22 Kathryn Moosman, City Recorder

22 1. **DISCUSSION: Discussion on FY 2020 Proposed Budget:** The Lindon City
 24 Council will review and discuss the proposed Fiscal Year 2020 budget. The
 26 Council will provide direction on specific items.

26 Adam Cowie, City Administrator, stated the City Council will review and discuss
 28 the proposed Fiscal Year 2020 budget and provide direction to staff on specific budget
 30 items. He noted this is a work session for general discussion on budgetary matters for the
 32 upcoming FY2020 budget and no public comment is required at this specific meeting.

30 He added while general direction may be given, no motion will be necessary and
 32 staff will update the final budget as directed by the Council's recommendations and will
 34 vote on the Final Budget on June 18, 2019.

34 Kristen Colson, Lindon City Finance Director, was in attendance to present her
 36 budget presentation including the budget work session agenda items, updated Fund
 38 Balance sheet and the 2019-2020 Major Budget Issues as follows:

Budget Issue #1: Should Lindon City provide employees with a 2.0% Cost of Living Allowance (COLA) increase and provide for a merit increase of 3.0% in January?

40 Ms. Colson stated the Cost of Living Allowance (COLA) increase would be
 42 effective July 1, 2019. She added the COLA increase has historically been based on the
 44 average annual increase of the Consumer Price Index (CPI) from March-February. The
 46 average annual increase of the CPI from March 2018 to February 2019 was 2.3%.

44 Ms. Colson explained Merit Increases are awarded based on employee evaluation
 46 scores and would be effective January 1, 2020. In the past, the merit increase has been
 based on the unreserved General Fund balance as a percentage of revenue. With a healthy

2 General Fund reserves of over 20% anticipated for FY2020, the recommended Merit
 Increase would be 3.0%.

4 Ms. Colson noted employees below the mid-point would progress one step if they
 score a 6 or higher on their performance evaluations. Employees at or above the mid-
 6 point range would receive the 3.0% performance-based merit increase. Employees who
 have reached the maximum wage on their range of the pay scale would receive a 3.0%
 8 one-time payout based on their performance evaluations, but their wage does not
 increase. Ms. Colson stated that historically COLA and merit increases have provided
 10 somewhat consistent buying power and kept salaries competitive with salary studies.

12 **Averages for the last 15 years are as follows:**

With no increases for 3 years:

14 • COLA: 1.72%
 16 • Merit: 2.02%
 18 • Both: 3.73%

Taking out the no increase years:

18 • COLA: 2.14%
 20 • Merit: 2.52%
 22 • Both: 4.66%

22 Ms. Colson noted the Budget Committee recommended the following:

- 24 • A cap of 5% total be put on combination of COLA & Merit Increase.
- 26 • The Merit be weighted more so that employees can continue to progress within
 28 their pay range
 - 30 ○ The desired time frame to reach the top of the range should be about 12-
 32 14 years which is an average merit increase of 2.5-3.0% each year
- 34 • That the COLA increase be the difference between the cap and the Merit increase
- 36 • The COLA increase would be 2.0%, effective July 1, 2019
- 38 • The Merit increase would be 3.0% for employees in the mid-high range,
 40 effective January 1, 2020

32 The fiscal impact for this proposal of 2.0% COLA effective July 1, 2019 and a one step
 34 or 3.0% merit increase effective January 1, 2020 is as follows:

	COLA only	Merit only	COLA & Merit
General Fund	\$79,198	\$85,690	\$166,602
Water Fund	\$4,542	\$6,203	\$10,869
Sewer Fund	\$4,247	\$3,730	\$8,052
Storm Water Fund	\$3,073	\$2,253	\$5,371
Recreation Fund	\$5,466	\$5,810	\$11,392
Citywide Totals	\$96,526	\$103,686	\$202,286

36 Ms. Colson stated this is included in the Proposed Budget.

38 Ms. Colson noted a survey of pay increases proposed by other entities for 2019-
 40 2020 shows an average total increase of 3.94%. Alpine School District has a COLA of
 5.8% plus variable Merit Increases.

42 Ms. Colson indicated at the May 7, 2019 Work Session, the City Council asked
 that staff explore additional pay increase scenarios. Staff added 12 scenarios 5 without

2 one-time payouts and 7 with one-time payouts. She then presented a chart differentiating the scenarios as follows:

COLA on Wages	Merit on Wages			Mix of Merit 2% + 1% 1x
	3.0%	2.5%	2.0%	
2.0%	\$202,286 (\$19,561)	\$190,487 (\$16,329)	\$178,689 (\$13,097)	\$220,776 (\$19,561)
1.5%	\$177,636 (\$19,424)	\$165,895 (\$16,208)		\$196,035 (\$19,424)
1.0%	\$152,986 (\$19,286)			\$171,295 (\$19,286)
Mix of COLA 1% + 1% 1x	\$200,286 (\$19,286)	\$188,603 (\$16,086)	\$176,920 (\$12,886)	\$218,894 (\$19,286)

Amount in parentheses is the cost of the 1x merit payout for maxed employees and is included in the amount above it

4

6 There was then some general discussion regarding Merit and COLA increases including other entities and cities comparisons.

8 Councilmember Bean stated he likes the information and charts presented, but he would like to have a full Council to weigh in on this discussion before adoption; he is not 10 sure he is ready tonight without more representation. He agrees this would be a good year to approve the recommended Merit and COLA and he would like to be able to finalize 12 this sooner rather than later.

14 Councilmember Broderick stated this is a difficult item in the budget as he wants 16 to keep employees happy and motivated yet be fair to the residents. The market is healthy, but he still likes the one-time payout that can be structured in a way to keep 18 employees motivated. This is good year for a reduction in health benefits. He added he would also like to see past years increases and decreases on health care.

20 Councilmember Hoyt agrees this is a hard budget decision. He stated this is a 22 good financial year and everyone is doing great things throughout the departments, and to go above 4% this would be the year. He also wants to be fair to the employees and the taxpayer. He would also like to have a full Council before making a final decision as he is not 100% there yet.

24 At this time, Mr. Cowie explained the pay range chart. He indicated they are 26 trying to have employees continue to move up in the range without them considering 28 moving to another municipality/jurisdiction and to keep competitive. Mr. Cowie also spoke on performance evaluation scores and the process. He noted the expectations and criteria (12 performance standards) with the supervisors doing the evaluations. He 30 pointed out that citywide we are at about 8.5% on scores; we are scoring well but certainly not all employees are at 10%.

32 Following some additional discussion, the Council was in agreement to leave the 5% in the budget for now until the next meeting in order to have a full council in attendance before making a decision.

34 **Budget Issue #2: Should Lindon City increase Water, Sewer, Storm Water, Garbage and Recycling utility rates?**

36

38 Ms. Colson explained the increases for Water, Sewer and Storm Water utility rates are still tentative, pending JUB Engineers completion of this year's utility rate

2 study. They are recommending a 9% increase on culinary water rates, 2.3% (CPI)
 4 increase on sewer utility rates and 2.3% (CPI) increase on storm water utility rates.

6 Ms. Colson indicated the garbage and recycling rates will increase 3% in order to
 8 cover Republic Services 3% increase on collection services. Republic Services has been
 increasing fuel surcharges (variable month-to-month). The monthly garbage rates would
 increase from \$10.00 to \$10.30 for the first can and from \$8.50 to \$8.76 for each
 additional can and monthly recycling rates would increase from \$3.60 to \$3.71 per can.

10 Mr. Cowie explained the changes in the original projections i.e., Ivory Homes
 12 coming in, changes in revenue, tier rate structure, large meter reading error, multi-units
 etc. He noted Orem City adopted a 7-year incremental plan last year that is very similar
 to Lindon's to ensure we don't lag behind.

14 Councilmember Broderick stated he is comfortable with what we are doing, but
 16 wants to know how are we adjusting (with a one or two year), so we can be proactive not
 reactive in the future.

18 Following some general discussion regarding Budget Issue #2 the Council was in
 20 agreement to approve this budget issue as presented. Mr. Cowie stated they will continue
 the discussion with Budget Issue #3 in the regular session

22 Mayor pro tem Bean and the Council thanked Ms. Colson and Mr. Cowie for the
 24 good information and for their hard work on the budget.

38 1. **Call to Order/Roll Call** – The meeting was called to order at 7:00 p.m.

40 2. **Presentations/Announcements** –

- 42 a) **Comments/Announcements from Mayor and Council** – There were no
 announcements at this time.
- 44 b) Presentation: Pleasant Grove Strawberry Days, June 15th-22nd. The Miss PG
 Royalty & PG Rodeo Royalty will present information on upcoming
 Strawberry Days events.

46

2 The Miss Pleasant Grove Royalty and Strawberry Days Rodeo Royalty were in
3 attendance to present information on the upcoming Strawberry Days events. Brooklin
4 Allen, 2019 Miss Pleasant Grove, presented general information about the upcoming
5 Strawberry Days festival and introduced her attendants: Kinsie Robbins, Kennadie
6 Austin, Isabella Adams, and Belinda Tapia who each mentioned an individual event
7 including some of the following: Huck Finn Days, Concert in the Park, Carnival,
8 Children's Art Show, Baby Contest, Princess Party and the Grand Parade. Ms. Allen then
9 turned the time over to the Rodeo Royalty to present details of the Strawberry Days
10 Rodeo.

Izzie Barns, 2019 Strawberry Days Rodeo Queen, was in attendance to present information about the Strawberry Days Rodeo noting the Rodeo starts at 7:00 pm (pre-show) with the new "Kids Zone" held every night before the rodeo. The rodeo is held Wednesday through Saturday with many fun events including mutton bustin, bull riding, and the great fireworks show. They invited the Mayor and Council out to the Rodeo noting it is a very fun event for the entire family.

18 Ms. Allen then thanked the Council for all the support Lindon City shows to the
pageant and to the program. They also presented the Mayor and Council with a
strawberry cheesecake and invited them to come out and enjoy the week long Strawberry
20 Days events and festivities. Mayor pro tem Bean and the Council thanked the Royalty for
the invitation and the cheesecake noting the Council always looks forward to the
22 Strawberry Days Celebration.

24 3. **Approval of Minutes** – The minutes of the regular meeting of the City Council
meeting of May 7, 2019 were reviewed.

28 COUNCILMEMBER HOYT MOVED TO APPROVE THE MINUTES OF THE
REGULAR CITY COUNCIL MEETING OF MAY 7, 2019 AS PRESENTED.
COUNCILMEMBER BRODERICK SECONDED THE MOTION. THE VOTE WAS
30 RECORDED AS FOLLOWS:

32	COUNCILMEMBER BRODERICK	AYE
34	COUNCILMEMBER HOYT	AYE
THE MOTION CARRIED UNANIMOUSLY.		

36

38 4. **Open Session for Public Comment** – Mayor pro tem Bean called for any public comment not listed as an agenda item. There were several in attendance who addressed the Council as follows:

42 **Jamie Gardner:** Ms. Gardner expressed her concerns with the proposed reception
center off Gillman Lane and her concerns with safety and the need for a traffic study as it
impacts them and the entire neighborhood. She pointed out the access off and on
44 Lakeview and Gillman Lane is terrible. There will be a lot more vehicles and they have a
lot of kids in the neighborhood.

2 Mayor pro tem Bean invited the Planning Director forward to give a brief
4 background on the proposed event center. Mr. Florence stated the city received a site
6 plan application for a reception center just off of Gillman Lane. The city sent out public
8 notices per city code, to everyone within 800 ft. of that property. The property is zoned
10 commercial storage of which a reception center is a permitted use in that zone. The
12 Planning Commission reviewed this item and heard public comment. They continued this
item at the last meeting. The Commission requested that a light study be completed and
also asked that the police chief and city engineer look into any traffic safety
improvements that can be made. They also required that the design of the building must
meet the commercial design standards and also required the masonry wall and additional
buffering landscaping requirements.

14 Mr. Cowie stated next Tuesday's meeting (May 28th) would be the best
opportunity to voice opinions regarding this issue.

