Mayor Dalton took the time to welcome those who were here and thanked them for coming. He asked if Lee Petersen had anything and he was wondering about getting a building permit to build a shed on his property. Mayor Dalton explained that plans need to be made and taken to the planning and zoning committee. Once they review them and sign off on them then they bring them to the Town Board for approval.

The only thing to report on the roads now is some pot hole patching needs to be done.

Nothing to report on the firehouse.

The overdue water bills were discussed. The clerk will send letters of concern to a couple residents and 3 disconnect notices will be sent out.

The old courthouse had a water leak on their side of the line. The maintenance man read the meters on Wednesday afternoon and by Saturday the clerk seen a huge usage and had him reread the meter. By this time they had used 14,000 gallons of water. The mayor and Paul met with the father of the owner and looked for leaks. They found a leak by the canal. They will replace the meter and watch it to make sure that they have fixed the leak on their side. The total bill was over \$3,000. The clerk will send the bill for full amount to them and if they have any questions to have them call Mayor Rickey C. Dalton.

Councilman Sherm Buck had received some information on radio read meters. He contacted Marysvale to see what their input was and contacted Zach Leavitt with Six County to see how he could help. The cost is \$4,000 for computer software and mobile radio receiver. The meters cost is around \$135 plus \$80 for something. Zach will look into this and see what funding is available. Councilman Sherm will wait to get more information and report further on it.

The ladies that help with the plotting and such for the cemetery have stated that there are six headstones that have been placed and need the reimbursement fee of \$60 sent. The board agreed and the clerk will send out the checks to them.

Councilman Sherm Buck reported on the Drag races that were held on May 7, 2019. The town made \$617 from the races. There was a big question about paying the Town of Junction any money but Mayor Dalton explained it all to them. They said there was a good turn out and the next race will be on June 8th and they are hoping for another one in September. If the drag races turn into a big commercial thing then they will not be able to have them. It is ok to do them as a non-profit organization.

Councilman Bill Merritt stated that there was nothing really to report on the memorial. Zach Leavitt has been working on it. The names will be engraved on the bricks and they will have Army, Navy, Marines, National Guard, Coast Guard, and Air Force flags. There is 105 names so far for this memorial.

The men's restroom at the park will need to have the door replaced soon.

Mayor Rickey C. Dalton stated that Zach from Six County is still working on the ordinance for property cleanliness.

The Clerk received a letter from Piute Recreation for a donation for the program.

MOTION: Made by Councilman Bill Merritt to donate \$300 out of the park to Piute Recreation.
