#	RESPONSES	DATE
1	The city needs to do a better job of maintaining the Big Cottonwood Creek Trail. Specifically the trees and other plants need attending to, and weeds in the area between the path and Big Cottonwood Road need to be eliminated.	9/2/2019 9:05 AM
2	Honesty! Things have a way of creeping up. The round-a-bout: When the plan was told to the residents, it was already a 'done deal' and that money had come in, and no turning back. Ft. Union: Residents wanted it to become walkable and bike-able, with islands in the middle, specified crossing areas, turn lanes (not the center turn lanes), lower speed limit. The City started the Ft. Union Corridor Study a few years ago, and had residents from all 4 districts participated and designed what they'd like, and it was presented to CC. Now, the intersection at Ft. Union and Highland has increased the number of turn lanes, density and heights of buildings are increasing. High-T: When the open house for that at Canyon's Elementary was held, it was already a done deal. Many residents voiced their concerns, it was built as UDOT had planned it anyway, and has since had modifications, and now will be redesigned altogether. Bengal Blvd: Is there a plan to widen that, too? There's been a little chatter, maybe in the future? What is the plan for CH?? Keep it honest!	9/2/2019 8:41 AM
3	Yes, I'd like to address city department managers lack of response to resident street & gutter needs. Specifically, the street and/or sidewalk department head. I've emailed 3 times regarding the city's sidewalk/street entry to my driveway. I understand I cannot do the repair && need the city to respond. I've never gotten a response & the cement is sinking so far visitors may trip & get hurt. What do I do,?	9/2/2019 7:16 AM
4	Before I can vote on these 3 resolutions, I want to know if there is a financial impact; does Ms. Garcia collect a salary or is this a paid position? If so, how much and does it come out of our taxes? What is the financial impact of the East Jordan canal extension on CH taxpayers? Thank you for taking the time to do this Tim. I will do whatever I can to help you get elected as you are a huge improvement over our status quo representative!	9/2/2019 2:24 AM
5	What about you guys start maintaining the neighborhood roads instead of all of this other extraneous crap you are funding? HMM???	9/2/2019 2:09 AM
6	None of these items show the cost, if any, to implement them. Why?	9/2/2019 1:52 AM
7	Sound barrier on Wasatch Blvd , west side, at or near Gravel Pit project.	9/2/2019 1:40 AM
8	Hi, You are not our city council representative. Please remove my email from your listing. This is a great idea though!	9/2/2019 1:36 AM
9	Traffic by Brighton High/ City Hall and heading East toward Butler Middle and Gutherie Skate Park is dangerous to pedestrians and drivers. Is there a way to restripe Bengal and extend the 2 eastbound lanes past the LDS seminary building for curbside drop off for the high school? That way through traffic can get through. The light at 2300 limits the ability for cars to re-enter traffic at the Brighton high bus zone/ drop off zone, when is the traffic circle coming?	9/1/2019 6:35 PM
10	Proposal for term limits for C Hts City Council persons Proposal for a public vote for Police Chief Proposal for term limit for Mayor	9/1/2019 2:47 PM
11	Deny expansion of Wasatch and the roundabout by Brighton unless there is a bridge or underground walkway.	9/1/2019 1:40 PM
12	Why do u delay putting in an interstate freeway system from Nephi to page AZ where the population is in need of this system for merchandise hauling (aka truckers), for the parks in this facility (aka tv's don't know how to drive 2-lanes), and population expansion in Utah... u Waste \$\$\$ on arts?-seriously when we need infrastructure, & house street-folks!!- soon disappointed!	9/1/2019 1:37 PM
13	This is a test comment to see if all the comments really get aggregated.	9/1/2019 12:59 PM

Sept 3rd City Council Public Meeting Agenda with 3 Voting Items

14

I'd like to bring up the traffic and speed problems that are day-to-day on Hollow Mill Drive in Cottonwood Heights. This is dangerous for residents, resident's children and pets.