16 **Angie Neuwirth:** Ms. Neuwirth stated she was at the meeting and she felt the Planning
18 Commission didn't want to do the traffic study because even if a study was done there is
20 nothing the Commission could do because if it meets the ordinance and code they would
etc., this is an issue that needs to go before the City Council and be deliberated. The
street that is on the master plan needs to go through for access.

22 **Lisa Stark:** Ms. Stark stated she lives on Gillman Lane. She indicated she has letters
24 from her neighbors opposing the event center. She then read one of the letters. She
26 pointed out if the meeting was continued with the stipulation that the police and the
engineer were going to access accidents etc. and go before the City Council then why
have they started building when it has not been approved yet.

28 Mr. Florence stated they put a stop work order on the building today and ordered
30 them to stop working and if they don't stop, they will be fined \$400 a day.

32 Ms. Stark went on to say as residents, they want to make sure safety is the main
34 concern. With all due respect, they feel that the city has not realized decisions of the past
36 and if this process is not done in the proper way there will be a feeling of mistrust. If the
city is not willing to do their due diligence, they will hire someone as a private resource
who will address this issue so the safety on Gillman Lane is mitigated.

38 Mayor pro tem Bean advised the residents to attend the planning commission
40 meeting on May 28th where these concerns and issues that brought the continuance will
be addressed. Mr. Cowie pointed out that the City Council is the appeal authority and
42 there is a small window of time for the opportunity for an appeal to be filed. Mr. Florence
then explained the appeals process.

44 Mayor pro tem Bean called for any further comments or discussion. Hearing none
he moved on to the next agenda item.

46 5. **Consent Agenda Items** – The following consent agenda items were presented for
approval.

2 a) Change Order #3 on the 2017 Street Maintenance Projects for Staker
4 Parsons to complete additional street maintenance work on 200 South
6 between 2000 West and 1250 West and elimination of street maintenance
8 work on Locust Avenue, 1200 West, 135 South, and 1060 West.
10 b) Reimbursement agreement. The Council will review and consider
12 approval of a reimbursement agreement with the City of Vineyard for their
14 portion of 200 South road improvements being completed by Lindon City.

10 COUNCILMEMBER HOYT MOVED TO APPROVE THE CONSENT
12 AGENDA ITEMS AS PRESENTED. COUNCILMEMBER LUNDBERG SECONDED
14 THE MOTION. THE VOTE WAS RECORDED AS FOLLOWS:

28 6. **Review & Action — Maxfield Hollow Major Subdivision; Jake Davis.** The
30 City Council will review and consider a request for major subdivision approval of
32 a seven-lot single family residential subdivision located at approximately 800
34 West and Lakeview Road. (Utah County Parcel #'s 14:067:0162; 14:067:0164;
36 14:067:0178; 14:067:0181; 14:067:0177), in the Lindon City R1-20 zone. The
38 planning commission recommended approval.

40 Mr. Florence led this discussion by giving a summary of the key issues noting the
42 applicant is seeking major subdivision approval for a seven-lot residential subdivision.
44 He explained the Maxfield Hollow Subdivision will reconfigure five existing lots into
46 seven. The subdivision plan also includes the extension of 250 North to 800 West, which
48 will be a public street. He noted the Planning Commission Recommended approval for
50 this item on May 14th, 2019. He also indicated the City Council is the Land Use
52 Authority for a Major Subdivision of four lots or more.

54 Mr. Florence then mentioned the recommended conditions of approval from the
56 Planning Commission followed by discussion. He noted this application meets code
58 requirements and is a pretty straightforward request.

60 Mayor pro tem Bean called for any further comments or discussion from the
62 Council. Hearing none he called for a motion.

64 COUNCILMEMBER LUNDBERG MOVED TO APPROVE THE
66 APPLICANT'S REQUEST FOR SEVEN LOT MAJOR SUBDIVISION APPROVAL
68 WITH THE FOLLOWING CONDITIONS: 1. THE APPLICANT WILL CONTINUE
70 TO WORK WITH THE CITY ENGINEER TO MAKE ALL FINAL CORRECTIONS
72 TO THE ENGINEERING DOCUMENTS AND PLAT; 2. THE PLANS AND PLAT
74 WILL MEET RELEVANT SPECIFICATIONS AS FOUND IN THE LINDON CITY
76 DEVELOPMENT MANUAL; 3. THE APPLICANT WILL COMPLY WITH ALL

2 BONDING REQUIREMENTS; 4. 250 WEST WILL BE DEDICATED TO THE CITY
 AS A PUBLIC STREET; 5. ALL ITEMS OF THE STAFF REPORT.

4 COUNCILMEMBER HOYT SECONDED THE MOTION. THE VOTE WAS

10 THE MOTION CARRIED UNANIMOUSLY.

12 7. **Public Hearing — Amendment to Sign Ordinance; Ordinance #2019-8-O.**

14 The City Council will accept public comment as it reviews and considers approval
 16 of Ordinance amendment #2019-8-o amending Lindon City Sign Code Chapter
 18.03 to modify the allowable square footage for directional signs. Application is
 20 made by Phil Haderlie on behalf of doTerra.

18 COUNCILMEMBER BRODERICK MOVED TO OPEN THE PUBLIC
 20 HEARING. COUNCILMEMBER LUNDBERG SECONDED THE MOTION. ALL
 PRESENT VOTED IN FAVOR. THE MOTION CARRIED.

22 Mr. Florence opened the discussion by stating Phil Haderlie (who is in
 24 attendance) made application on behalf of doTerra to amend Title 18.03.030 to allow for
 26 increased directional signage in the Regional Commercial Zone. Mr. Florence stated Staff
 28 and the planning commission felt that if the City decides to amend the sign code to allow
 for increased sign area for directional signs then the City should consider, as well,
 allowing increased signage for the Heavy and Light Industrial zones due to sign visibility
 for delivery trucks.

30 Mr. Florence explained that the purpose of the request for increased directional
 32 sign area is to allow for larger font size for ease of readability for large delivery vehicles.
 He noted a Directional Sign, as defined in Lindon City Code 18.03.020 means: any sign
 34 used to direct traffic flow into or out of a parking lot through a City approved drive
 36 approach. He noted the sign code currently allows a maximum height of three feet and a
 maximum sign area of 6 feet. He indicated that Mr. Haderlie is proposing is to allow a
 maximum height of 3 feet and a maximum sign area of 12 square feet. These dimensions
 would allow for a 3' x 4' directional sign. Mr. Florence then referenced a chart with
 typical directional signs.

38 Mr. Florence referenced the Proposed Ordinance Language as follows:

1. Directional signs require a sign permit from the City
2. Only one (1) Directional sign is allowed for each City approved drive approach.
3. Directional signs shall meet the following requirements:
 - a. Not exceed three feet (3') in height; and
 - b. Not exceed six (6) square feet in area.
4. In the Regional Commercial, Heavy Industrial and Light Industrial zones, a maximum of three feet in height and twelve (12) square feet in area. The Maximum letter height is nine (9) inches for each sign face;
 - a. In all other commercial land use districts, a maximum of three feet (3') in

2 height and six (6) square feet in area.

4 5. Directional signs are permitted in all zones.

6 Mr. Florence stated Staff reviewed a number of codes from different
municipalities to analyze how other communities address allowable square footage for
directional signs. He then presented the list of findings for discussion.

8 Mr. Florence stated the applicant provided some information on their site plan
from the United States Sign Council Foundation (USSCF) and the Federal Highway
10 Administration sign manual. Staff reviewed USSCF material and it appears that the 360-
foot visibility recommendation provided by the applicant is consistent with USSCF data
12 calculations. USSCF recommends that with any signage the viewer reaction time, viewer
reaction distance, letter height, copy area and negative space be considered. One thing
14 that staff did notice was that while USSCF did recommend a 360' distance for readability
for a road like 400 N. and with speeds at 30 MPH, their model sign code had a
16 recommended directional sign area of six square feet.

18 Mr. Florence stated Mr. Haderlie also provided information from the Federal
Highway Administration (FHA) sign manual. FHA recommends "a minimum specific
20 ratio of 1 inch of letter height per 30 feet of legibility distance." While the FHA standards
are designed for such signs as "railroad crossing", "road closed," and "stop" signs to
name a few, they act as a good reference for determining appropriate letter height. Mr.
22 Florence stated they measured a number of "public" warning and information signs
around Lindon, and for example, a "stop" sign has 9" lettering, a "dead-end" sign has 5"
24 lettering and an "address street sign" has 6" lettering.

26 Mr. Florence noted staff also evaluated a few existing directional signs at
different businesses in the area. The Comcast sign is 4'10" tall by 3' wide sign (12 sq ft)
with 2.5" lettering. The lettering could not be seen visibly from 360 feet but an adjacent
28 "dead end" sign with 5" letter could be seen just fine. Along with the size of the letter, as
per USSCF, the copy area and negative space have a lot to do with the visibility of the
30 sign. "Dead end" and "stop" signs work well because of the contrasting colors and dark
lettering. He noted they also evaluated the existing delivery sign at doTerra in Pleasant
32 Grove. That sign is 4.5' tall and 3' wide with 4-inch lettering. The doTerra sign was
somewhat easier to see at a distance under 300 feet but the lettering was still difficult to
34 read.

36 Mr. Florence indicated an additional item the planning commission considered
was that directional signs are allowed for each drive approach and in addition to other
allowable monument signs. Monument signs, at a minimum, are allowed to be at least 36
38 square feet and 6 feet in height. He noted as staff evaluated different directional signs
around Lindon, they were difficult to find and there was generally a lack of these types of
40 signs installed by businesses. The purpose in providing the above measurements is that
the square footage may need to be increased for business areas with large delivery trucks
42 so drivers can safely see the signs at a distance of approximately 360'.

44 Mr. Florence further explained the main increase that the applicant is requesting
would be to increase the width from approximately two feet to four feet to allow a 3'x4'
46 directional sign. He then presented some examples doTerra provided of the types of
signage they are looking to install. While the sign measurements on their proposal are not
compliant with their ordinance amendment proposals, the council can evaluate the type of

2 sign they are considering. He indicated the General Plan has a land use goal to “build
3 upon existing commercial site design and development standards, including architectural
4 design guidelines and guidelines for landscaping and signage, to express the desired
5 overall image and identity as outlined in the Community Vision Statement.

6 Mr. Florence then presented the site plan, doTerra sign examples and the
7 proposed ordinance followed by discussion including letter height, sign size and
8 unintended consequences. Mayor pro tem Bean called for any public comment at this
9 time.

10 Mr. Spencer Barron asked if the language in the code differentiates a directional
11 sign to a monument sign and what prevents a directional sign from becoming a
12 monument sign.

13 Mr. Florence explained what a directional sign is noting they typically don't have
14 advertising just directional information. Brian Haws, City Attorney, commented if it
15 wasn't used for directional purposes, then courts are pretty clear when we can't regulate
16 content of the signs and the numbers would limit that; there is also a distance separation.
17 Mr. Florence then turned the time over to the applicant for comment.

18 The applicant, Mr. Haderlie, explained they are proposing this because they want
19 to give drivers time to see the sign as to be able to stop in time and to make good
20 decisions at the turn. He indicated the entrance and exit signs look identical so there
21 could be potential public safety issues involved; they are just trying to make sure they get
22 the right size of sign to allow a meaningful and readable message and to ensure the sign
23 looks nice.

24 Mayor pro tem Bean called for any public comments. Hearing none he called for
25 a motion to close the public hearing.

26 COUNCILMEMBER HOYT MOVED TO OPEN THE PUBLIC HEARING.

39 8. **Public Hearing — FY 2020 Proposed Budget; Resolution #2019-14-R.** The
40 City Council will accept public comment as it reviews and considers adoption of
41 its FY 2020 Proposed Budget. The Council will give direction on major budget
42 issues and other citywide budgetary issues. A public hearing will be held on June
43 18, 2019, to amend the FY2019 budget and to adopt the FY2020 Final Budget.

6 Kristen Colson, Lindon City Finance Director, continued the discussion from the
 work session beginning with Budget Item #3.

