upon its adoption and posting as
required by law.

THIS ORDINANCE shall be attached as an amendment to the Clarkston Town
Municipal Code above referred to.

ADOPTED AND APPROVED, by motion from Councilmember L. Bytheway
And seconded by Councilmember E. Goodey this 7th day of
May, 2019.

OTHER BUILDING AND CONSTRUCTION REGULATION

10-9-1: EFFECT OF CHAPTER:

10-9-2: LOTS IN SEPARATE OWNERSHIP:

10-9-3: YARD SPACE FOR ONE BUILDING ONLY:

10-9-4: EVERY DWELLING TO BE ON A LOT:

10-9-5: SEPARATELY OWNED LOTS; REDUCED YARDS:

10-9-6: PRIVATE GARAGE WITH SIDE YARD; REDUCED YARDS:

10-9-7: YARDS TO BE UNOBSTRUCTED; EXCEPTIONS:

10-9-8: AREA OF ACCESSORY BUILDINGS:

10-9-9: EXCEPTIONS TO HEIGHT LIMITATIONS:

10-9-10: MINIMUM HEIGHT OF MAIN BUILDING:

10-9-11: CLEAR VIEW OF INTERSECTING STREETS:

10-9-12: SALE OR LEASE OF REQUIRED SPACE; RESTRICTED LOTS:

10-9-13: COVERAGE REGULATIONS:

10-9-14: TRASH AND DEBRIS CONTROL:

10-9-15: TOILET FACILITIES FOR WORKERS:

10-9-1: EFFECT OF CHAPTER:

The regulations hereinafter set forth in this chapter ~~qualify or~~ supplement, ~~as the case may be,~~ the ~~zone zoning~~ regulations appearing elsewhere in this title. (Ord. 01-04, 1-7-2002)

10-9-2: LOTS IN SEPARATE OWNERSHIP:

Any single lot or parcel or land which was under a separate ownership from adjacent lots and of record on January 7, 2002, but does not meet the requirements of the district in which it is located for minimum lot width and area, may be utilized for a single-family dwelling, accessory buildings and uses, a private garage, and agriculture related buildings if all other requirements of this title are met. (Ord. 01-04, 1-7-2002)

10-9-3: YARD SPACE FOR ONE BUILDING ONLY:

No required yard or other open space around an existing building, or which is hereafter provided around any building for the purpose of complying with the provisions of this title, shall be considered as providing a yard or open space for any other building, nor shall any yard or other required open space on an adjoining lot be considered as providing a yard or open space on a lot whereon a building is to be erected or established. (Ord. 01-04, 1-7-2002)

10-9-4: EVERY DWELLING TO BE ON A LOT:

Every dwelling shall be located and maintained on a "lot", as defined in section [10-1-6](#) of this title. (Ord. 01-04, 1-7-2002)

10-9-5: SEPARATELY OWNED LOTS; REDUCED YARDS:

In any lot under a separate ownership from adjacent lots and of record on January 7, 2002, and such lot having a smaller width than required for the zone in which it is located, the width of each of the side yards for a dwelling may be reduced to a width which is not less than the same percentage of the width of the lot as the required side yard would be of the required lot width; provided, that on interior lots, the smaller of the two (2) yards shall be in no case less than five feet (5'), or the larger less than eight feet (8'), and for corner lots the side yard on the side street shall in no case be less than fifteen feet (15'), or the other side yard be less than five feet (5'). (Ord. 01-04, 1-7-2002)

10-9-6: PRIVATE GARAGE WITH SIDE YARD; REDUCED YARDS:

On any interior lot where a private garage, containing a sufficient number of parking spaces to meet the requirements of this title, has a side yard equal to the minimum side yard required for a dwelling in the same zone, the width of the other side yard for the dwelling may be reduced to equal that of the minimum required side yard, and on any lot where such garage has such side yard, the rear yard of the dwelling may be reduced fifteen feet (15'), provided the garage also has a rear yard of at least fifteen feet (15'). (Ord. 01-04, 1-7-2002)

10-9-7: YARDS TO BE UNOBSTRUCTED; EXCEPTIONS:

Every part of a required yard shall be open to the sky unobstructed except for accessory buildings in a rear yard, the ordinary projections of skylights, sills, belt courses, cornices, roof overhangs, chimneys, flues, and other ornamental features which project into a yard not more than four feet (4') and open or lattice enclosed fire escapes, fireproof outside stairways and balconies upon fire towers projecting into a yard not more than five feet (5'). (Ord. 01-04, 1-7-2002)

10-9-8: AREA OF ACCESSORY BUILDINGS:

No accessory building nor group of accessory buildings in any residential zone shall cover more than twenty five percent (25%) of the rear yard, except as allowed by a conditional use permit. (Ord. 01-04, 1-7-2002)

10-9-9: EXCEPTIONS TO HEIGHT LIMITATIONS:

Penthouse or roof structures for the housing of elevators, stairways, tanks, ventilating fans or similar equipment required to operate and maintain the building, and parapet walls, skylights, towers, steeples, flagpoles, chimneys, smoke stacks, water tanks, wireless or television masts, silos or similar structures may be erected above the height limits herein prescribed, but no space above the height limit shall be allowed for the purpose of providing additional floor space. (Ord. 01-04, 1-7-2002)

10-9-10: MINIMUM HEIGHT OF MAIN BUILDING:

No dwelling shall be erected to a height less than one story above grade. (Ord. 01-04, 1-7-2002)

10-9-11: CLEAR VIEW OF INTERSECTING STREETS:

In all zones which require a front yard, no obstruction to view in excess of two feet (2') in height shall be placed on any corner lot within a triangular area formed by the street property lines and a line connecting them at points of forty feet (40') from the intersection of the street lines, except a reasonable number of trees pruned high enough to permit unobstructed vision to automobile drivers. (Ord. 01-04, 1-7-2002)

10-9-12: SALE OR LEASE OF REQUIRED SPACE; RESTRICTED LOTS:

A. A restricted lot which meets all the requirements of this title for a lot, but the creation of which has caused an adjacent lot from which it was severed to be insufficient in area, width, yard, frontage or other requirements, may be considered otherwise by adding or designating sufficient acreage to the adjacent lot to meet all the requirements of this title for a lot in the zone in which it is located. The added or designated land must then be duly recorded in the office of the county recorder, before a building permit may be issued.

B. Building permits will not be issued on restricted lots. (Ord. 01-04, 1-7-2002)

10-9-13: COVERAGE REGULATIONS:

In no zone shall a building or group of buildings with their accessory buildings cover more than sixty percent (60%) of the area of the lot, except as allowed by a conditional use permit. (Ord. 01-04, 1-7-2002)

10-9-14: TRASH AND DEBRIS CONTROL:

Every construction site shall have a means of containing construction debris and waste (dumpster).

(1) It shall be the responsibility of the general contractor or individual obtaining the building permit to provide a dumpster on the construction site for trash and debris control.

(2) Where a contractor or individual obtaining a building permit has more than one structure under construction on adjacent properties dumpsters for trash and debris control may be so located as to service adjoining lots or construction sites.

(3) Dumpster facilities are prohibited from being located within the public right-of-way.

(4) Dumpsters shall not be located:

(a) Within the sight triangle forty (40) feet of an intersection of two streets;

(b) Within ten (10) feet of a fire hydrant or in such a manner as to block view or access;

(c) Within ten (10) feet of a public or private driveway or its approach;

(d) In such a way as to be an obstruction to a Public Works project.

(e) On a sidewalk;

(f) So as to block a U.S. postal box or any other type of mail box.

(g) Within thirty (30) feet of the approach to any flashing signal, stop sign, yield sign, regulatory sign, or traffic control signal located at the side of the roadway.

(h) In such a manner as to constitute a hazard or obstruction to the normal movement of traffic or the public.

(5) Any dumpster which is declared a nuisance, or does not comply with Section 10-9-14-(4), may be cited in accordance with 1-4-1-D2.

10-9-15: TOILET FACILITIES FOR WORKERS

Toilet facilities shall be provided for construction workers and such facilities shall be maintained in a sanitary condition.

(1) On every construction site that does not have functional, permanently plumbed facilities available to the workers portable chemical toilet facility(s) shall be provided.

(2) The number of facilities to be provided for each sex shall be based upon the number of employees of that sex for whom the facilities are furnished and shall be in accordance with the following table. Where single-occupancy toilet rooms have more than one toilet facility, only one such facility in each toilet room shall be counted for the purpose of this table.

* "Serving" refers to the emptying of waste and the cleaning of the toilet facility.

MINIMUM NUMBER OF TOILET FACILITIES	
Number of Employees	Minimum number of toilet facilities
If serviced once per week *	
1-10	1
11-20	2
21-30	3
Over 30	1 additional facility for each 10 additional employees
If serviced more than once per week *	
1-15	1
16-35	2
36-55	3
Over 55	1 additional facility for each 20 additional employees

(3) It shall be the responsibility of the general contractor or individual obtaining the building permit to provide toilet facilities sufficient for the total number of workers on a construction site.

(4) It shall be the responsibility of the employer to insure that all toilet rooms and facilities are maintained in a clean and sanitary condition. If toilet facilities are of the type that require periodic servicing, it shall be the responsibility of the contractor or individual obtaining the permit to provide sufficient servicing of the facilities and shall also assure ready access to the toilet facilities by the required servicing equipment.

(5) Toilet facilities for construction sites shall not be located within an existing or proposed public right-of-way.

(6) Where a contractor or individual obtaining a building permit has more than one structure under construction on adjacent properties toilet facilities may be so located as to service multiple construction sites. The total number workers on all of the construction sites shall determine the number of facilities.

(7) The requirements of 2 through 7 above do not apply to mobile crews or to normally unattended work locations so long as employees working at these locations have transportation immediately available to toilet facilities that meet the other requirements of this section. The determination of whether work crews are mobile is dependent upon factors such as worksite, distance to toilet facility.