8

10 **Budget Issue # 3: Should Lindon City charge a service fee when customers pay with a credit card?**

12 Ms. Colson explained Lindon City is taking more payments by credit card and we
 14 are paying 45% more in credit card merchant fees than 2 years ago. Credit card payments
 are taken through multiple portals and via face-to-face, phone and online channels.
 16 Lindon City also currently charges a convenience fee to accept court payments online
 (\$2.00) over the phone (\$1.50). We do not charge any other fees to use a credit card for
 18 payments. We also limit credit card payments in the Community Development
 department to no more than \$300.

Ms. Colson noted there are two types of fees: Convenience Fees and Service Fees
 as follows:

Convenience Fees

- 22 · Flat rate
- Cannot be charged on
- 24 (Building Permits)
- Auto pay transactions
- 26 · Must be charged on ACH payments also
- (electronic checks)

Service Fees

- Flat rate or percentage based
- Cannot be charged on utility payments
- Can be charged to just credit card payments

28 Ms. Colson stated Lindon City would need to work with our credit card vendors
 30 in order to set up these fees and must be approved by Visa and the process could take
 about 60 days.

32 Ms. Colson noted the survey of service fees charged by other organizations is
 included in the staff report. She pointed out that taking credit cards is a convenience for
 34 both Lindon City and the customers. Lindon City has been able to cover merchant fees
 with our revenue, however, some of Lindon's fees have not increased to include the
 36 increasing amount of merchant fees we are being charged. She pointed out that
 recreational sports registrations are now all online. She noted merchant fees are not
 38 calculated into Building permits. She added if we start charging a service fee, this could
 increase the number of returned checks.

40 Following some general discussion including the use of a possible cap on a
 building permit fee, the Council was in agreement with Budget Issue #3 to charge a
 42 service fee when customers pay with a credit card. They also agreed this is a good
 starting place to see how it works noting most people are aware there are vendor and
 44 merchant fees and if it is built in that will be beneficial.

46 **Ms. Colson then reviewed Property Tax Rates as follows: for discussion only**

- Consider keeping the certified tax rate (CTR) (set by county auditors) the same or

2 apply an inflationary increase

4 • Keeping the 2017-2018 rate for 2018-2019 would have resulted in additional

6 revenue of \$76,700.

8 • Keeping the 2016-2017 rate would have resulted in additional revenue of

10 \$217,400 in 2017-2018, and \$309,400 in 2018-2019

12 Ms. Colson indicated that applying an inflationary increase (2.1% CPI) to 2018-
 14 2019 the recommended CTR would have resulted in additional revenue of \$38,000. She
 16 noted the CTR is available around the 10th of June. With the Truth in Taxation Process,
 18 the budget would not be adopted until August, as per State Code.

20 Ms. Colson further explained as property valuations increase, Utah County
 22 decreases Lindon City's CTR in order to provide the city with the same revenue as the
 24 previous year (excluding growth). This method does not allow for property tax revenues
 26 to cover expenses that typically increase each year, hence losing buying power. Keeping
 28 the same CTR as valuations increase is considered a tax increase and must go through the
 30 Truth in Taxation process. Ms. Colson indicated keeping the 2017-2018 rate for 2018-
 32 2019 would have resulted in additional revenue of \$76,700. Keeping the 2016-2017 rate
 34 would have resulted in additional revenue of \$217,400 in 2017-2018, and \$309,400 in
 36 2018-2019.

38 Mr. Cowie presented a graph showing the historical background on property taxes
 40 on a typical residential home in Lindon followed by discussion. He noted even though
 42 property valuations are increasing over time they are not big jumps. The average
 44 residential property tax in Lindon for 2018 was \$229.68 (on \$300,000 value home). He
 46 noted evaluations are done by the Utah County appraiser. He also explained the Truth in
 48 Taxation process if they so choose. Ms. Colson pointed out that property tax is a more
 50 stable tax than sales tax.

52 Councilmember Bean commented there are many philosophical arguments related
 54 to property tax and how it is unfairly burdensome to property owners, but the biggest
 56 increases are allocable from what the school districts have done over the years. People
 58 seem to not often talk about those increases, but if it were the city increasing taxes they
 60 would be up in arms. He would like to see our property tax revenues become more stable
 62 and therefore increase slightly based on some kind of an index. He understands this is not
 64 a popular position but is defensible.

66 Councilmember Lundberg spoke on Truth in Taxation and what has to be
 68 publicized. She noted the past 20 years Lindon has had a flat tax. She would want to
 70 make sure there is excellent communication with residents and take the same approach as
 72 we did for the PARC Tax etc. This would be tough to legislate but she feels there would
 74 be a way to do it through education; she would be open to discussion.

76 Councilmember Hoyt stated he attended a conference with Mr. Cowie at the
 78 School District. He understands the reasons as well and inflation concerns him. He stated
 80 we have some revenue producers in place that makes it so we don't have to rely on
 82 property tax which is risky. We have also done some fiscally responsible things that
 84 mitigate the reasons we would want to increase taxes as a more stable piece of the
 86 revenue but he is not ready to pull the trigger. Councilmember Broderick stated he would
 88 like to see what the legislature will do.

2 Mr. Cowie pointed out Lindon City has raised property taxes only once in 30
3 years (2009). He stated when they get the numbers from Utah County, they will bring this
4 back for further discussion.

6 **Ms. Colson then went over the fee schedule changes noting most of the changes are
8 just cleaning up wording etc.**

10 **Ms. Colson stated this Budget Also Includes the following:**

- 11 • An extra debt service payment for the Public Safety building of \$180,000
- 12 • \$1,300,000 for road improvement projects
- 13 • New fleet trucks for Public Works (2) and Parks (2)
- 14 • Creekside Park improvements \$314,300 with grant to offset \$142,860
- 15 • City Center playground replacement for \$250,000 paid for with PARC Tax
- 16 • New slide at Aquatics Center for \$150,000 with funding available from General
Fund, State Street RDA, &/or PARC Tax
- 17 • \$150,000 for pickleball courts at Pheasant Brook Park paid for with impact fees
- 18 • Restrooms and drinking fountain at Fryer Park for \$100,000 paid for with impact
fees

20 Councilmember Broderick stated he would like to see the money for the slide at
21 the Aquatics Center split between the RDA and PARC tax (not from the General Fund)
22 and pay an additional 2 years down on the public safety building. Following discussion,
23 the Council stated they were in agreement with Councilmember Broderick's suggestion.
24 Ms. Colson said she will run the numbers and make the adjustment. There was then some
25 general discussion regarding the PARC tax fund balance (\$587,000) and General Fund
26 Balances.

28 **Ms. Colson then went over the General Fund Unappropriated Fund Balance
30 Projections as follows:**

- 31 • 2018-2019 Ending Fund Balance of \$2,507,550.
 - 32 ○ This is 23.3% of 2019FY projected revenues. The maximum state limit is
25%, which would be a balance of \$2,694,493.
- 33 • 2019-2020 Ending Fund Balance of \$2,608,427
 - 34 ○ This is 24.9% of 2020FY projected revenues. The maximum state limit is
25%, which would be a balance of \$2,622,756.

36 Following some additional discussion, Mr. Cowie stated they will present the
37 finalize utility rates study, finalize the Merit and COLA discussion, and confirm the
38 Merchant fees at the next meeting.

39 Mayor pro tem Bean called for any public comments. Hearing none he called for

46 **10. Review & Action — Lifeguard Compensation Amendments.** Parks &
48 Recreation Director, Heath Bateman, is requesting compensation amendments for
50 lifeguard positions.

52 Mr. Bateman led this discussion by stating they rely heavily on 15-year-old
54 employees at the Aquatics Center as our need for staff numbers are so high. Because of
56 the Fair Labor Standards Act (FLSA) they are limited on how many hours and when 15-
58 year-old employees can work. Therefore, they will not be allowing 15-year-old
60 employees to work earlier than 7:15am and/or later than 8:45pm. He indicated this could
62 put our evening rental parties at risk of not having enough staff as our employees older
64 than 15 years old is very limited.

66 Mr. Bateman stated because of these issues they are requesting a differential pay
68 increase for those employees 16 years and older who are scheduled to work the rental
70 party shifts of \$1.00 per hour as an incentive for them to accept and work their shifts.
72 Because of the staff issues, on Mondays and Thursdays, they will be closing the pool
74 earlier this year at 8:45pm (45 minutes earlier than last year).

76 Following some general discussion, the Council was in agreement this is a
78 reasonable request to incentivize and keep the Aquatics Center staffed with lifeguards.

2 Mayor pro tem Bean called for any further comments or discussion from the
 4 Council. Hearing none he called for a motion.

 18 and consider approval the Municipal Wastewater Planning Program (MWPP)
 20 2018 Annual Report which has been submitted to the state Division of Water
 Quality. The Public Works Director, Brad Jorgensen, City Engineer, Noah
 Gordon, and Wastewater Supervisor, Kevin Muhlstein will present.

22 Public Works Director, Brad Jorgensen and Wastewater Supervisor, Kevin
 24 Muhlstein were in attendance to present the Municipal Wastewater Planning Program
 26 (MWPP) 2018 Annual Report which has been submitted to the state Division of Water
 Quality. Mr. Jorgensen stated part of the requirements of this evaluation for any monies
 from the state is that they present this to the Council for their approval of the findings and
 then submit the report to the state.

28 Following some general discussion regarding the summary report, the Council
 30 thanked Mr. Jorgensen and Mr. Muhlstein for the presentation and valuable information
 and for their good works for the city.

12. Discussion Item — Secondary Water Metering Requirements. The City
 Council will be presented with information about the future of secondary water
 metering and discuss the implications of SB 52 passed in the last legislative

2 session.

4 Mr. Cowie gave a brief update stating SB52 just passed through the last
 6 legislative session and part of the requirement is that we have to submit a report by the
 8 end of this calendar year that outlines how we are going to implement citywide secondary
 10 water metering including costs, when it will be done and how it will be funded. The state
 will then take the data from these entities and reports and pin the city down for an
 implementation date. Mr. Cowie indicated there is a sense of urgency to get state funding
 as more entities will be competing for the funding. He noted this issue will be discussed
 more in the next several months.

12 Public Works Director, Brad Jorgensen and City Engineer, Noah Gordon were in
 14 attendance for this discussion item. Mr. Gordon gave his presentation with information
 16 about the future of secondary water metering and discussed the implications of SB 52
 passed in the last legislative session as follows:

18 Mr. Gordon explained that meters will be required on all new services designed
 after April 1, 2020 (no mandate to meter existing system as yet). The metering plan by
 20 the city will be required to be filed with the Division of Water Resources by December
 31, 2019, to include the following:

22

- Cost of full metering.
- How long it will take to complete including start date and completion date.
- How the city will finance the metering.

24 Mr. Gordon stated a study by the Utah Water Task Force (DWR) of issues related
 26 to metering secondary water within Utah to be reported by mid-November 2019. The
 report will need to include the following:

28

- Cost
- Timing
- Need for exemptions
- Resources to pay for the metering
- Any other relevant issues

32 Mr. Gordon noted an annual report by the city will be submitted each year by
 34 March 31st to the DWR and will include the following:

36

- Volume of Water used
- Number of meters
- Service boundary description
- Number of connections
- Volume received from sources

40 Mr. Gordon stated beginning July 1, 2019; the Board of Water Resources may
 42 make up to \$10,000,000 in low interest loans available each year as follows:

44

- 16% of 1% sales tax increase
- Payback interest of ~1%

2 Mr. Gordon stated Meters required on all new services in design and vested after
4 April 1, 2020 are as follows:

- 4 • Anderson Farms is already installing meters
- 6 • City is already requiring meter setters with “jumpers” ready fore meters on all
new projects.

8 Mr. Gordon stated the cost of full metering is as follows:

- 10 • 2404 existing secondary water connections without meters
 - 12 ○ Anderson Farms is installing meters
- 14 • \$1500 -\$2000 cost to retro-fit and install the meter on an existing connection =
16 \$3.6M - \$4.8M

18 Mr. Gordon stated the Timing and Financing of full Metering is as follows:

- 20 • How long it will take Lindon to complete full metering?
 - 22 ○ Start date
 - 24 ○ Completion date
- 26 • How will Lindon finance full metering?
 - 28 ○ Water fund balance
 - 30 ○ Grants
 - 32 ○ Low-interest loan
 - 34 ○ Bond
 - 36 ○ Other

38 Following the presentation, there was some general discussion regarding the
40 information presented. Mr. Cowie stated the city currently has the funds to pay for this
42 but has concerns that the city may not get the stated funding. Councilmember Hoyt
44 stated he is not ready to move forward until it is mandated and not commit to a loan if
46 there are grants available.

48 Mr. Cowie asked the council, in general, if we are preparing the report, are we
50 looking at 5, 10 or 20 years. The Council agreed on the 10-15-year range. Mr. Cowie
52 pointed out there will be some citizens paying for secondary meters and some who are
54 not. Councilmember Lundberg stated we need to figure out what is conservative use vs.
56 excessive use and try to get a baseline.

58 Mr. Cowie stated he is hearing if staff puts a plan together to present to the
60 Council, they are agreeing on the 10-15-year window, finance options and using the
62 “smart” metering option. The Council agrees that would accomplish the goal and a good
64 starting point.

66 Following discussion, the Council thanked Mr. Jorgensen and Mr. Gordon for the
68 presentation and valuable information and for their service to the city.

70 Mayor pro tem Bean called for any further comments or discussion from the
72 Council. Hearing none he moved on to the next agenda item.

44 **COUNCIL REPORTS:**

46 **Councilmember Hoyt** – Councilmember Hoyt asked who he would forward an email
48 received from the Utah Coalition Against Sexual Assault about doing a 4k Run in the

2 city. Mr. Cowie suggested sending it to Heath Bateman as that may be something that
4 would fit with Lindon Days. He also reported he attended the recent ribbon cutting for a
new restaurant in the city that was a great event. He also stressed the importance of
supporting our local businesses.

6

8 **Councilmember Broderick** – Councilmember Broderick reported he attended the police
recognition dinner that was well done and a very nice event.

10 **Councilmember Bean** – Councilmember Bean had nothing further to report.

12 **Councilmember Lundberg** – Councilmember Lundberg reported she attended the
PG/Lindon Chamber of Commerce grand opening for a new restaurant on State Street.
14 She mentioned the used car lot on 800 West does not have any improvements. She also
reported she attended the recent Nova Graduation noting it is such worthwhile program
16 and always a fun event. She reported the annual Memorial Day ceremony will be held at
the cemetery at 9am on Monday (Memorial Day). She also asked about creating a city
18 Instagram account to showcase new businesses in the city. Mr. Cowie stated they will
check into the issue.

20

22 **Councilmember Vanchiere** – Councilmember Vanchiere was absent.

24

26 **Mayor Acerson** – Mayor Acerson was absent.

6. **Public Hearing — Amendment to Commercial Farm Zone; Ordinance #2019-9-O** (20 minutes)

The City Council will accept public comment as it reviews and considers approval of Ordinance #2019-9-o amending Lindon City Commercial Farm Zone Chapter 17.51.130 to reduce landscaping requirements between parking lots and the street in the commercial Farm Zone. Application is made by Mike Jorgensen. The Planning Commission recommended approval to the City Council.

See materials provided by the planning department.

Sample Motion: I move to (approve, deny, continue) Ordinance #2019-9-R amending Lindon City Code Chapter 17.51.130 Commercial (or as presented, with changes).

Ordinance Amendment – Commercial Farm Zone

Lindon City Code 17.51.130

Date: June 4, 2019
 Applicant: Mike Jorgensen
 Presenting Staff: Michael Florence
 Type of Decision: Legislative
 Council Action Required: Yes, the planning commission gave a unanimous recommendation of the change

MOTION

I move to (*approve, deny, continue*) ordinance amendment 2019-9-O (or *as presented, with changes*).

Overview:

Mike Jorgensen made application to amend Title 17.51.130(4) pertaining to proximity of parking to the street right-of-way in the Commercial Farm zone.

- 17.51.130(4) currently prohibits parking spaces from being located closer than thirty feet from a front property line or street side property line.
- Mr. Jorgensen is requesting an ordinance amendment to be able to reduce the 30' parking setback. The setback that the applicant would like to reduce is on 500 E., directly across the street from Rocky Mountain Elementary. The setback would be reduced to approximately 19'.
- Mr. Jorgensen would like to relocate the reduced landscaped area to the interior of his parking lot.
- The Planning Commission held a public hearing on this item on May 14th and 28th and unanimously recommended approval of the ordinance amendment.

Proposed Ordinance Language

4. No required parking spaces shall be within thirty feet (30') of a front property line or street side property line unless approved by the Land Use Authority. The Land Use Authority may reduce this requirement where an alternative plan is proposed that meets the design intent of the Commercial Farm Zone while also maintaining appropriate setbacks and buffers compatible with surrounding properties. There shall be no overall net loss of landscape percentage for the site.

Analysis

The proposed ordinance requires an applicant to provide an alternate plan if there is a request to reduce the parking setback. The land use authority must consider whether the changes would be compatible with surrounding properties by evaluating the intent of the Commercial Farm zone, and setbacks and other buffers on surrounding properties.

The ordinance requires that there be no net loss of the overall landscape percentage. If landscaping is reduced in one area, the same percentage needs to be relocated to another. Mr. Jorgensen has provided some concepts of his proposed changes to reduce the parking setback on 500 E. and increase the amount of landscaping in the parking lot.

Mr. Jorgensen proposed this idea of relocating the landscaping when he petitioned for the original zone change to the Commercial Farm zone. Staff has attached the planning commission and city council meeting minutes from 2018 as well as the planning commission minutes from May 14, 2019.

ORDINANCE NO. 2019-9-O

AN ORDINANCE OF THE CITY COUNCIL OF LINDON CITY, UTAH COUNTY, UTAH, AMENDING TITLE 17.51.130 AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council is authorized by state law to enact and amend ordinances establishing land use regulations; and

WHEREAS, the proposed amendment is consistent with the Lindon City General Plan goal carefully limit any negative impact of commercial facilities on neighboring land use areas, particularly residential development; and

WHEREAS, on May 14 and May 28, 2019, the Planning Commission held a properly noticed public hearing to hear testimony regarding the ordinance amendment; and

WHEREAS, after the public hearing, the Planning Commission further considered the proposed ordinance and recommended that the Council adopt the attached ordinance;

WHEREAS, the Council held a public hearing on June 4, 2019, to consider the recommendation and the Council received and considered all public comments that were made therein.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Lindon, Utah County, State of Utah, as follows:

SECTION I: Amendment. Amend Lindon City Code Section 17.51.130 as follows:

17.51.130 Parking.

1. Each use in the CF zone shall have, on the same lot or conglomeration of parcels as defined in Section [17.51.020](#), off-street parking sufficient to comply with the number of spaces required by Chapter [17.18](#).
2. Parking spaces in a CF zone are exempted from the surfacing, striping, and interior landscaping requirements as found in Chapter [17.18](#), but shall be provided with a dustless, hard surface material such as compacted gravel, asphalt, or concrete and shall be provided with a similar hard surfaced access from a public street.
3. Notwithstanding Subsection [\(2\)](#) of this section, any off-street parking lot adjacent to a residential use or residential zone shall provide a minimum ten-foot (10') landscaped buffer from the parking lot to the adjacent residential use or zone. Trees shall be planted at least every ten feet (10') along the landscaped strip. Trees must be a minimum of two-inch (2") caliper measured one foot (1') off the ground and at least six feet (6') tall when planted. Trees shall be of a variety that will mature to a height of at least twenty feet (20') tall in order to provide a visual barrier between the parking lot and the residential use/zones.
4. No required parking spaces shall be within thirty feet (30') of a front property line or street side property line unless approved by the Land Use Authority. The Land Use Authority may reduce this requirement where an alternative plan is proposed that meets the design intent of the Commercial Farm Zone while also maintaining appropriate setbacks and buffers compatible with surrounding properties. There shall be no overall net loss of landscape percentage for the site.
5. All required ADA parking stalls shall be provided with smooth, hard surface asphalt or concrete paving with a

similar surface provided as an ADA accessible pedestrian route between the parking spaces and any public buildings being accessed from the spaces. (Ord. 2017-16 §1, amended, 2017)

SECTION II: The provisions of this ordinance and the provisions adopted or incorporated by reference are severable. If any provision of this ordinance is found to be invalid, unlawful, or unconstitutional by a court of competent jurisdiction, the balance of the ordinance shall nevertheless be unaffected and continue in full force and effect.

SECTION III: Provisions of other ordinances in conflict with this ordinance and the provisions adopted or incorporated by reference are hereby repealed or amended as provided herein.

SECTION IV: This ordinance shall take effect immediately upon its passage and posting as provided by law.

PASSED and ADOPTED and made EFFECTIVE by the City Council of Lindon City, Utah, this _____ day of _____, 2019.

26 1. **CALL TO ORDER** – The meeting was called to order at 7:00 p.m.

28 2. **APPROVAL OF MINUTES** –The minutes of the regular meeting of the
 Planning Commission meeting of September 11, 2018 were reviewed.

30 COMMISSIONER JOHNSON MOVED TO APPROVE THE MINUTES OF
 THE REGULAR MEETING OF SEPTEMBER 11, 2018 AS PRESENTED.
 32 COMMISSIONER KALLAS SECONDED THE MOTION. ALL PRESENT VOTED
 IN FAVOR. THE MOTION CARRIED.

34 3. **PUBLIC COMMENT** – Chairperson Call called for comments from any
 36 audience member who wished to address any issue not listed as an agenda item.

38 Ann Johnson, Lindon resident addressed the Commission at this time. Ms.
 40 Johnson states she lives on 200 East 40 North in an HOA development. She stated they
 would like permission to put a sign out on their private street that states “no
 42 parking/private street and unauthorized vehicles will be towed.” She asked if a permit is
 required being that it is private property. Mr. Snyder stated it would not need a permit
 but the planning department would need to verify the restrictions with height placement
 44 and vision. Ms. Johnson also mentioned the “Dowdle” home located on 400 East is used
 for community events and questioned what the policy is as the parking overflows into
 46 their private street and she feels this could be a potential liability issue for their HOA.
 Chairperson Call stated if there is a problem with a large event it should be brought to the
 48 city’s attention. Ms. Johnson feels Mr. Dowdle should take responsibility for notifying

2 that have met the percentages; he likes the look of it noting they are using this product all
3 over the world.

4 Chairperson Call asked if there were any public comments at this time. Mr.
5 Leonard Lee commented his business is adjacent to this proposed development. He
6 believes this is the best use and proposal for this property. He also thinks, as he has
7 considered this proposal, as long as he can maintain his property line he doesn't object to
8 them landscaping against his building if they willing to maintain it. Ann Johnson,
9 resident in attendance, asked if the Fire Department will be able to gain access to the area
10 and if it would pose any safety issues. She also pointed out there may be associated
11 traffic issues by the Lindon Elementary school.

12 Chairperson Call stated her biggest concern is not how the building looks but how
13 the ordinance is applied. Commissioner Kallas stated he feels good about the project, but
14 would like to recommend continuation to give the commission time to visit the sites to
15 view the other projects and products. Commissioner Vanchiere pointed out its clear in the
16 ordinance (overlay zone), and if it comes before this body, that the Commission has the
17 option of choosing other materials and it will be specified by staff in the Commission
18 staff report.

19 Chairperson Call asked if there were any further comments or discussion.
20 Hearing none she called for a motion.

22 COMMISSIONER KALLAS MOVED TO CONTINUE THE APPLICANT'S
23 REQUEST FOR SITE PLAN APPROVAL FOR SENIOR HOUSING APARTMENTS
24 AT A DENSITY OF 30 UNITS/ACRE IN ORDER TO ALLOW TIME FOR THE
25 COMMISSION TO VIEW SIMILAR PROPERTIES AND PRODUCTS.
26 COMMISSIONER KELLER SECONDED THE MOTION. THE VOTE WAS
27 RECORDED AS FOLLOWS:

34 THE MOTION CARRIED FIVE TO ONE.	

36 9. **Site Plan/Conditional Use Permit — Walker Farms, 26 South 500 East.** Mike
37 Jorgensen requests preliminary site plan approval for a reception center as a
38 conditional use on the property located at approximately 26 South 500 East, in the
39 Commercial Farm (CF) zone. Recommendations will be forwarded to the City
40 Council for final approval.

42 Mr. Snyder stated the applicant, Mike Jorgensen is in attendance to request
43 preliminary site plan approval for a reception center as a conditional use on the property
44 located at approximately 26 South 500 East, in the Commercial Farm zone. He noted
45 recommendations will be forwarded to the City Council for final approval.

46 Mr. Snyder explained that Mr. Jorgensen is proposing to construct an events barn
47 (reception center) on the property. He is also proposing to utilize the existing home, on
48 the corner of Center St. and 500 East, as a caretaker or farm-help accessory dwelling.

2 Both of these uses require a conditional use permit in the CF zone per Lindon City Code.
 4 He pointed out the applicant's existing residence and detached garage/workshop are
 included in the Walker Farms project.

6 Mr. Snyder stated that Lindon City Code 17.09 Table #1 indicates that for projects
 in the CF zone, the Planning Commission will complete a preliminary review of the site
 plan and conditional use prior to a final review and decision by the City Council and
 8 recommendations from the Planning Commission review will be forwarded to the City
 Council. He commented that a large portion of the project area was initially rezoned by
 10 the City Council on October 3, 2017 (Ordinance 2017-14-O) from the R1-20 zone to the
 CF zone. The City Council rezoned additional property to the CF zone on September 4,
 12 2018 (Ordinance 2018-16-O).

14 Mr. Snyder stated the Planning Staff, City Engineer and the applicant are working
 through technical issues related to the site and City Staff will ensure all issues are
 16 resolved before final Engineering approval is granted. He noted third party notices were
 mailed on September 28, 2018, to the adjoining property owners in accordance with
 Lindon City Code and no comments have been received to date.

18 Mr. Snyder then referenced for discussion Table 1, Property Information (LCC
 Commercial Farm 17.51). Mr. Snyder indicated that at least forty percent (40%) of the
 20 property must be maintained in active agricultural production and be managed in such a
 way that there is a reasonable expectation of profit. He added that land used in connection
 22 with a farmhouse, such as landscaping, driveways, etc., cannot be included in the area
 calculation for agricultural production eligibility. He added the applicant raises and
 24 breeds alpacas and intends to sell the alpaca wool and the event center can be an
 additional revenue source for the alpaca operation.

26 Mr. Snyder stated the minimum area of any lot or parcel of land in the CF zone
 shall be five acres. Multiple parcels that total five acres or more may qualify as meeting
 28 the minimum lot area without combining the parcels only when they are under identical
 legal ownership and are contiguous. A deed restriction prohibiting the separation of
 30 parcels may be required in order to maintain the minimum five contiguous acres.

32 Mr. Snyder pointed out that not more than one single-family dwelling with an
 accessory apartment, and one caretaker's or farm-help dwelling, may be placed on a lot
 or parcel of land in the CF zone (or conglomeration of parcels necessary to meet
 34 minimum acreage requirements). In no case may the caretaker's or farm-help dwelling be
 sold as a separate, subdivided lot unless it meets all requirements of the underlying zone.
 36 Owner occupancy of a primary residence on the property is required to maintain a
 caretaker's or farm-help dwelling unit. Project area contains applicant (owner) existing
 38 residence and another residence to be used as a caretaker's or farm-help dwelling (corner
 of 500 East and Center Street). He noted that Mr. Jorgensen recently bought two other
 40 existing residences that are adjacent to but not part of the project area.

42 Mr. Snyder stated in a CF zone, all buildings, including accessory buildings and
 structures, shall not cover more than forty percent (40%) of the area of the lot or parcel of
 44 land, or the conglomeration of parcels as defined in city code; this site is currently less
 than 10%. At least forty percent (40%) of the front yard setback area of any lot shall be
 landscaped. On any lot, concrete, asphaltic, gravel, or other driveway surfaces shall not
 46 cover more than fifty percent (50%) of a front yard. This requirement has not been met as
 landscaping details are needed for the frontages along Center Street and 500 East.

2 Mr. Snyder stated parking spaces in a CF zone are exempted from the surfacing,
 4 striping, and interior landscaping requirements and must provide a dustless, hard surface
 6 material such as compacted gravel, asphalt, or concrete and shall be provided with a
 8 similar hard surfaced access from a public street; these parking lots are asphalt.

10 Mr. Snyder noted any off-street parking lot adjacent to a residential use or
 12 residential zone shall provide a minimum ten-foot landscaped buffer from the parking lot
 14 to the adjacent residential use or zone. Trees shall be planted at least every ten feet along
 16 the landscaped strip and must be a minimum of two-inch caliper measured one foot off
 18 the ground and at least six feet tall when planted. Trees shall also be of a variety that will
 20 mature to a height of at least twenty feet tall in order to provide a visual barrier between
 22 the parking lot and the residential use/zone. He noted this requirement has not been met
 24 as yet as the detailed landscaping plans are still needed.

26 Mr. Snyder indicated no required parking spaces shall be within thirty feet of a
 28 front property line or street side property line. All required ADA parking stalls shall be
 30 provided with smooth, hard surface asphalt or concrete paving with a similar surface
 32 provided as an ADA accessible pedestrian route between the parking spaces and any
 34 public buildings being accessed from the spaces.

36 Mr. Snyder indicated there are no architectural design standards for the
 38 Commercial Farm zone. Mr. Snyder then presented photos (2017 conditions), Location,
 40 Site Plan (Overall Project Concept), Layout (Reception Center Concept) and Elevations
 42 followed by discussion. He then turned the time over to Mr. Jorgensen for comment.

44 Mr. Jorgensen explained the parking and the landscape plan that he emailed to
 46 Mr. Snyder showing setback adjustments on the parking lot/landscaping. Mr. Snyder
 48 stated Mr. Jorgensen could consider an ordinance amendment that would go through the
 50 planning commission who would then forward their recommendations on to the City
 52 Council for review and approval. Mr. Snyder pointed out that the change would only
 54 apply to the commercial farm zone.

56 Chairperson Call stated it is her understanding that Mr. Jorgensen could start
 58 construction while applying for the ordinance change but would have to follow the
 60 approved plans. She pointed out it would be up to the applicant to go forward with the
 62 ordinance amendment process. Following discussion, the Commission agreed this may
 64 be an extenuating circumstance (as there is a school adjacent to the property) where an
 66 ordinance change may be accommodated. Chairperson Call commented as she reviewed
 68 this it appears to meet all requirements and guidelines and looks to be a really nice
 70 project.

72 Chairperson Call asked if there were any further comments or discussion.
 74 Hearing none she called for a motion.

76 COMMISSIONER KALLAS MOVED TO RECOMMEND TO THE CITY
 78 COUNCIL APPROVAL OF THE SITE PLAN AND CONDITIONAL USE PERMIT
 80 FOR WALKER FARMS TO BE LOCATED AT 26 SOUTH 500 EAST IN THE
 82 COMMERCIAL FARM (CF) ZONE APPROVAL WITH THE FOLLOWING
 84 CONDITIONS: 1. THAT THE OWNER OCCUPIES ONE OF THE LEGAL ON-SITE
 86 RESIDENCES IN ACCORDANCE WITH LINDON CITY CODE 17.51.014 AND 70,
 88 AND 2. THAT A DEED RESTRICTION PROHIBITING THE SEPARATION OF THE
 90 PARCELS BE RECORDED IN ORDER TO MAINTAIN THE MINIMUM FIVE (5)
 92 CONTIGUOUS ACRES (LINDON CITY CODE 17.51.020 AND 70) AND 3. THAT

2 THE PROJECT COMPLIES WITH NOISE LIMITS, SIGNAGE REGULATIONS,
 4 AND ANIMAL REGULATIONS AS REQUIRED IN LINDON CITY CODE AND
 6 SPECIFICALLY SECTIONS 17.51.145 AND 150 AND 4. PRIOR TO FINAL
 8 APPROVAL THAT THE APPLICANT WORKS WITH CITY STAFF TO ADDRESS
 10 AND CORRECT THE SETBACK CONCERNS AND LOT ISSUES RAISED BY
 RECENT UNAPPROVED DIVISIONS OF LAND (CONDITION FROM REZONING
 09/04/2018 CC) AND 5. PROVIDE A LANDSCAPING PLAN TO MEET
 APPLICABLE REQUIREMENTS OF LCC 17.51.120(2) AND 17.51.130(3).

38 conditional use on the property located at approximately 26 South 500 East, in the
39 Commercial Farm (CF) zone. The Planning Commission recommended approval
40 with conditions.

41 Brandon Snyder, Associate Planner, noted the applicant, Mike Jorgensen is in
42 attendance for this agenda item. He explained Mr. Jorgensen is requesting approval of a
43 preliminary site plan approval for a reception center as a conditional use on the property
44 located at approximately 26 South 500 East, in the Commercial Farm zone. He noted the
45 Planning Commission recommended approval with conditions.

2 Mr. Snyder stated Mr. Jorgensen is proposing to construct an event barn
4 (reception center) on the property. He also proposes to utilize the existing home, on the
corner of Center Street and 500 East, as a caretaker or farm-help accessory dwelling. Mr.
6 Snyder stated both of these uses require a conditional use permit in the CF zone per
8 Lindon City Code. He noted the applicant's existing residence (400 East) and detached
garage/workshop are included in the Walker Farms project. Mr. Snyder reminded the
10 Council that the intent of the commercial farm zone is to provide encouragement of
agricultural production and associated commercial activities that are compatible with
12 and/or promote agricultural uses within the city. Mr. Snyder indicated objectives of the
14 zone include promoting and preserving agricultural production, promoting agricultural
open space throughout the city, and allowing associated commercial activities which
could be used as additional revenue sources to help sustain and support agricultural
industry within Lindon.

16 Mr. Snyder explained that a large portion of the project area was initially rezoned
by the City Council on October 3, 2017 from the R1-20 zone to the CF zone. The City
18 Council also rezoned additional property to the CF zone on September 4, 2018. He noted
the Planning Staff, City Engineer and Mr. Jorgensen are working through any technical
20 issues related to the site and Staff will ensure all issues are resolved before final
Engineering approval is granted. He noted third party notices were mailed on September
22 28, 2018, to the adjoining property owners in accordance with Lindon City Code and no
comments have been received to date.

24 Mr. Snyder then referenced Table 1 Property Information (LCC Commercial
Farm 17.51) including Lot area, Lot width, Lot depth, Building height, Onsite parking
stalls, Building setbacks and Agricultural Production Area followed by discussion. Mr.
26 Snyder noted all requirements are met.

28 Mr. Snyder pointed out that at least forty percent of the property must be
maintained in active agricultural production and be managed in such a way that there is a
30 reasonable expectation of profit. Also, land used in connection with a farmhouse, such as
landscaping, driveways, etc., cannot be included in the area calculation for agricultural
32 production eligibility. Mr. Snyder pointed out the 40% requirement is met. Even though
the combined parcels (total project area 6.29 acres) exceeds the minimum 5 acres as
34 required by city code, currently the agricultural production area is at the minimum 40%.
He indicated that no parcels that are currently in the project area could be removed or
36 sold separately at a future date without modifications to the site plan.

38 Mr. Snyder further explained "agricultural production" is defined (per city code)
as the production of food for human or animal consumption through the raising of crops
40 and/or breeding and raising of domestic animals and fowl (except household pets) in such
a manner that there is a reasonable expectation of profit. He noted this was previously
42 discussed during the rezoning of the property. Mr. Jorgensen raises and breeds alpacas
and intends to sell the alpaca wool; the reception/event center can be an additional
revenue source for the alpaca operation.

44 Mr. Snyder stated the minimum area of any lot or parcel of land in the CF zone
shall be five acres. He noted that multiple parcels that total five acres or more may
46 qualify as meeting the minimum lot area without combining the parcels only when they
are under identical legal ownership and are contiguous. He indicated that a deed

2 restriction prohibiting the separation of parcels may be required in order to maintain the
 4 minimum five contiguous acres.

6 Mr. Snyder went on to say that not more than one single-family dwelling with an
 8 accessory apartment, and one caretaker's or farm-help dwelling, may be placed on a lot
 10 or parcel of land in the CF zone (or conglomeration of parcels necessary to meet
 minimum acreage requirements). He pointed out that in no case may the caretaker's or
 farm-help dwelling be sold as a separate, subdivided lot unless it meets all requirements
 of the underlying zone. He added that owner occupancy of a primary residence on the
 property is required to maintain a caretaker's or farm help dwelling unit.

12 Mr. Snyder re-iterated that the project area contains Mr. Jorgensen's existing
 14 residence, at 400 East, and another residence to be used as a caretaker's or farm-help
 dwelling at the corner of 500 East and Center Street. Mr. Jorgensen has also recently
 bought two other existing residences that are adjacent to but not part of the project area.

16 Mr. Snyder went on to say in a CF zone, all buildings, including accessory
 18 buildings and structures, shall not cover more than forty percent (40%) of the area of the
 20 lot or parcel of land, or the conglomeration of parcels as defined in city code (currently
 less than 10%). At least forty percent (40%) of the front yard setback area of any lot shall
 be landscaped. On any lot, concrete, asphaltic, gravel, or other driveway surfaces shall
 22 not cover more than fifty percent (50%) of a front yard (this requirement has not been
 met. He noted that landscaping details are needed for the frontages along Center Street
 and 500 East).

24 Mr. Snyder pointed out that parking spaces in a CF zone are exempted from the
 26 surfacing, striping, and interior landscaping requirements, but shall be provided with a
 28 dustless, hard surface material such as compacted gravel, asphalt, or concrete and shall be
 30 provided with a similar hard surfaced access from a public street (parking lots are
 asphalt). He noted that any off-street parking lot adjacent to a residential use or
 32 residential zone shall provide a minimum ten-foot (10') landscaped buffer from the
 parking lot to the adjacent residential use or zone. Trees shall be planted at least every ten
 feet (10') along the landscaped strip and must be a minimum of two-inch (2") caliper
 measured one foot (1') off the ground and at least six feet (6') tall when planted. Trees
 34 shall be of a variety that will mature to a height of at least twenty feet (20') tall in order to
 provide a visual barrier between the parking lot and the residential use/zone (this
 requirement has not been met).

36 Mr. Snyder noted no required parking spaces shall be within thirty feet (30') of a
 38 front property line or street side property line. He indicated Mr. Jorgensen would like to
 40 discuss a potential ordinance amendment to allow for the parking to be closer to the street
 and the landscaping to be added within the parking area. All required ADA parking stalls
 shall be provided with smooth, hard surface asphalt or concrete paving with a similar
 42 surface provided as an ADA accessible pedestrian route between the parking spaces and
 any public buildings being accessed from the spaces. He pointed out there are no
 architectural design standards for the Commercial Farm (CF) zone.

44 Mr. Snyder then presented photos (2017 & 2018), Location, Site Plan (Overall
 46 Project Concept), Layout (Reception Center Concept), Elevations, Example Parking Lot
 and Landscaping Placement (not for approval at this time) followed by discussion. He
 then turned the time over to Mr. Jorgensen for comment.

2 Mr. Jorgensen addressed the Council at this time. He indicated he is considering a
 4 potential ordinance amendment to allow for the parking to be closer to the street and the
 landscaping to be added within the parking area as the elementary school is the adjacent
 neighbor.

6 Councilmember Lundberg commented she likes this trade off as it spreads some of
 8 the beautification into the interior parking lot so its not just asphalt and concrete. She likes
 the trade off and it seems like a reasonable concept. Councilmember Broderick agreed
 adding it looks very sharp.

10 Mayor Pro Tem Bean pointed out this item came before the Planning Commission a
 week ago and they agreed to keep the five conditions in the motion to ensure they are
 12 followed up with. Mr. Jorgensen stated he is comfortable with the five listed conditions.

14 Mayor Pro Tem Bean called for any further comments or discussion from the
 Council. Hearing none he called for a motion.

16 COUNCILMEMBER LUNDBERG MOVED TO APPROVE THE SITE PLAN
 18 AND CONDITIONAL USE PERMIT FOR WALKER FARMS TO BE LOCATED AT
 20 26 SOUTH 500 EAST IN THE COMMERCIAL FARM (CF) ZONE, WITH THE
 FOLLOWING CONDITIONS: 1. THAT THE OWNER OCCUPIES ONE OF THE
 22 LEGAL ON-SITE RESIDENCES IN ACCORDANCE WITH LINDON CITY CODE
 17.51.014 AND 70, AND 2. THAT A DEED RESTRICTION PROHIBITING THE
 24 SEPARATION OF THE PARCELS BE RECORDED IN ORDER TO MAINTAIN THE
 MINIMUM FIVE (5) CONTIGUOUS ACRES (LINDON CITY CODE 17.51.020 AND
 26 70), AND 3. THAT THE PROJECT COMPLIES WITH NOISE LIMITS, SIGNAGE
 28 REGULATIONS, AND ANIMAL REGULATIONS AS REQUIRED IN LINDON CITY
 CODE AND SPECIFICALLY SECTIONS 17.51.145 AND 150, AND 4. PRIOR TO
 30 FINAL APPROVAL THAT THE APPLICANT WORKS WITH CITY STAFF TO
 ADDRESS AND CORRECT THE SETBACK CONCERNS AND LOT ISSUES
 RAISED BY RECENT UNAPPROVED DIVISIONS OF LAND (CONDITION FROM
 32 REZONING 09/04/2018 CC), AND 5. PROVIDE A LANDSCAPING PLAN TO MEET
 34 APPLICABLE REQUIREMENTS OF LCC 17.51.120(2) AND 17.51.130(3).

36 COUNCILMEMBER MAGLEBY SECONDED THE MOTION. THE VOTE WAS
 38 RECORDED AS FOLLOWS:

34 COUNCILMEMBER BEAN	AYE
36 COUNCILMEMBER LUNDBERG	AYE
38 COUNCILMEMBER BRODERICK	AYE
38 COUNCILMEMBER MAGLEBY	AYE

38 THE MOTION CARRIED UNANIMOUSLY.

40 7. **Discussion Item — Urban Deer Hunt / Urban Deer Removal Programs.** Chief
 42 Josh Adams and a representative from the State of Utah Division of Wildlife
 44 Resources (DWR) will review urban deer hunt program rules and processes. The
 Council will provide direction to staff on whether or not to proceed with gathering
 additional public input and/or begin efforts with the DWR to establish an urban
 deer hunt or urban deer removal program within Lindon. If an urban hunting
 46 program is desired a future public hearing and budget amendment hearing will be
 necessary.

2 The Lindon City Planning Commission held a regularly scheduled meeting on **Tuesday,**
May 14, 2019 beginning at 7:00 p.m. at the Lindon City Center, City Council
4 Chambers, 100 North State Street, Lindon, Utah.

6 **REGULAR SESSION – 7:00 P.M.**

22 **Special Attendee:**

24 Matt Bean, Councilmember

26 1. **CALL TO ORDER** – The meeting was called to order at 7:00 p.m.

28 2. **APPROVAL OF MINUTES** –The minutes of the regular meeting of the
Planning Commission meeting of April 9, 2019 were reviewed.

30 COMMISSIONER KALLAS MOVED TO APPROVE THE MINUTES OF THE
32 REGULAR MEETING OF APRIL 9, 2019 AS PRESENTED. COMMISSIONER
MARCHBANKS SECONDED THE MOTION. ALL PRESENT VOTED IN FAVOR.
34 THE MOTION CARRIED.

36 3. **PUBLIC COMMENT** – Chairperson Call called for comments from any
audience member who wished to address any issue not listed as an agenda item.

38 Mr. Mark Weldon spoke on his application noting he is 40 days into the process
40 and they set a guideline for 60 to 90 days for an answer. They would like the fake road to
be moved off of their property as the timeline is almost up. He noted city staff has done
42 the process perfectly. They just wanted to say this is of large economic importance to
them to have the removal of the road. The drainage and detention go to that area so
44 without the road being removed it is a major problem for them. They have invested a lot
of time and money for the parking deck and if the parking isn't provided Global
46 Payments will not go in. So, they are now in consideration of spending 5 million for a
parking structure and they would ask that it not be taxed and are they are asking for
48 advice from the commission as to not get charged for property tax on the parking

2 structure or if there is a way to get abatement on the property taxes for the parking
 4 structure. He is asking that the commission research the possibility of this issue.

6 Chairperson Call stated they could encourage additional research but that is not a
 8 decision this body can make. Mr. Weldon stated this is a unique case and they are just
 10 asking for staff to consider and research the issue. Mr. Florence stated that is something
 12 the Utah County Assessor would have to answer. The mechanisms the city would have
 14 access to is through a Redevelopment Agency (RDA) and there is not one set up in that
 16 area; this would begin with the city council. He noted there may be incentive packages to
 18 offset costs but that would also be a decision of the city council. Mr. Florence suggested
 20 that Mr. Weldon contact himself and the city administrator to discuss the issue further.

CURRENT BUSINESS –

14 4. **Public Hearing** – Recommendation to the Lindon City Council to amend Lindon
 16 City Code Chapter 17.51.130 to reduce landscaping requirements between
 18 parking lots and the street in the Commercial Farm zone. Application is made by
 20 Mike Jorgensen.

22 COMMISSIONER MARCHBANKS MOVED TO OPEN THE PUBLIC
 24 HEARING. COMMISSIONER JOHNSON SECONDED THE MOTION. ALL
 26 PRESENT VOTED IN FAVOR. THE MOTION CARRIED.

28 Michael Florence, Planning Director, gave a brief overview of this item
 30 explaining the applicant, Mr. Mike Jorgensen made application to amend Title
 32 17.51.130(4) pertaining to proximity of parking to the street right-of-way in the
 34 Commercial Farm zone. He noted City code currently prohibits parking spaces from
 36 being located closer than thirty feet from a front property line or street side property line.
 38 He indicated it was assumed by staff that the thirty-foot area was meant to be landscaped
 40 and Staff clarified this requirement in the proposed ordinance language. The proposed
 42 ordinance would allow a reduction in the thirty-foot requirement where a non-residential
 44 use either abuts the property or is directly across the street. However, no net loss of
 46 landscaping will be allowed. He added the reduced landscaping must be relocated to
 48 either add additional interior parking lot landscaping or overall site landscaping.

50 Mr. Florence stated no required parking spaces can be within thirty feet (30') of a
 52 front property line or street side property line. Also, a minimum thirty (30) foot landscape
 54 buffer shall be required between parking areas and the front property line or street right-
 56 of-way. A reduction in the thirty-foot landscape buffer may be approved where a non-
 58 residential use either abuts the property or is directly across the street and the non-
 60 residential use has less than the thirty-feet of landscaping between the parking area and
 62 front property line or street right-of-way. He noted where approved, the applicant will
 64 replace the reduced thirty-foot landscaping buffer with additional interior parking lot or
 66 site landscaping.

68 Mr. Florence noted the thirty-foot setback for parking was probably adopted
 70 because the minimum setback for a single-family residence in the R1 zone is thirty feet.
 72 The applicant is proposing the change for two reasons: First, Rocky Mountain
 74 Elementary has 9 1/2 feet of landscaping between their parking and the street right-of-way.
 76 The applicant's proposal shows reducing the landscaping from 30 feet to 19 feet. The

2 property is unique in that it sits well below grade. There is approximately 9 1/2 feet of
 4 landscaping between the rail fence and the sidewalk, with another two feet behind the
 fence. The remaining landscaping will be below grade at the parking

6 Mr. Florence stated the applicant would like to relocate the reduced landscaping
 8 to the interior of the parking lot. The site plan shows an interior sidewalk. If the reduction
 in landscaping is approved, the applicant is proposing to relocate it to install landscaping
 10 on both side of the interior parking lot sidewalk. He noted the general plan has a land use
 goal to carefully limit any negative impact of commercial facilities on neighboring land
 use areas, particularly residential development.

12 Mr. Florence then presented the following exhibits for discussion:

- 14 • Proposed Ordinance
- 16 • Planning Commission Minutes October 9, 2018
- 18 • City Council meeting minutes October 16, 2018
- 20 • Site Plan
- 22 • Landscape renderings provided by the applicant
- 24 • Current approved landscape plan

26 Commissioner Kallas commented that it makes a lot of sense for what they
 28 requesting and would work very well and questioned if a variance would be better suited
 than changing the ordinance. Mr. Florence stated a variance wouldn't apply to this
 30 situation. Chairperson Call stated she doesn't want us to be put in a situation where a
 determination has to be made every time an application is submitted. Commissioner
 32 Thompson agreed stating he has the same basic concerns. He added the exceptions on
 this is very specific and questioned if the wording could be changed to make it work so it
 is not specific for this property; it looks like it will work well, but may be a little too
 34 specific for him.

36 Commissioner Kallas commented we can't govern what schools do and he would
 38 hesitate to change the ordinance just for this specific case. Mr. Florence said he would
 like feedback tonight and then he can take another shot at the ordinance. Commissioner
 40 Marchbanks pointed out there are only two locations in the city that meet the
 requirements for a commercial farm zone (this property and Wadley Farms).

42 Mrs. Jorgensen was in attendance representing this item. She mentioned they feel
 44 this is a pretty straightforward request and think this would look so much prettier and
 would be better if they landscape down to where the elevation drops.

46 Following some general discussion Chairperson Call stated we need to work
 something out with the ordinance. Commissioner Kallas asked Ms. Jorgensen if she
 48 would be in agreement if this decision is postponed in order to figure out a tool to make
 this work. Ms. Jorgensen stated they would be fine with that.

50 Chairperson Call asked if there were any public comments or discussion. Hearing
 none she called for a motion to close the public hearing.

52 COMMISSIONER KALLAS MOVED TO CLOSE THE PUBLIC HEARING.
 54 COMMISSIONER MARCHBANKS SECONDED THE MOTION. ALL PRESENT
 56 VOTED IN FAVOR. THE MOTION CARRIED.

58 Chairperson Call called for any further comments or discussion from the
 60 Commission. Hearing none she called for a motion.

2 COMMISSIONER KALLAS MOVED TO CONTINUE ORDINANCE
 4 AMENDMENT 2019-8-O TO ALLOW STAFF TO TAKE DIRECTION TO
 6 INVESTIGATE HOW THIS SECTION OF THE DEVELOPMENT CAN BE
 APPROVED TO MINIMIZE THE SETBACK TO 19 FEET WITHOUT CHANGING
 THE ORDINANCE. COMMISSIONER THOMPSON SECONDED THE MOTION.
 THE VOTE WAS RECORDED AS FOLLOWS:

14 THE MOTION CARRIED UNANIMOUSLY.

16 5. **Public Hearing** – Recommendation to the Lindon City Council to amend Lindon
 City Sign Code Chapter 18.03 to modify the allowable square footage for
 18 directional signs. Application is made by Phil Haderlie on behalf of doTerra.

20 COMMISSIONER THOMPSON MOVED TO OPEN THE PUBLIC HEARING.
 COMMISSIONER SCHAUERS SECONDED THE MOTION. ALL PRESENT
 22 VOTED IN FAVOR. THE MOTION CARRIED.

24 Mr. Florence led this discussion by stating the applicant, Phil Haderlie (who is in
 attendance) made application on behalf of doTerra to amend Title 18.03.030 to allow for
 26 increased directional signage in the Regional Commercial Zone. The ordinance
 amendment application was filed to allow increased signage for the Regional
 28 Commercial zone only. Staff feels that if the City decides to amend the sign code to allow
 for increased sign area for directional signs then the City should consider, as well,
 30 allowing increased signage for the Heavy and Light Industrial zones due to site visibility
 for delivery trucks.

32 Mr. Florence explained Mr. Haderlie explained the purpose of the request for
 increased directional sign area is to allow larger font size for ease of readability for large
 34 delivery vehicles; A Directional Sign, as defined in Lindon City Code 18.03.020 means:
 any sign used to direct traffic flow into or out of a parking lot through a City approved
 36 drive approach; The sign code currently allows a maximum height of three feet and a
 maximum sign area of 6 feet. He noted the applicants request is to allow a maximum
 38 height of 3 feet and a maximum sign area of 12 square feet. These dimensions would
 allow for a 3' x 4' directional sign.

40 Mr. Florence then presented the Proposed Ordinance Language as follows:

Directional Signs.

- 42 1. Directional signs require a sign permit from the City
- 44 2. Only one (1) Directional sign is allowed for each City approved drive approach.
- 46 3. Directional signs shall meet the following requirements:
 - a) Not exceed three feet (3') in height; and b. Not exceed six (6) square feet in area.
 - b) In the Regional Commercial, Heavy Industrial and Light Industrial zones, a maximum of three feet in height and twelve (12) square feet in area;

7. **Discussion Item — FY2020 Budget Items;** *(20 minutes)*
The City Council will have continued discussion on employee Merit and COLA, and Utility Rates Study and recommended increases (JUB Engineers will present the utility rate study). The City Council will provide feedback for staff's direction.

Discussion Item only. No motion required.

Budget Issues

This is a review of budget issues for the 2019-2020 fiscal year. These budget issues will be presented in the June 4, 2019 City Council meeting to decide what will be included in the final budget.

Budget Issue #1: Should Lindon City provide employees with a 2.0% Cost Of Living Allowance (COLA) increase and provide for a merit increase of 3.0% in January?

The Consumer Price Index (CPI) had an average annual increase of 2.3% from March 2018 to February 2019 according to US Department of Labor as shown below.

Merit increases would be effective January 2020 and would be awarded based on performance evaluations. Merit increases would be one step for employees below the mid range. Employees at or above the mid range step would receive a 3.0% performance based merit increase. One-time merit increase payments have also been given to employees who have reached the maximum wage on their range of the pay scale. These employees are still valued for their expertise and are given this one-time payout based on their performance evaluations, but their wage does not increase. The one-time payouts are calculated based on the amount of merit increase they would receive for 12 months.

Historically, COLA and merit increases have provided somewhat consistent buying power for the employees and have kept salaries competitive and employee morale high. Lindon City conducts compensation studies every few years to ensure that employee compensation remains competitive with similar municipalities. In the more distant past there were many positions that would have to be adjusted to bring them to the midpoint of the surveys. In the past 5 years, this has rarely happened because positions have remained competitive due to the annual COLA and merit increases.

Each year, there is an increase in payroll and/or benefits costs to the City. This year, the City is changing the benefits offered to benefitted employees and decreasing the benefit costs.

Figure 2 shows the combination of the costs increases for insurance and pay for the prior, current and budgeted fiscal years.

With concerns about continually increasing wages, the City Council has asked for different scenarios for payroll increases and their corresponding impact on the budget. There are 13 different scenarios listed in the Figure 4 matrix. Six scenarios (colored blue) have different combinations of COLA and Merit increases on employees' wages.

Six scenarios (colored tan) have different combinations of COLA and Merit increases on employees' wages as well as a one-time (1x) payout of 1% COLA or 1% Merit pay. One scenario (colored yellow) has a 2% Merit increase, a 1% COLA increase and two 1% 1x payouts, one for COLA in July and one for Merit in January. The matrix also shows in parentheses the amount of one-time merit pay that would go to employees who have reached the top of their pay ranges.

Please refer to JUB's Utility Rate Study, which is in the staff report for the June 4th meeting, for more information on the water, sewer, and storm water utility rate changes.

Lindon City contracts with Republic Services for garbage and recycling collection. The current contract has an annual 3% increase in their collection fees. Also, they charge a fuel surcharge fee which has increased over the past year as fuel costs have increased. This results in the following rate increases for our customers.

Garbage (Residential Only)

First garbage can	\$10.00	\$10.30
Each additional garbage can	\$8.50	\$8.76

Recycling, per can

\$3.60 \$3.71

The monthly change on a resident's utility bill who lives below North Union Canal, has unmetered pressurized irrigation, uses 8,000 gallons with their 1" culinary water meter, has one garbage can and one recycling can, would be:

Water	\$3.07
Sewer	\$1.58
Storm	\$1.16
Garbage	\$0.30
Recycling	\$0.11
add'l tax	<u>\$0.37</u>
Total	\$6.59

Budget Issue #3: Should Lindon City charge a service fee when customers pay with a credit card?

Lindon City pays merchant fees in order to accept payments by credit cards. These merchant fees have increased from \$51,524 in the 2016-2017 fiscal year to an estimated \$75,000 for the current fiscal year. This is because we are taking more payments by credit card. Credit card payments are taken through multiple portals and via face-to-face, phone and online channels.

<u>Service</u>	<u>CC Portal</u>	<u>Avg Fee Charged to Lindon City</u>
Utility payments	Xpress	1.10%
Misc. govt svcs (cemetery, bus. license)	Xpress	1.60%
Recreation (sports, rentals, admissions)	DASH/OpenEdge	2.10%
Court (fines, restitution)	CORIS/Xpress (in person/via phone)	1.60%
Court (fines, restitution)	CORIS/Heartland	1.45%

Lindon City currently charges a convenience fee to accept Court Payments online (\$2.00) or over the phone (\$1.50). We do not charge any other fees to use a credit card for payment, however, we do limit credit card payments in Community Development to no more than \$300. Developers have asked to be able to use their credit cards for payment on building permits, even if they have to pay a fee which we currently do not have.

If we were to start charging a fee to customers in order to recoup our credit card costs, there are different kinds of fees and lots of rules established by the credit card industry, particularly Visa.

The two main type of fees are convenience fees and service fees. Convenience fees are flat rates and cannot be charged to face-to-face customers nor automatic payments. If we charge convenience fees on credit cards, we also have to charge them on ACH payments (ie, electronic checks). With these rules, we would not be able to charge convenience fees for using a credit card to pay for a building permit since those are paid for when the developer comes in to pick up their building permit.

The other type of fee that we could charge customers who pay with credit cards are service fees. Service fees can be flat or percentage based rates and can be charged in all payment channels including face-to-face customers, but are not allowed for utility payments.

Lindon City would need to work with our credit card vendors in order to set up these fees. The service fee needs to be approved by Visa and the process could take up to 60 days.

A survey was conducted by Park City of what some other entities do. They shared this information and it is shown in Figure 5 on the following page. Please note that not all of these fees are compliant with Visa rules and regulations.

Taking credit cards is a convenience for both Lindon City and our customers. Lindon City has been able to absorb the merchant fees, however the merchant fees we are charged are growing faster than our fees for our services. For instance, we have not increased our recreation sports fees to offset the increasing merchant fees as more (almost all) customers register online. And if we allow developers to use credit cards to pay for large building permits, those merchant fees are not calculated into the building permit fees. On the other hand, if we impose a service fee for using credit cards, many customers will choose to pay by check which takes personnel time and increases chances for returned checks. This is why we do not currently accept checks at the Aquatics Center.

Upon further research, we found that Visa rules prohibit only charging service fees on certain amounts and not on others. Nor can we set a limit on accepting credit card payments. Thus, Lindon City cannot say that we will not charge a service fee on amounts \$300 or less, nor can we say that we won't accept credit cards for purchases over \$20,000. We can choose to not charge service fees at all on certain services.

In the last meeting, staff and City Council agreed that the established service fee should be sufficient to cover the merchant fees on a large building permit. While we had looked at covering the average merchant fees, there were some credit cards that have higher merchant fees and these could be used to pay for building permits. A 3% service fee would cover all but one type of card, which is at 3.08% and is only used 0.5% of the time. If this type of card were to be used on a \$150,000 building permit, the 3% service fee (\$4,500) would cover all but \$120 of the \$4,620 merchant fees. This is close enough considering the number of transactions on which we would be charging the 3% service fee, but have merchant fees closer to the average of 1.6%.

Below are the updated proposed service fees. As previously mentioned, we can choose certain services that we do not charge the service fee on.

Service	Channels	Service Fee
Utility payments	All	None
City Services Utility Application Fee Donations (Thanksgiving or other)	All	3.0% (unless otherwise noted) None None
Recreation Registration (classes & sports) Aquatics Center Programs Aquatics Center Admissions Aquatics Center Punch Passes Aquatics Center Merchandise Aquatics Center Concessions Senior Center Activities	All	3.0% (unless otherwise noted) None None None None None None None
Court	In Person & Phone	3.00%
Court	Online	Keep Convenience Fee as already set up: \$2.00

Please consider:

- Are there services listed above that you do want to charge the service fee on?
- Are there services not listed above that you do not want to charge the service fee on?

8. **Review & Action — Adoption of Wildfire Preparedness Plan; Resolution #2019-16-R**

(20 minutes)

The City Council will review and consider approval of Resolution #2019-16-R adopting the Wildfire Preparedness Plan for Lindon City. Chief Adams will present.

Sample Motion: *I move to (approve, deny, continue) Resolution #2019-16-R adopting the Wildfire Preparedness Plan for Lindon City (or as presented, with changes).*

LINDON CITY

RESOLUTION NO. 2019-16-R

A RESOLUTION OF LINDON CITY, UTAH ADOPTING THE LINDON CITY COMMUNITY WILDFIRE PREPAREDNESS PLAN (CWPP), AND SETTING AN EFFECTIVE DATE.

WHEREAS Lindon City recognizes the need of a Community Wildfire Preparedness Plan for the safety of the citizens within Lindon City and the protection of private property and community infrastructure: and

WHEREAS on June 15, 2017, the Lindon City Council adopted Resolution 2017-14-R, approving a cooperative agreement between the Utah Division of Forestry, Fire, and State Lands and Lindon City for wildfire management effective that date; and

WHEREAS said agreement included that Lindon City would participate in wildfire management activities and prepare a Community Wildfire Preparedness Plan (CWPP) hereby known as the Community Wildlife Preparedness Plan; and

WHEREAS the creation and coordination of the Community Wildfire Preparedness Plan (CWPP) was assigned to Lindon City Police Chief, Josh Adams, who coordinated with the Orem City Emergency Manager, and the Orem Fire Department in the preparation of the CWPP and all compliance requirements; and

WHEREAS adoption by Lindon City demonstrates its commitment to wildfire management and achieving the goals outlined in the Community Wildfire Preparedness Plan (CWPP) and ensures the City follows the plan.

NOW THEREFORE, BE IT RESOLVED by the Lindon City Council, that:

Lindon City, Utah hereby adopts the 2019 Community Wildfire Preparedness Plan (CWPP) as kept on file with the Lindon City Recorder and additionally found on the city website as may be amended from time to time.

Lindon Wildfire Preparedness Plan

INTRODUCTION

Over 600 of Utah's communities have been classified as "at risk" of wildfire. The safety of the citizens of any community and the protection of private property and community infrastructure is a shared responsibility between the citizens; the owner, developer or association; and the local, county, state and federal governments. **The primary responsibility, however, remains with the local government and the citizen/owner.**

The purpose of wildfire preparedness planning is to...

- Motivate and empower local government, communities, and property owners to organize, plan, and take action on issues impacting the safety and resilience of values at risk
- Enhance levels of fire resilience and protection to the communities and infrastructure
- Identify the threat of wildland fires in the area
- Identify strategies to reduce the risks to structures, infrastructure and commerce in the community during a wildfire
- Identify wildfire hazards, education, and mitigation actions needed to reduce risk
- Transfer practical knowledge through collaboration between stakeholders toward common goals and objectives

Outcomes of wildfire preparedness planning...

- Facilitate organization of sustainable efforts to guide planning and implementation of actions:
 - 1. Fire adapted communities 2. Resilient landscapes 3. Safe and effective fire response**
- Improve community safety through:

STATEMENT OF LIABILITY

The activities suggested by this template, associated checklist and guidance document, the assessments and recommendations of fire officials, and the plans and projects outlined by the community wildfire council, are made in good faith according to information available at this time. The Utah Division of Forestry, Fire and State Lands assumes no liability and makes no guarantees regarding the level of success users of this plan will experience. Wildfire still occurs, despite efforts to prevent it or contain it; the intention of all decisions and actions made under this plan is to reduce the potential for, and the consequences of, wildfire.

This document provides the outline for and specifies the information recommended for inclusion in a wildfire preparedness plan.

Lindon Wildfire Preparedness Plan

PLANNING OVERVIEW

On June 15, 2017, Lindon City Council adopted Resolution 2017-14-R, approving a cooperative agreement between the Utah Division of Forestry, Fire, and State Lands and Lindon City for wildfire management effective that date. This agreement included that Lindon City would participate in wildfire management activities and prepare a Wildfire Preparedness Plan (CWPP).

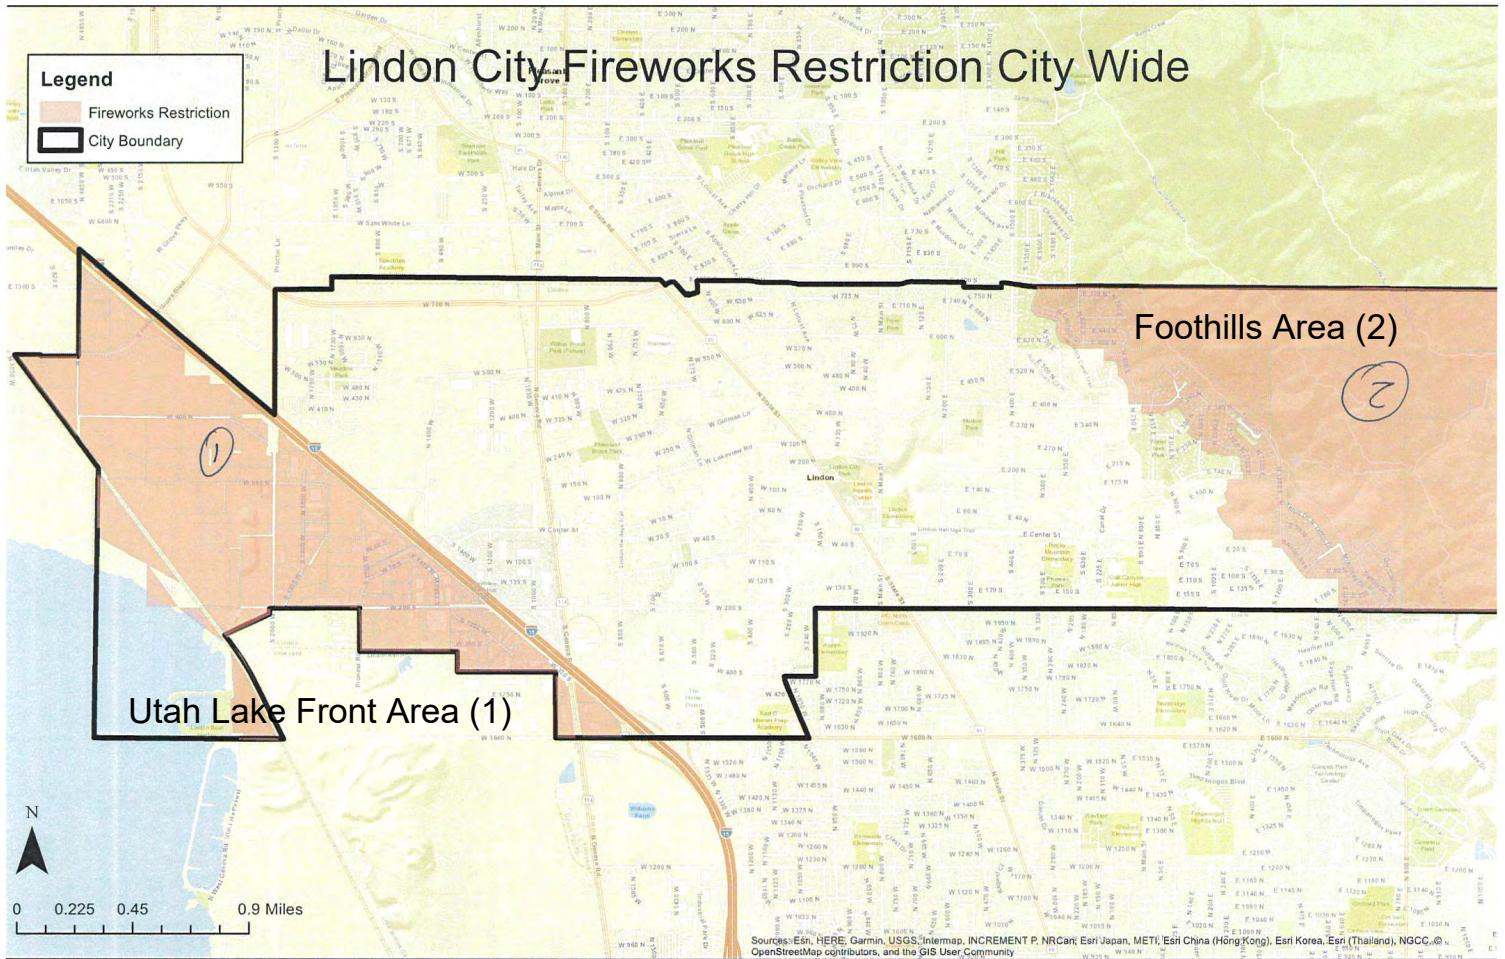

The creation and coordination of the CWPP was assigned to Josh Adams of Lindon Police Department, who coordinated with the Orem Emergency Manager, and Orem Fire Department in the preparation of the CWPP and all compliance requirements, including the fire mitigation goals. This preparation took place between June 2017 and March 2019, with assistance and input from Katie Dibble, Wasatch Front WUI Coordinator with Utah Division of Forestry, Fire, and State Lands.

Two areas within Lindon City were qualified as wildfire mitigation areas: the Utah Lake Waterfront on the western boundary of Lindon City, and the Foothills Area along the eastern boundary of Lindon City. Lindon City had previously designated these two areas as fireworks restricted areas for the same reasons they qualify for CWPP area designation.

The CWPP document was finalized in April of 2019, and presented to the Lindon City Council for adoption on June 4, 2019.

PLAN OVERVIEW MAP Area of Interest

Lindon Wildfire Preparedness Plan

PARTNERSHIPS AND COLLABORATION

Lindon City Council: The Lindon City Council will support the CWPP by carefully considering funding requests related to mitigation projects, requests for equipment, and funding associated with wildland firefighting and the CWPP. The Council will also be an avenue to distribute and receive information related to the CWPP to and from prospective community members and community interests. The Council will also be an advocate for cooperation between City departments as it relates to sharing equipment and manpower to reduce the City's wildfire risk.

Orem Fire Department: Orem Fire will provide technical assistance regarding the locations and recommended specifications of fuels mitigation. Additionally, Orem Fire will assist with tracking "in kind" contributions, provide education for the public regarding wildfire issues, and provide wildfire training for Lindon City Staff. Orem Fire will also review the CWPP on an annual basis and facilitate necessary updates.

Lindon Police Department: LIPD will work with fire department personnel to increase awareness of fireworks boundaries and illegal fireworks training and to increase patrols for illegal fireworks and burn permit violations within the restricted zones of the city.

Lindon Public Works: Lindon Public Works will work with the fire department to increase awareness of firework boundaries and illegal fireworks training and to increase patrols for illegal fireworks and burn permit violations within the restricted zones of the city.

US Forest Service: The USFS will evaluate areas for mitigation action in cooperation with the CWPP members within the community, assist with PR efforts and contribute expertise when possible, coordinating mitigation actions on Forest Service land with partners.
